Dear John and Norma

A couple of weeks ago, through chance encounter at Huntingdon Costa Coffee shop, I introduced you to my burden in life of having found the storage location for the Ark of the Covenant, it's caravan of treasures and a guide for retrieving the Holy Grael (a nuclear fusion combustion cauldron).

Seven years ago prior to being escorted out of Brazil, rather than taking an investigative hike the Brazilian Federal Police chose to house me in an isolation cell of the state penitentiary for Santa Catarina. This third incarceration resulted in my scribbling an autobiographical tale of how life had taken me from Brampton Village to a Bottomless Pit on top of a mountain central to Ilha Santa Catarina.

The underlying story of this tale is how key passages of printed text take command of our movements in life. For example - a Leeds University Prospectus took me from Huntingdon to Yorkshire; The Yorkshire Evening Post newspaper took me to Halifax and employment with an Iranian carpet fibre manufacturer; A Los Angeles newspaper took me to a Santa Monica nightclub and chance encounter with Fabiana Capel from Sao Paulo etc... a theme I hope other people could relate to and contemplate how in such a short space of time the printing machines power and influence over peoples movement has risen.

Truly free spirits I believe are impossible to contain. Soon after arriving in Brazil twenty years ago I had this life changing experience after getting drunk in a Leblon nightclub owned by footballer Romario, I had spent the evening alone drinking Jack Daniels and Coca Cola sat under an England football jersey once owned by Paul Gascoigne.

Returning by taxi to a hotel room in Impanema, crashed out on the bed, whilst fast asleep I had this experience.

"In the backseat of my fathers car – Dad is driving to pick Mum up from her work, Mum enters car.

- I ask 'Where are we?'

'Twenty miles south of Glasgow' the reply –

<dream continues>

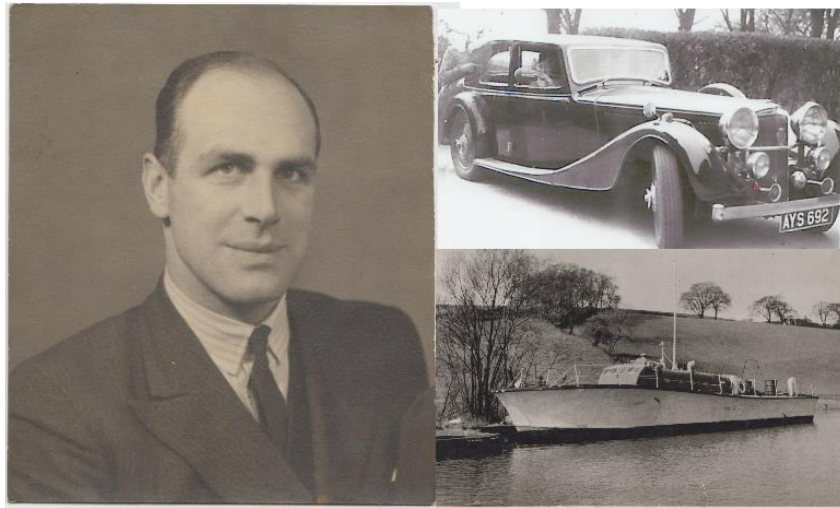

Entering a stone tomb – following my father I descend steps – to my right are stored specimen collections of small mammals and birds. My father takes my hand his face turning towards me – his green eyes become points of fire.

All the specimens turn to dust – choking – I awake bathed in sweat and experience a phantom exit my body. The spirit being hangs in the air at the foot of my bed to the left. Expressing disgust for my state of being – conveys a desire to breed.'

A couple of weeks later in Sao Paulo, sleeping with the window open, I sense the phantom flying through the forest with the natives. Entering my room it pins me by the shoulders to the head of the bed. – I cry out –

'F*** off and leave me alone – you're a Sinclair!'

On packing my bags for Brazil my mother had shown me a rare photograph of Grandad Parker who had died about 12 years before I was born.

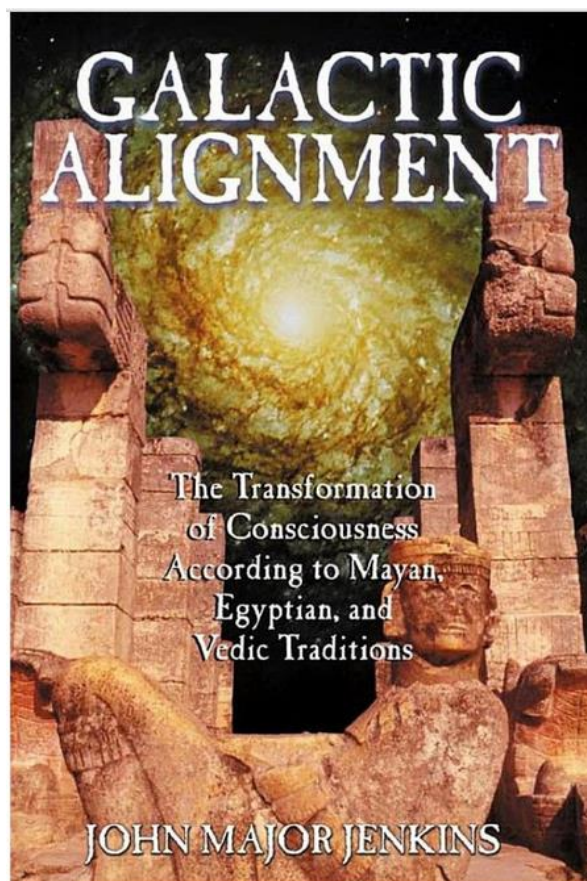

Dr Robert Parker had been a Clansman and won trophies in Highland Games.

