<p>Successful retrieval of Significant Religious Object (SRO) brings with it scientific and engineering breakthroughs. The most immediate are likely to be in the fields of controlled nuclear fusion reaction and genetic engineering.</p>

My previous letter to you introduced Product Data Management service CAD-Collaborate TM, the tale of how I re-located to Brazil to further my engineering career in 1999 is told in formal letter to my godfather retired Group Captain Maurice Arnold.

*Seeking to come off Universal Credit through gaining an engineering contract with the Ministry of Defence that encompasses the manufacture of Gameshow Props..... Residing in a small motorhome parked in front of Celtic & Co on the Treloggan Industrial Estate I intend to share this first letter to the Newquay Town Mayor with my neighbours ABS Engineering, Splinters Carpentry and GSD Welding inviting their skills to convert Time Tunnel board game variant into a TV gameshow prop.*

*Presentation to the MOD includes Launching Banco Atlantida [www.apollobath.org/restricted](http://www.apollobath.org/restricted), one asset being a Range Rover recently purchased from ABS Engineering and I'm proposing a sponsorship deal with Jaguar Land Rover.*

I wish to gift Range Rover KW03 VHX (in need of repairs) to the **Corps of Royal Engineers** as introduction to asset management of **BANCO ATLANTIDA** and the development of inventory software in conjunction with the **Brazilian Ministry of Defence**.

Yours truly,

Graeme Parker
