

Mr. Ma Qiang  
Chinese Consul General in Edinburgh  
55 Corstorphine Road,  
Edinburgh EH12 5QG

1<sup>st</sup> May 2023

His Excellency Mr Ma Qiang,

This is my second letter of introduction to the government of China, the first is recorded on enclosed CD Rom. Last year I introduced four dossiers and associated artworks grouped under the collective heading **'Establishing Embassy to Significant Religious Object(s) Ark of the Covenant, Holy Grail and Caravan of Treasures'**, dossiers titled **'Lifting the Veil; Camaialot; Grail Technologies; The Anunnaki Conquest of the Free World'**. These have now expanded to include *Camaialot B* and *Anunnaki Conquest C* – dossiers are available for viewing at website [www.apollobath.org](http://www.apollobath.org) - link - *Crown Office and Embassy*, due to their content dossiers *Anunnaki Conquest B & C* are not available via website but included on enclosed CD.

- The Scottish National Party
- Vice Chancellor of Cambridge University

Current asset to **BANCO ATLANTIDA** [http://apollobath.org/docs/Banco\\_Atlantida.pdf](http://apollobath.org/docs/Banco_Atlantida.pdf) is this aging bone and bamboo Mahjong set and am seeking assistance to present this as a gift to Jackie Chan, who I have much admired since witnessing his performance 'Dance of the Drunken Master'. The internet informs me that Mr Chan is a keen gambler, antique collector and tech entrepreneur. Dossier *Camaialot A - Chapter 3 - Database Camaialot and Four Businesses* provides specification of a series of Casino games rooted in the Calendar of Peace and Rosicrucian Cardology. Possession of this Mahjong set has seeded thought that gaming variants could be developed replacing Cardology with Mahjong.

Included with this presentation is an invitation for Mr Chan to proposed gameshow *Time Tunnel - Atari Alliance*, Jackie identified as *Ace of Spades – Kin 99 Blue Galactic Storm*.

When the lockdown age commenced I remained in my hometown residing in a small motorhome up until last November from when I took winter lodgings funded by Social Services here in Newquay, a Russian owned hostel the prices go up in May and I am making plans to travel to Scotland, hoping to make acquaintance in person with the SNP and any representative of Chinese government this summer.

Letter intended for the Masonic Lodge of Ilha Santa Catarina introduces an autobiographical tale scripted while residing in the State Penitentiary of Santa Catarina, raising interest as how key passages of printed text lead us humans from one chapter of life to another, a phenomenon experienced since the invention of the printing machine.

This year has seen the roll out of 'AI Chatbots' whose ability to model language, generate computer code and create artwork is raising issue of AI's governance. Today a computer's ability to influence human behaviour is providing 'Rise of the Machine' a cunning advantage.

In a recent interview, Elon Musk <https://www.youtube.com/watch?v=MpSvyWLEu8M> stated the need for contingency plans as AI becomes more powerful and influential. Elon goes on to say that Google co-founder Larry Page sought to build a "digital God, if you will, as soon as possible." "I said, 'we got to make sure humanity is OK here' and then he called me a 'Speciest,'" Musk said. 'For one species over any other.'

In my mind, this conveys that the mentality driving A.I is placing the nurturing of a silicon based lifeform above that of organic life's survival and provided in dossier '*Camaialot B - Chapter 8*' is relevant storyline and I invite your viewing of video '*The Whore of Babylon and the Rise of A.I*' available in folder '*ApollobathTV – Oculus Dei*'. In a not too distant past this would have been referred to as Raising of the Devil.

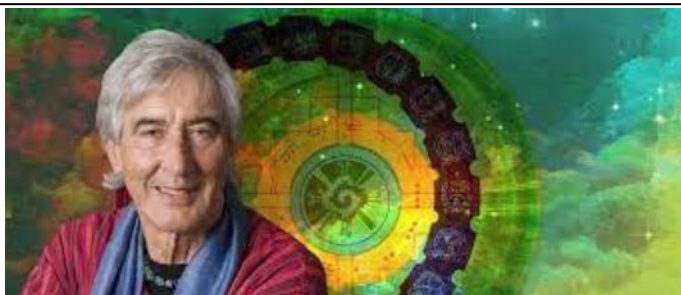

Guided by a Foders book about Brazil in 1999, I visited Lagoa da Conceicao, Ilha Santa Catarina and this was the first time I experienced a conscious lift on crossing the islands central mountain. A forested region that seven years later I would be getting lost in after having learnt to Surf at the beaches the pyramid shaped mountain overlooks - Praia Mole and Joaquina – see dossier '*Graill Technologies - Chapter 6*'. During this first visit I purchased two books from a second hand 'livraria', they being Herman Melville's *Moby Dick* and a substantial guide *Learning to Speak Chinese*, which provided the student a comprehensive amount of sayings to get through a Chinese life without learning the language characters but by pronouncing the required saying phonetically.

