Dear Jon Randall

Ref: Establishing Embassy to Significant Religious Object and Burying My Father

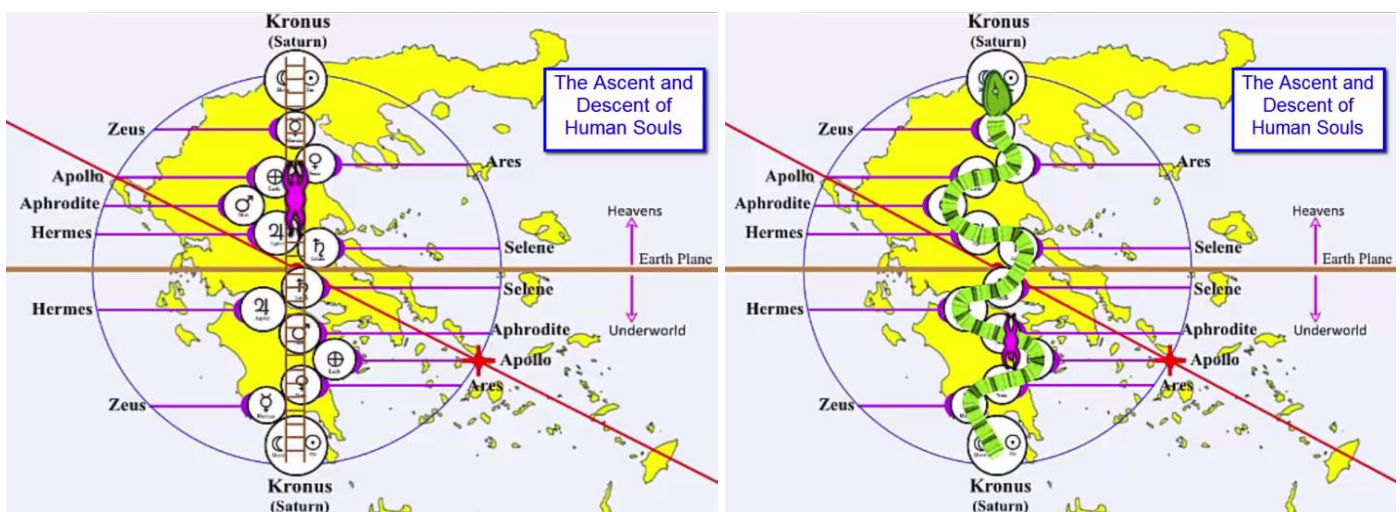

I have often enjoyed hearing your Sunday morning preach on HCR 104 FM as I prepare for playing tennis at the Huntingdon club on St Peters Road and my letter to you of 26th June 2023 invited your attention of dossier 'Establishing Embassy – Camaialot B - Chapter 9 The Awakening of the Sacred Fire within the Ark of the Covenant' USB pen drive folder <Establishing Los Angeles Embassy>. This text provided by British artist Damian Nola in 2005 and my study of which resulted in successful archaeological expedition and supporting studios project – Ilha Santa Catarina, Brazil. Mr Nola convincingly channelling Twelve Wounds of Humanity via Arch Angel Metatron, of which the Eighth Wound states:-

*'The Eighth Wound or Cosmic Memory that all beings upon the earth are assisting within the transmutation of at this time relates then into the crown chakra and the veil of illusion placed between the multi-dimensional bodies of light and the four body system of the mental, emotional, physical and spiritual matrices of form. This wound came into being upon the earth with the sense of **persecution** perpetuated against their soul gifts as manifest through such abilities as clairaudience, clairvoyance and divine manifestation – causing a gradual closure within humanities mass consciousness to the truth of their multi-dimensionality'.*

Persevering to succeed in establishing the **Los Angeles Embassy to Significant Religious Object** I wish to draw your attention to 'Oculus Dei – Proposed Governing Council and Charity' introduced on website www.apollobath.org and provided as part of printed A3 presentation 'Stargate Phoenix and Artistry of Divine Rule Management'. Three proposed founding fathers and mothers being George Lucas, James Cameron and J K Rowling who have avoided persecution and enjoyed highly successful careers as story tellers.

Trusting you as a Priest with confessional document 'For Personal Friends' provided on enclosed USB pen drive, I invite your review of the consequence of my studying the works of American anthropologist Carlos Castaneda and methods of divination taught by the Mexican Indian Don Juan conveying knowledge and techniques from the *Seers* of ancient Toltec times.

