Dear Lucy Milazzo

26th July 2021

Ref : Opening liaisons between the Federal University of Santa Catarina, Brazil and the Cairo Museum, Egypt.

As a second presentation to the University of Cambridge I wish to present as a gift to Professor Troope a book of Collected Ghost Stories written by Montague Rhodes James, Vice Chancellor of Cambridge University from 1913 to 1915.

My first correspondence to you was delivered during October 2020 – since then I have completed a set of promotional videos and a document titled : **'Oculus Dei – Establishing Embassy to Significant Religious Objects (SRO) Ark of the Covenant, Holy Grail and Caravan of Treasures'**.

Prior to deportation from Brazil in March 2012 whilst incarcerated in the state penitentiary of Santa Catarina, I was visited by Captain Carlos Lima – Public Relations Officer to the Brazilian army he being accompanied by a Catholic Priest. Captain Lima kindly returned conceptual artwork for proposed gameshow **'Time Tunnel – Atari Alliance'** with which I returned to England. Captain Lima has since moved into politics and a copy of the CD enclosed is being posted to him.

The book of ghost stories came into my possession during lockdown as Oxfam in Huntingdon gave away free books from a box on their doorstep. One story features a priestly character seeking guidance by flicking through a Holy Bible and taking note of three separate passages selected by chance.

During my stay in the state penitentiary I drafted an autobiographical tale of how life's path had taken me from childhood in a Cambridgeshire village to a dingy Brazilian prison cell. The story revolved around how exposure to key passages of printed text guided life's journey – one example being as a sixth form student a prospectus for Leeds University took me to a period of life in Yorkshire.

While employed in Gatwick as a Design Engineer for a French Flight Simulator company 1998/1999, three books purchased from a Clapham Junction bookstore guided me to archaeological discoveries on Ilha Santa Catarina (Florianopolis) – 'The Hyrum Key' (origins of Scots Freemasonry), 'The Fire Within' (Mexican Shamanism) and 'Fodders Guide to Brazil' (taking me to Joaquina Beach – Brazil's premier Surf spot overlooked by a mountain carved with pyramid type geometry).

Sixteen years have now passed since a credit card was used to initiate a studios project in Lagoa de Conceicao, Florianopolis. Receiving monthly Universal Credit payments, I am currently being pressurised by Huntingdon Jobcentre Work Coach – Lucy Mapplethorpe – to find paid employment. With the presentation provided I am requesting that your office take a positive interest in discoveries and consider pointing me in the right direction to continue my work.

Kind regards
