Dear Mr Djangoly,

My family have resided in your Huntingdonshire constituency since my father's 1973 posting to RAF Wyton and Brampton as a Pilot and Photographic Interpretation Officer, and I was educated in Pepsy House of Hinchingsbrooke School. I have an elder brother named Ian who followed my father's career path of munition targeting and is currently employed at the NATO Intel Fusion Centre, RAF Molesworth. Our mother died of a paralysis disease in 2002 soon after retirement from over 20 years employment at Hinchingsbrooke Hospital and our father (born in Yorkshire of Scots/ Irish descent) died of cancer on New Year's day 2015, both are buried at St Mary Magdalene Parish Church, Brampton. For many years my father was a paying member of the Huntingdon Conservative Club, but had crossed over to UKIP.

Seven years ago I was deported from Brazil, having had an eight year absence from the UK. Accompanied on a British Airways flight by Chief of Police Christiano Bath, his girlfriend, a second Police Officer and Dr Marco (Psychologist to the State Penitentiary of Santa Catarina), this tour party then taking a holiday in the Saint George Hotel, Pimlico. A representative of the British Consulate of Sao Paulo informed me at Gaurulos Airport that I was to be met by my father at Heathrow Airport. However, on my arrival in London I was met by airport social services who provided me with a bag of clothes and £30, a gift from my father and was informed that I am not welcome at the family home in Brampton.

Three periods of Brazilian incarceration (I escaped twice from a secure Psychiatric Hospital) were inflicted due to my attempt on the 22nd September 2010 to update a 'Statement of My Activities' that had been received by Chief Delegado Christiano Bath at the request of the British Foreign Office early March 2009.

During my residency at the State Penitentiary of Santa Catarina I wrote a book and was visited by representatives of the Jehovah Witnesses and Captain Carlos Lima a Public Relations Officer to the Brazilian Army who introduced me to a Catholic Priest and we spoke of the Catholic Saint Francis de Assisi. The main purpose of my second escape from 'Colonia Santana Psychiatric Hospital' was to salvage from Falvella a body of artwork titled 'Time Tunnel – Atari Alliance', Captain Lima kindly returned this artwork to me and it is still in my possession here in Huntingdon.

February of this year I took a second trip to Venezuela, intention being to show commitment to a proposed Venezuelan marriage and test the water as to re-booting a family business initiated twenty years ago that had originally been funded from sale of my Wandsworth London apartment in 1999.

On returning from Venezuela to my Huntingdon residence March 2019, I learnt that I had missed a 'Work Capability Assessment Medical Appointment' in Peterborough, the consequence being cancellation of Employment and Support Allowance and Housing Benefit. As of 25th June I will be of 'No Fixed Abode', having no current income and intending to be a providing husband, I am now seeking alternate sponsor for my activities.

'Time Tunnel – Atari Alliance' is a proposed Gameshow built around combining Mayan and Rosecrucian (playing card) Astrology. The Mayan astrology is popular among young Argentinians who enjoy identifying one-another by their birthdate 'Kin'.

The world defined by the Gregorian calendar can be viewed from a higher perspective when adhering to the Mayan 13 Moon Calendar of Peace and the 260 day 'Tzolkin'.

Your birthdate of 3rd June 1965 identifies you as contestant 'Blue Spectral Monkey - Ace of Spades' and I enclose your invitation to the Time Tunnel. With this letter is enclosed a book 'The Mayan Prophecies' as your 'Kin' or 'Galactic Signature' matches that of Jose Arguelles who's genial gift to the world had been re-inventing a fascinating calendar and it's astrology for today's generation.

Theresa May's Kin of 'White Harmonic World-Bridger' matches that of Sir Jimmy Saville and I have fallen to the temptation of being an aspiring artist and produced music video 'Oculus Dei -The Whore of Babylon or Bob'.

An artist's brain is his heart, to preserve sanity an artist needs to release his work to relieve his mind and continue reflecting his pursuit of beauty and it's truth. My generation has gifted mankind a world wide (spiders?) web of silicon fibre, a consequence being younger generations are currently able to choose who and what they want to believe, the truth eventually conquers all and we are all born with truth in our hearts.

The book I wrote in an isolation cell is titled '*I know ya gonna dig this - how and maybe why the Ark of the Covenant's storage location was identified*'. I am reluctant to publish it as I could be wrong and be branded an ugly liar, but believe the most enduring statements are the following examples of divinized experiences had while digging a 'Bottomless Pit'.

'Bodily flying the Heathrow landing corridor I enter the BBC - flying down into a cellar my body is analysed for video gaming - the pixels become microscopic tunnels - I am now a video game footballer trapped in a computer graphic world - stuck in a replay loop with a faint memory of a freer life.'

*'I am aboard a Galactic Cruiser passing over London from West to East - but is a London re-built following Nuclear Destruction, buildings are of Masonic Temple - Pyramid type structure - Queen Elizabeth II and former engineering colleague Roy Surrey appear - their eyes are like bottomless pools - he says 'You're the **** Graeme' I feel shock as to post nuked London I ask 'What year is this?' - the reply - 'Year 240' . (Roy Surrey is a native of East London)'*

'A Personal Computer - it grows a clear creepy hand of silica and reaches out for a bubble of consciousness.'

'American Comedian Robin Williams is dressed in carbon fibre cap and cloak, a fiery world, he is stood outside the entrance to a steel doored tunnel. The Tunnel twitches and has consciousness, Robin asks the question 'Where did we as mankind go wrong?' - The Tunnel replies 'The invention of the Printing Machine.'

'British Prime Minister James Callaghan alongside the Lagoon of Lagoa de Conceicao - he being offered Presidency of the Soviet Union by means of a Golden Envelope.'

President Kennedy said 'Don't ask what your country can do for you but what you can do for your country'. Sadly he suffered the same fate as Abraham Lincoln did for speaking out against Secret Societies and opposing Jesuit lead 'Roman Catholic Doctrine of World Governance by One Ruler'. A doctrine that for it's inception, may be currently seeking to significantly reduce global population by triggering World War 3 and I believe to be the true reason for Brexit.

'The greatest trick the devil ever pulled was convincing the world he didn't exist'

Seven years of receiving UK Social Security Benefit has enabled me to improve my athleticism, musicianship and produce a portfolio of comedy videos. My future may be as a candidate to fulfil the potentially upcoming position of 'The Los Angeles Ambassador to The Ark of the Covenant'.

But in the meantime I am requesting the Conservative Party for introduction to Sir Richard Branson, as I have been witness to a beach exodus and the incredibly harrowing sight (for an Englishman) of famine effecting stray dogs, abandoned by their Venezuelan families who have fled the country. Desiring to open a Dog Sanctuary on Ilha Margarita I do not wish to see a beautiful paradise become a WW3 battleground and more of man's best friends needlessly starve to death.

Perhaps the best thing I can do for my country is provide it with a guide for retrieving the Holy Grael (Nuclear Fusion Combustion Cauldron), the guide I believe being stored in a Brazilian mountain top cave next to the 'Sword in the Stone' and recommend it be passed into the possession of a Yorkshireman.

Yours truly,

Graeme Parker of Huntingdon