In promotional video 'Oculus Dei – The Fall of Man and Return of Our Jedai part 1' USB pen drive folder <Apollobath TV/Oculus Dei> are presented the ascent and descent of human soul:-

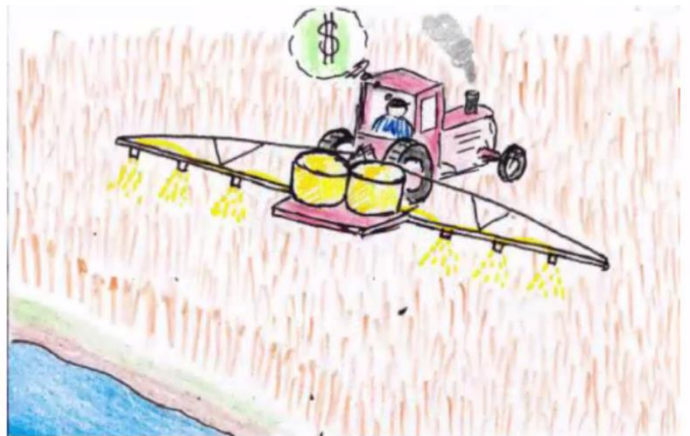

One soul local to Huntingdon that has failed to ascend or descend for several centuries is that of the Nun's Bridge Ghost and dossier 'Establishing Embassy – Camaialot A – Chapter 16 Fisher Kings and Matthew, Mark, Luke and John' records encounters while sleeping in a motorhome parked in Huntingdon, our final communion conveying the message 'You don't respect the dead!' from which I awoke perplexed 'Is that just me or British society in general?'

Provided on enclosed USB pen drive folder <Letters of Introduction/British Government/Wormwood> can be found details of my mother Wendy Mary Parker's death of November 2002. Soon after departure, mother conveyed her denied access to Middle Earth due to having spent time working as a typist in a Bank feeding rise of the machine and that her death had been caused by an infection of parasitic worms the size of a neuron. A consequence of brushing her teeth with contaminated water in Brampton, the parasite entering bloodstream via bleeding gums. Twists of fate, my mother had had a serious motor accident just before marriage as she crashed her car into a tree smashing her teeth on the steering wheel, resulting in the use of dentures forever more. In respect to the Flower Princess I have created video *'The Golden Dolphin and the Wormwood'* USB pen drive <Apollobath TV/Historical> from which the following screenshots were devised after this experience:

'I am in the back garden of Parker family home at Layton Crescent hitting golf balls into the neighbouring field, Brazilian aerospace work colleagues from Connecticut are sat at the patio table discussing technological advancement. I am shown the word titanium engraved on the golf club as a huge black and red serpent descends from over the garage roof and the heads of Connecticutians, as it winds through the garden into the drainage ditch it leaves puffer spores of a deadly nature and I see my mother deceased with her head submerged in the ditches water.'

For as long as Owl could remember there was a Flower Princess who fed the Bees and their Sweet Honey production.

The Electric City's culture had convinced farmers that exploiting the soil was the right thing to do...

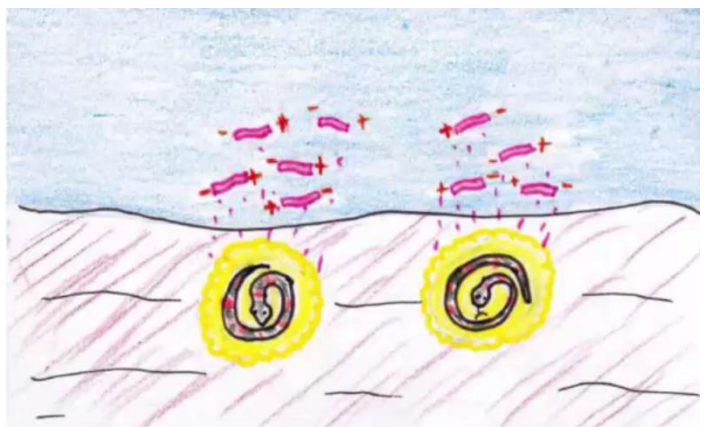

But when it rained fertilizers containing Nitrates, Phosphates and Titanium ran off the fields into the rivers and lakes.

