January 2024

Dear David Cameron

**Ref: Establishing Embassy to Significant Religious Object**

This is my second letter intended for David Cameron, the first was composed in June 2019 as was my first letter of introduction intended for Huntingdon MP Jonathon Djangoly both letters provided on enclosed CD Rom folder <Letters of Introduction/British Government>.

November of last year I distributed artworks and letters of introduction to the following:-

- The Masonic Lodges of Johannesburg and Ilha Santa Catarina
- The Iranian Embassy of London
- The Jamaican Embassy of London
- The Chinese Embassy of Edinburgh
- The Scottish National Party
- Pushkin House London
- British Consulate-General São Paulo
- Cambridge University Vice Chancellors Office
- British Antarctic Survey, Cambridge
- MP for Huntingdon Jonathan Djangoly
- Huntingdon Town Mayor
- Liverpool City Mayor
- Cambridgeshire Chief Constable Rebecca Tipping

Second letter to MP for Huntingdon Jonathon Djangoly included the following paragraph:-

*'Second letter to the Masonic Lodge of Ilha Santa Catarina raises the issue of presentation to CELAC (Community of Latin American and Caribbean States) whose headquarters are in Caracas. Wishing to return to Venezuela via Lanzarote this coming winter I invite your review of dossier 'Camaialot A Chapter 10. Banco Atlantida and the Panama Canal' and am requesting the Conservative Party for introduction to both David Cameron and Richard Branson prior to my departing the UK (David Cameron and John Major both having residences in Lanzarote).'*

Still awaiting response from my hometown MP I am scheduled to fly to Caracas on the 30<sup>th</sup> January and shall be carrying presentation intended for CELAC.

Previous correspondence to Huntingdon Town Mayor concluded with the following paragraphs

*'It was consequence of the death in 1998 of my maternal grandfather Lt Col Lionel Dollery of the Royal Engineers Regiment that I re-located to Brazil to further my own engineering career and in 2020 composed an introductory letter to 'Chief Royal Engineer Lieutenant General Tyrone R Urch' see CD rom folder 'Previous Letters of Introduction'. My approaching British Armed Forces directly would be futile as any correspondence would probably be returned or regarded as hoax material.*

*Re-introduction of my affairs to Mrs Stephanie Qaq, British Consulate General of Sao Paulo informs the reader as to my original endeavour at the turn of the century of communicating engineering projects internationally and my work in designing and developing Product Data Management (PDM) software CAD-Collaborate TM. Attempting to stimulate business in Huntingdon's carbon fibre industry please review document 'Centauri Reboot' and third letter of introduction to the Chinese government - provided on enclosed CD Rom.*

I have been providing office of the Vice Chancellor to Cambridge University material relating to 'Establishing Embassy to Significant Religious Object' since October 2020 and my fifth presentation to Lucy Milazzo is provided on enclosed CD Rom. My first presentation to the British Antarctic Survey HQ also in Cambridge requests assistance in raising an Expedition Party and request your assistance in putting together a team to include members of the British Army Royal Engineers Regiment - see second letter to the Masonic Lodge of Ilha Santa Catarina.'

I have spent most of the winter months parked in my motorhome on Treloggan Industrial Estate, Newquay Cornwall in short walking distance of Morrisons Supermarket and regularly pass their newspaper stand on my way to their toilet and restaurant. On the 15<sup>th</sup> January 2024 my discerning eye was caught by this front page headline of the Daily Express:-

My first letter to you of June 2019 requested permission for using the image below of your wife Samantha in video 'The Whore of Babylon or Bob and Rocky part 1'- enclosed CD Rom folder <ApollobathTV/Oculus Dei>

When David Cameron resigned following the Brexit vote his wife wore symbolism representing Saturn

