Dear Councillor Karl Webb

**Ref: Update**

This is my second letter to Councillor Karl Webb, my first was dated 24<sup>th</sup> March and delivered to Huntingdon Town Hall as Councillor Webb held office as Mayor of Huntingdon and is included on enclosed CD.

Since that first correspondence I have provided a concise A3 format presentation titled '*Phoenix Stargate and the Artistry of Divine Rule*', Huntingdon library providing printed copies my artistic portfolio is now at a stage where I can move on to other projects.

My original letter to Huntingdon Mayor introduced a body of four documents:- '*Lifting the Veil*'; '*Anunnaki Conquest of the Free World (A)*'; '*Grail Technologies*'; '*Camaialat*', all grouped under the title '*Establishing Embassy to the Ark of the Covenant, Holy Grail and Caravan of Treasures*' and their viewing at website <https://apollobath.org/page5.html>.

Included with this letter is a second introduction to John Major, introducing the Majors to document '*The Anunnaki Conquest of the Free World (B)*' and his featuring in '*Chapter 16. The Whore of Babylon's Essex Boys, the BBC Death Ray and Operation Himmler 2*' of this document that I am restricting distribution of.

Since my first introduction to Karl Webb the following chapters have been added to this body of work:-

'Grail Technologies': Chapter 10. Iguacu Falls, a Terraforming Dome and the Grail Squadron.  
'Anunnaki Conquest (B)': Chapter 19. Death of the Last Emperor  
Chapter 23. Venezuela and the Two Popes  
Chapter 26. Two Boris's and the End of the All England Club  
Chapter 27. The Number 22 and a Red Horse

Information has come to me for another chapter of 'Anunnaki Conquest (B)' but is of material that I would prefer to save for personal face to face meetings as it supports my request for introduction to NATO and NASA. The material in question pertains to 'alien intervention' that occurred following the United States Army's invasion of Iraq that supports the works of George Lucas to be that of prophecy.

Since my first letter to you I called in at the London office of the Brazilian Aeronautical Commission in Europe <https://www.bace.org.uk/>. Prior to moving to Ilha Santa Catarina in 2002 I had been employed by Embraer at their manufacturing facility in Sao Jose dos Campos. The additional chapter to 'Grail Technologies' introduces modern day seaplanes and ground effect aircraft of which I now have ambition to become a pilot of. Embraer having industrial relations with Shorts Aircraft of Belfast manufacturing the Super Tucano, may wish to embark on a new venture.

I hope Councillor Webb is keeping well and now that he is free from the responsibilities of Town Mayor may consider meeting me in person preferably here at Huntingdon Library and receive a full presentation of proposed gameshow '*Time Tunnel – The Atari Alliance*'.

This correspondence I am also sharing with John Major.

Kind regards

Graeme Parker