These contaminants encouraged Algae growth on the water surface preventing sunlight reaching other plants which then died. Bacteria broke down the dead plants and used up the oxygen in the water, leaving the rivers and lakes stagnant and lifeless.

When a Star fell upon the Waters, a Cosmic Serpent buried itself in the sludge below the rivers and lakes.

The Serpent seeding a lifeform known as "Wormwood", a worm the size of a Neuron.

Inviting your study of first introductory letter to Huntingdon MP Jonathon Djangoly of June 2019 USB pen drive <Letters of Introduction/British Government> as it includes the following experience:

'American Comedian Robin Williams is dressed in carbon fibre cap and cloak, a fiery world, he is stood outside the entrance to a steel doored tunnel. The Tunnel twitches having consciousness, Robin asks the question 'Where did we as mankind go wrong?' – The A.I Tunnel replies 'The invention of the Printing Machine'.'

Returning to Brazil from a South African surf trip November 2004 I experienced rupture of left side vas-deferens and semen entered my blood stream under the sight of the mountain central to Ilha Santa Catarina – an act of god? Onset of the same paralysis disease that took mother's life commenced and I held belief of having 2 to 3 years left to live. Consequence being use of a gold HSBC credit card in 2005 to begin a studios project in support of an archaeological expedition that proved successful, statement of archaeological excavation sites provided in dossier *'Establishing Embassy – Grail Technologies'*.

The experience causing this internal rupture and infection of Neurol Worms – The Wormwood - a worm that turns you to wood:-

'I am living in a London apartment with Hannah from Bahia, Hannah is lacing new calf length boots – my soul speaks out – "I am only with you for your food"' – see also dossier *'Establishing Embassy – Camaialot A - Chapter 16 Fisher Kings and Matthew, Mark, Luke and John'*.

Seven years later following first escape from the Colonia Santana Psychiatric Hospital (see document *'Advocacy Preparation'* as to abduction by Brazilian Federal Police and damaging experimental dosage of an anti-psychotic). Easter of April 2011, a bowels infestation of Ascaris Worms brought me to within a few hours of death - see document *'Injury Report'* <Letters of Introduction/British Government/Cambridgeshire Mental Health>

Dossier *'Establishing Embassy – Camaialot A - Chapter 12. The Time Tunnel Gameshow Franchise'* provides storyline for game variant **'Time Tunnel - Stargate Narnia and Dr Who'** featuring the Tudor's Hampton Court Palace as focal point to a stargate and plot of defeating the Cybertronian Driller. This machine having previously been introduced to the masses in movie *'Transformers Dark of the Moon'* of which Stephen Spielberg was an Executive Producer. My first dream experience of this horrific artificially intelligent monster occurred in January of 2024 while sleeping in my motorhome parked on a Newquay industrial estate. The dream also featured Star Wars' Yoda mashed to a pulp by counter rotating rings of teeth on the body of the Cybertronian Driller, the eternal soul of a single Yoda eye staring throughout and surviving. As the monster emerged to the surface it transfigured into an image of the Devil the size of a skyscraper.

The subterranean nest excavated by the Cybertronian Driller originating from beyond our Crater Realm.

I successfully defeated worms the size of a neuron with medicinal tea and worms the size of a pencil with albendazole but I need assistance to defeat a third A.I. worm the size of a skyscraper.

Dossier 'Establishing Embassy – Grail Technologies and Chapter 6 The Ark and the Eye of God' presents:

The logo for PAX CHRISTI (Ω Omega) translated from Latin to Greek provides the letters αρχω which in English gives the word 'Archo'

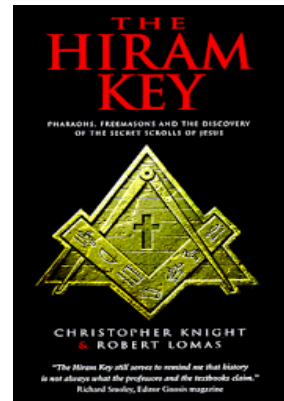

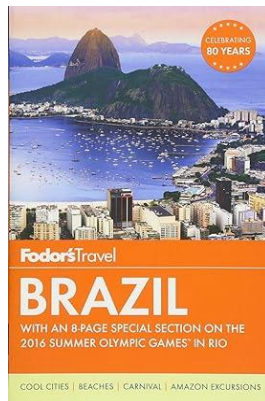

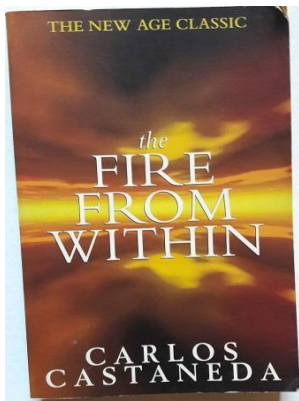

Archo

Three closed entrances to mountain tunnel system – a portal to a Saxon kingdom of middle earth.

