Dear Chief Constable

Ref: Establishing Los Angeles Embassy to Significant Religious Object

This is third presentation intended for the Chief Constable of Cambridgeshire Police the previous two provided on enclosed USB pen drive folder <Letters of Introduction/British Government>.

My previous communiqué introduced former Leeds University colleague and UK policeman Neil Andrew Kirk and have since found this photo of Neil from 30 years ago on his stag night in the company of four fellow engineering graduates (the fourth being the photographer), who all shared first year residence in the electrified steel framed Henry Price Flats. I'm seen here demonstrating alternate use of oven gloves.

I wish to share with you a letter intended for my godparents and elder brother Ian Parker together with introductions intended for and provided on USB pen drive folder <Letters of Introduction June 2024>:-

- Mr Donald Trump and Mayor of New York City
- The Church of England c/o Huntingdon Vicar John Randall
- The Scottish National Party and Chinese Consul of Edinburgh
- Foreign Secretary Lord David Cameron
- Home Secretary James Cleverly
- Huntingdon MP Jonathon Djangoly and former PM John Major
- Huntingdon Mayors Office
- Leeds University Vice-Chancellor Professor Hai-Sui
- Newquay Jobcentre Work Coach
- Cromwell Museum Huntingdon
- Brazilian Aeronautical Commission in Europe BACE

I hope you have the time to consider the issues raised, dossiers and videos provided as I persevere to establish the Los Angeles Embassy to Significant Religious Object.

September 2010 I attempted to update a statement provided at request of the British Foreign Office 18 months earlier to Federal Police Officer Chief Delegado Cristiano Bath of Florianopolis Ilha Santa Catarina. This attempt, raising issue of Brazilian laws of national security, resulted in abduction and incarceration in a secure psychiatric hospital and damaging medical experimentation see document '*Advocacy Preparation*' USB pen drive <Letters of Introduction/British Government>. My father and brother held no objection to this method of '**Policing Cover Up**', and I hold belief that if Brazilian Police and my father had been supportive of my actions then some incidents recorded in restricted dossiers '*Establishing Embassy The Anunnaki Conquest of the Free World vol B & C*' may never have occurred. However, consequence of Christiano Bath's actions has been devising of gameshow franchise '*The Time Tunnel*' where past, future, the above and the below combine thanks to the Mayan Dreamspell Calendar of Peace.

Inviting your viewing of restricted video '*The Whore of Babylon or Bob and Rocky part 1*' pen drive folder <ApollobathTV/Oculus Dei> revealing true feelings of the Chinese Government towards Britain which I hope could be healed by inviting Chinese participation into Significant Religious Object(s) introduction into the modern world. Perhaps future policing of Ilha Santa Catarina could be modelled on the Hong Kong Police Force founded by the British in 1844.

Yours sincerely

Graeme Parker