I read *Moby Dick* over the New Year 2000 celebrations on the beach in Sao Paulo, I believe Herman Melville wrote it as an analogy of the USA. The ship is the nation, the crew a population of runaways and renegades for a captain a devout Christian preaching one legged Quaker, but what they are pursuing is Yahweh the Great White Truth. The unabridged copy I read details the minuscule analysis, dissection and usage of every piece of a dead whale. But why is Ahab pursuing the Great White Truth? Answer - Vanity – *Moby Dick* had bitten off his leg, the crew's pursuit is driven by vengeance and the tale ends with Yahweh turning on the ship and smashing it to smithereens.

Dossier '*Camaialot A*' concludes with Chapter 16. *Fisher Kings and Matthew, Mark, Luke and John*. This chapter features a Brazilian national named Diego who befriended me at a Hare Krishna Temple whose owner taught Tai Chi and the Eagle Claw technique of Kung Fu. Diego a dedicated student of Kung Fu, could do the splits and to study his art had spent a period of time in mainland China. Diego was the only Brazilian national who acted in best interests of mountain top discoveries, having me guide him through the forest to storage location of the **Sword in the Stone** and accompany me into the local army barracks to confirm discoveries. The Brazilian Army denying access to their premises to any foreign national without proper dress shoes unaccompanied by a Brazilian national.

I experienced 14 years of life in Brazil and towards the end I had become very tired of repeatedly hearing the same expression insulting my mother '*Gringo, filho de punta!*' accompanied by a spitting of saliva, a mentality that concerns me if Brazil takes advantage of the greatest gift a nation could receive and go on to become a '**New Age Superpower**'.

Diego was a student of Chinese Medicine and Shamanism, a course of study provided at the Universidade Federal de Santa Catarina (UFSC) a campus to which I introduced mountain top discoveries to departments of Physics, Geology and Environmental Engineering. Unfortunately (as with the army and police) no representative were prepared to hike to the archaeological dig site unearthing military installations of the 14<sup>th</sup> century.

Dossier *Camaialot A - Chapter 11 – The Wormwood* details the paralysis disease I experienced onset of in 2005 and curing found with traditional indigenous medicinal compound *Flor da Amazonia*. This remedy purchased from a street vendor blind in one eye, a medicinal compound no longer purchasable from street vendors as Brazilian government health authority has deemed this ancient knowledge unsafe for human consumption.

The final appendices of dossier *Anunnaki Conquest C* details injuries sustained following Federal Police selling my body for medical experimentation to the Roman Catholic Church. Distressingly the shrinkage caused to my brain deteriorated last year and I have been forced to cease cold water surfing. This last winter, thanks to the internet and YouTube algorithms feeding me knowledge while a Russian owned hostel kept me warm, I have commenced use of traditional Chinese remedy *Lion's Mane* in hope of this special fungi performing neurogenesis.

Why Learning Chinese in 2023 Gives You The Advantage

YouTube's rising AI fed me Cambridge University medical student Izzy Sealey  
[https://www.youtube.com/watch?v=UFRhG2-\\_Pic](https://www.youtube.com/watch?v=UFRhG2-_Pic)

In this video Izzy provides five reasons to learn Chinese, her fourth being the stimulus provided to the brain through learning Mandarin assisting neuroplasticity by changing the brains structure and forming new neural connections.

Almost 13 years have passed since my brain could enjoy alcohol, which as an Englishman with significant Scots/ Irish ancestry makes me a bit of a social outcast. However, exploring further traditional Chinese medicine could bring me closer to the physical feats demonstrated by Jackie Chan the original 'Dancer of a Drunken Master'

I hope Chinese government takes a positive interest in discoveries made on Ilha Santa Catarina funded by the Hong Kong and Shanghai Banking Corporation and consider playing a hand in moulding Brazil's future, perhaps Tencent Holdings Ltd would have time to teach me Mahjong if Jackie is otherwise engaged.