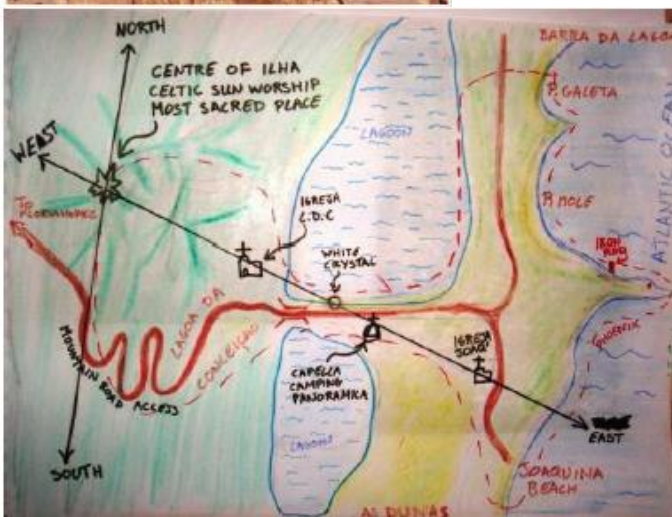

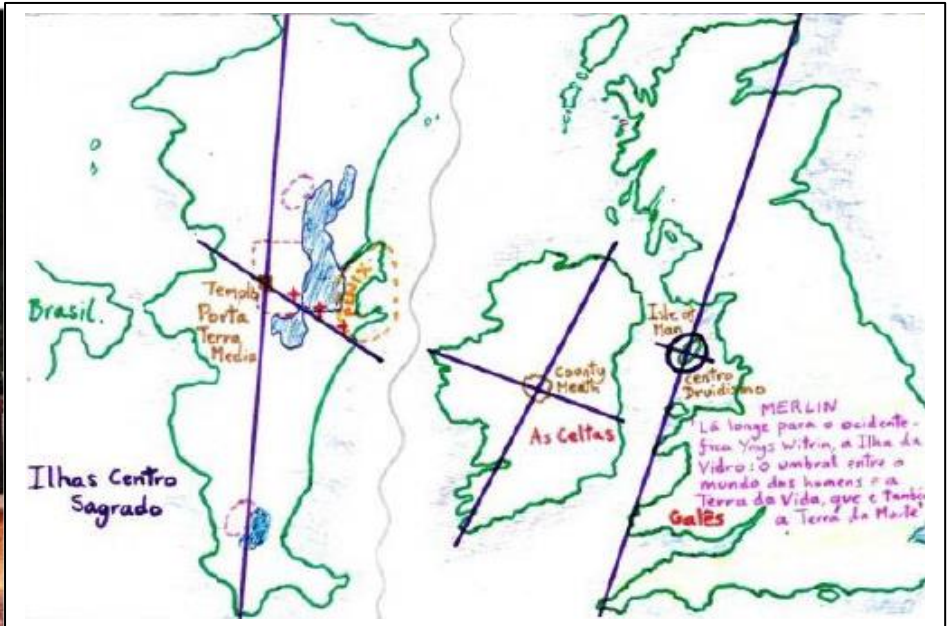

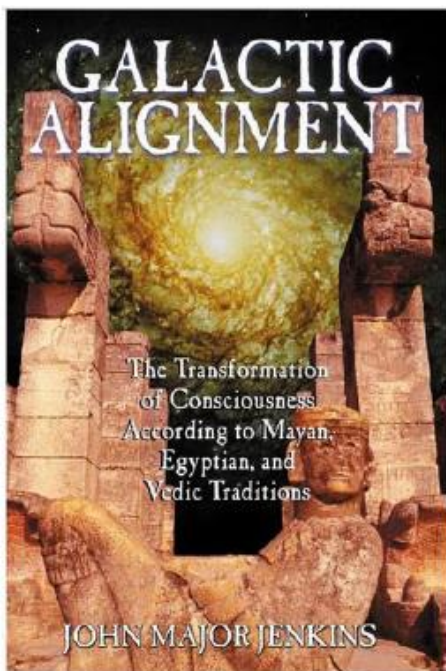

Grail Rock and fragment in Lightsaber used to create 'Arcs of Consciousness'