My business intentions on moving to Brazil were to communicate engineering projects via the internet, however I discovered that the consequence of having had an ancestral phantom leave my organic body was that sending emails would set up dreamed experiences.

To help understand this phenomena I studied Yaqui Indian Shamanism as taught by The Lessons of Don Juan – Carlos Casteneda.

Being from Huntingdon I also purchased this book authored by a John Major Jenkins....

John Major Jenkins introduced me to the Mayan Long Count calendar. Their 13 moon calendar and 260 day Tzolkin has been recently 're-invented' by Jose Arguelles and marketed as 'The Calendar of Peace'.

In my introductory letter to Jonathon Djangoly I introduced him to the fact that he shares the same 'Kin' identity as Jose Arguelles – that of a Blue Spectral Monkey.

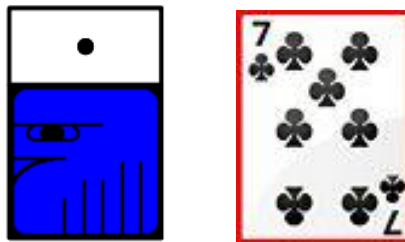

My first escape from Santa Catarina's Lunatic Asylum was assisted by the Argentinian Jessica Murillo – wife to local 'Indian Chief Allesandro de Sousa'.

Jessica is an expert in the Calendar of Peace and her astrology teachings influenced me to create 'Time Tunnel – Atari Alliance' a proposed Gameshow and Video Game introducing the Awakening of the Ark of the Covenant to persons who hold an interest.

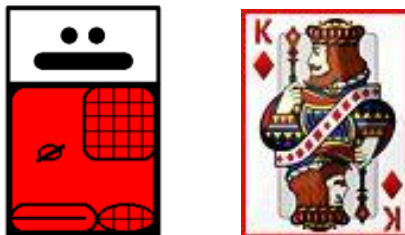

With this letter I'm providing invitations to John and Norma Major of Huntingdon – identifying Time Tunnel contestants by their Mayan Kin and also a birthdate playing card. It is with thanks to Huntingdon Library and the book 'The Power of Playing Cards' that the format of 'Time Tunnel – Atari Alliance' has been greatly enhanced by identifying contestants by both there Mayan Kin and their Birthdate Playing Card (a Rosecrucian astrology).

Thanks to Wikipedia providing birthdates and this website www.lawoftime.com/decode

Sir John Major of Huntingdon is identified as a Blue Magnetic Eagle – Seven of Clubs

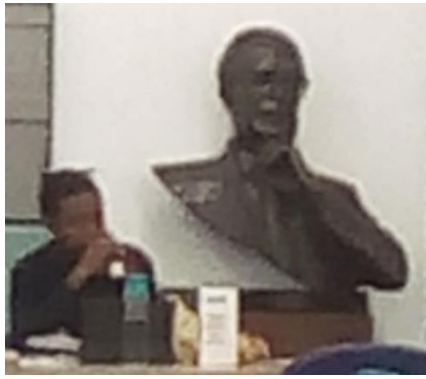

and your wife Norma is a Red Resonant Serpent – King of Diamonds

If Norma had been born a day later she would be identified as a White Galactic Worldbridger – the same as Hilary Clinton!

Coincidentally Jessica Murillo a hero to the purpose of the Calendar of Peace is also a Blue Magnetic Eagle – and not much passes her watchful eye.

Here are some photos of original concept artwork 'Time Tunnel - Atari Alliance' showing John and Norma Majors' 'Enchanted Wave Eggs' – taken in Huntingdon Library first floor under the watchful gaze of a statue dedicated to a Blue Magnetic Eagle....

This body of artwork was delivered to me at the State Penitentiary of Santa Catarina by Captain Carlos Lima public relations officer to Brazilian Army and I would very much like to make presentation of it to the Major Family.

Thanks to Huntingdon Library free Wi-Fi a study of well known people's Mayan Kin and their respective Castles has been created and can be viewed at :-

I recall you once served as Chancellor of the Exchequer so wish to invite your interest to 'Banco Atlantida' – whitepaper included on CD.

Hoping to hear from you I am best contacted by telephone 0788 1625 113.

Kind regards

Graeme Parker

P.S. - It was all thanks to the 'Gazza Strip and a bottle of whisky' that the world's hottest property was found!