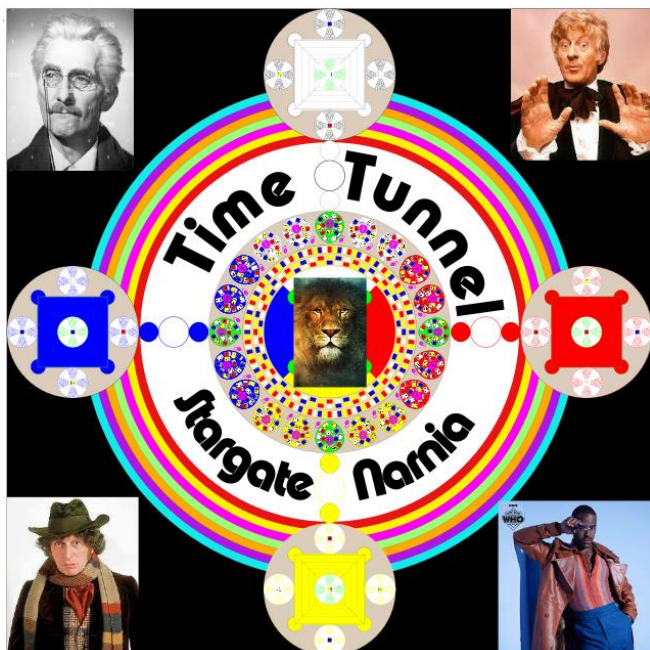

Your image also appears in the following scenes of this restricted video featuring the music of Holst's Planets 'Saturn', as it appears Theresa May first took on the role of 'The Whore of Babylon' during the Chinese State visit 19-23 October 2015 (terminating 69 days before year end)

The Saturn ritual and recent implementations are further explored in restricted dossiers 'Establishing Embassy to Significant Religious Object – Anunnaki Conquest of the Free World parts B & C' - enclosed CD Rom folder <Establishing Los Angeles Embassy>.

I believe your resignation of June 2016 following the Brexit vote was a display of your moral standing as an Englishman wishing to act in the best long term interests of his country, as evidence presented in dossiers 'Anunnaki Conquest parts B & C' reveals 'Rome's Deep State Agenda' of which London and the UK are designated for sacrifice.

Last week utilizing Morrison's free Wi-Fi I expanded gameshow Time Tunnel to a proposed franchising including variants 'Stargate Narnia' featuring Dr Who and Hampton Court Palace and 'Stargate Athena' featuring the Miraflores Palace of Caracas see dossier 'Establishing Embassy – Camaiatol A – Chapter 12. The Time Tunnel Gameshow Franchise'

I have previously used a scene from the BBC's Dr Who in video 'Ice Maidens of Atlantis – Birth of Venus and the A.I. Virus' where Tom Baker confronts Davros as to the use of a genetically engineered virus, the original scene featured Dr Who trying to overpower Davros but is thwarted by an intervening thug dressed as a Nazi. And 'Chapter 26 Seven Horns and a Timeline' of restricted dossier 'Anunnaki Conquest part B' reports that the United Kingdom left the European Union on 31<sup>st</sup> January 2020 the very same day that Covid19 was first confirmed to have spread to Italy when two Chinese tourists in Rome tested positive.

Dr Who was regularly supported on his morally crusading endeavours by the Brigadier and as previously stated *'It was consequence of the death in 1998 of my maternal grandfather Lt Col Lionel Dollery of the Royal Engineers Regiment that I re-located to Brazil to further my own engineering career'*.

My grandfather's World War 2 experience gave him first hand insight as to the horrors of Nazi medical experimentation as his regiment closed down and cleaned out Concentration Camps.

November 2023 I provided the office of Jonathon Djangoly and the British Consulate of Sao Paulo 'Advocacy Preparation' raising issue of the Nuremburg Code for medical experimentation, as I seek prosecution of three Brazilian nationals whose actions have left the front lobe region of my brain in a similar state to that of an Alzheimer's patient.

You spent seven years of interim between Prime Minister and Foreign Secretary as president of Alzheimer's Research supporting those who are challenged daily by forgetfulness.

I know that if my grandfather had still been alive as I fought onset of the same paralysis disease that had taken his daughter's life while unearthing 'The Sword in the Stone', he would have been outraged at the treatment I received from Brazilian Federal Police and influential denial enacted by my father (see first letter of introduction to Cambridgeshire Police).

Recently spending Christmas Day alone on a Cornish Industrial Estate I believe confirms my role in life as an Industrialist, in that the work I do provides work for others to do. Having revealed Iron Curtained storage location of Lightsaber Technology originating from Pharaonic Egypt and beyond, I wish to offer my services to the Ministry of Defence preferably in the form of an engineering contract promoting belief that new age 'Blaster Weaponry' utilises projectiles of 'Copper Thins.'

Kind regards

Graeme Parker
