Dear Chief Constable

**Ref: Establishing Los Angeles Embassy to Significant Religious Object and John Major**

As fourth presentation intended for the Chief Constable of Cambridgeshire Police, following delivery of the third earlier this week to your mail room, I wish to request assistance from the Cambridgeshire Constabulary in making a delivery to former PM John Major at his Huntingdonshire home. My reason being that attempts to deliver an envelope to the Huntingdon Conservative Association has failed due to their office at Centenary House being boarded up, driving out to their address of The Old Print Works, Mill Close, Ramsey I found to be an abandoned property and have had no reply making request to them by email and Facebook for a valid postal address.

I had a chance encounter with John and Norma Major in the summer of 2019 while working with my laptop in the Costa Coffee shop on Huntingdon High St, the couple being accompanied by two plain clothes policemen I introduced myself to the former PM and gifted him an early release of restricted video *The Whore of Babylon or Bob and Rocky* informing him as to use of the music *Holts Planets and Saturn*. Soon afterwards I delivered first presentation intended for Jonathon Djangoly to the Conservative Association office in Centenary House.

I am in a state of belief that this and subsequent deliveries of artwork may have been passed onto the Home Office and brought to attention of Counter Terrorism Officers. The envelope I wish to deliver to John Major includes a USB pen drive of same material as delivered to you on Wednesday plus printed copies of letters intended for:-

- Mr Donald Trump and Mayor of New York City
- Foreign Secretary Lord David Cameron
- Home Secretary James Cleverly
- Huntingdon MP Jonathon Djangoly and former PM John Major
- Newquay Jobcentre Work Coach
- HRH Prince William

My preferred activity being the sport of Surfing I have spent much time since deportation from Brazil in Lanzarote where I believe both David Cameron and the Major's own 'safe haven' properties.

Hoping you understand my burden of knowledge and subsequent generation of artwork and ideas/ proposals for industrialisation and are willing to provide assistance in targeting my delivery.

Yours sincerely

Graeme Parker
