26th June 2023

Dear Councillors Phil Pearce and Karl Brockett

Ref: Establishing Embassy to Significant Religious Object

This third correspondence to the Mayor of Huntingdon being shared with:-

- Cambridgeshire Mental Health PRISM
- Cambridgeshire Police HQ
- Huntingdon Vicar Jon Randall
- Huntingdon Jehovah Witnesses
- Huntingdon Islamic Education and Prayer Centre

My first two letters of introduction to former Mayor of Huntingdon Karl Webb are provided on enclosed CD rom as is material provided in May 2023 to the following:-

- Scottish National Party, Edinburgh
- Chinese Embassy of Edinburgh
- Iranian Embassy of London
- Vice Chancellor of Cambridge University
- Masonic Lodge of Ilha Santa Catarina
- Msonic Lodge of Johannesburg
- Station Commander RAF Molesworth

My first letter to former Mayor Karl Webb, dated 24th March 2022, requested assistance in presentation to the Station Commander of RAF Molesworth – NATO Intel Fusion Centre, as I seek reunion with my elder brother Ian Parker who followed our father's career of aerial reconnaissance. Last month I took this matter into my own hands and trusted the Royal Mail to make delivery to RAF Molesworth's Main Gate, however this delivery attempt was unsuccessful and the package was returned to my Newquay address. I am preparing this letter in Huntingdon Library next to John Major's statue where I have sat studiously for hundreds of hours since deportation from Brazil in 2012 preparing artwork intended to **'Establish the Los Angeles Embassy to Significant Religious Object(s)'**. Provided with this third letter to office of Huntingdon Mayor I am entrusting you with the package intended for delivery to RAF Molesworth hoping that you find the time to review content and consider meeting me in person, package content being:-

- Letter of introduction to RAF Molesworth
- Book 'My Life as a Spy' by Leslie Woodhead
- Birthday card including feather intended for Mr Ian Parker
- Red Maxell USB memory stick

It was consequence of the death in 1998 of my maternal grandfather Lt Col Lionel Dollery of the Royal Engineers Regiment that I re-located to Brazil to further my own engineering career and in 2020 composed an introductory letter to 'Chief Royal Engineer Lieutenant General Tyrone R Urch' see CD rom folder 'Previous Letters of Introduction'. My approaching British Armed Forces directly would be futile as any correspondence would probably be returned or regarded as hoax material. So I wish to invite the office of Huntingdon Mayor to consider assisting formation of an expedition party of which the Royal Engineers Regiment would take paramount precedence and my elder brother's services could be utilised for a topographic land mass study of Ilha Santa Catarina. I am best contacted via telephone number provided at head of this letter.

Yours truly

Graeme Parker