During incarceration in the State Penitentiary of Florianopolis Ilha Santa de Catarina prior to deportation March 2012 I wrote an autobiographical tale of how life had taken me from a Cambridgeshire Village to a Brazilian jail cell. Theme of story being how key passages of printed text take us from one episode of life to another (one example being a Leeds University prospectus steering life from Brampton to Yorkshire in 1988) and it was the three books pictured below purchased from a Clapham Junction book shop 1998-1999, neighbouring London's most complex railway matrix, that took me to the location pictured above and it's Arcs of Consciousness at latitude 27deg south.

The Fire From Within introduced me to the shamanic techniques of the Toltecs and *The Fodor's Travel Brazil* guide informed that Joaquina Beach is Brazil's premier surf spot, to which I first visited in 1999 and felt a conscious lift on crossing the central mountain of Ilha Santa Catarina to descend into the town of Lagoa da Conceicao. Six years later, camping in front of a Black Madonna shrine beside the sand dunes of Joaquina and being visited by a long deceased female French spirit, I was shown missing pages of photographs to book *The Hiram Key: Pharaohs, Freemasonry, and the Discovery of the Secret Scrolls of Jesus* – whilst also being called to the summit of the mountain overlooking Joaquina beach and the tomb of a Siberian Shaman who together with his horse had departed for a Saxon Kingdom of Middle Earth six centuries earlier.

Being from Huntingdon and having had John Major as MP from 1979 to 2001 whom I recall seeing drive a brown Mini to visit Brampton Junior School. During the summer of 2002 as I spent the last few months of my mother's life with her in our Brampton family home, influenced purchase 'Galactic Alignment – The Transformation of Consciousness According to Mayan, Egyptian and Vedic Traditions' authored by American namesake John Major Jenkins. Chapter 4 'Sacred Cartography of the British Isles' informing as to the Celts dividing inhabited islands into four quadrants, the sacred centre being location of Sun worship temples and tombs of Kings. Applying this knowledge to Ilha Santa Catarina took me to mountain top closed tunnel entrance and cave system, excavation revealing the 'Sword in the Stone'

On finding this not so bottomless entrance to a Saxon Kingdom of Middle Earth and commencing excavation early 2006, one night I had this experience featuring my elder brother Ian who is employed in real life by NATO to target munitions.

'It is the summer of 1977 and Queen Elizabeth's Silver Jubilee, my brother and I are playing on the Bofors Anti-Aircraft Gun of HMS Belfast moored on the river Thames. A taped recording of a mock battle is playing through a speaker, as my brother calls targeting commands I enthusiastically turn a handle to target the gun. Our father in a state of ecstatic joy and jolly laughter is recording our play with a cine camera – dream then skips to family living room and I climb like a monkey onto a glass topped coffee table, a wall of glass behind us shatters and I view my brother as a Star Wars Stormtrooper Gunner in a very long corridor of batteries to a Galactic Cruiser/ Star Destroyer'

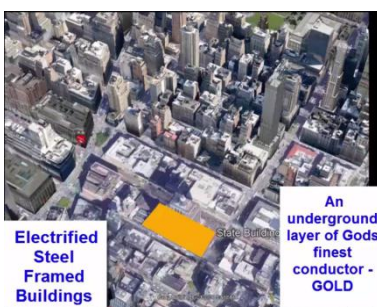

During year 2005 searching the ancient pathways of the densely forested mountain, I had recapitulating experiences informing that my father had broken my nose as I displayed a four legged gait - *Running to Daddy* - for the first time and he had also attempted to straighten my mal-formed at birth toes with his clenched fists while I slept as a baby in my cot. Aged 35 exiting a 34 year period of traumatized shock – suppressed natural rhythm and timing return to me and sporting ability and musicianship greatly increase (can run faster) – awakening in the company of Reggae musicians they declare me **'Re-born'** as I cease alcohol abuse that had commenced at aged 14. As a baby I first ran to Daddy as a sign of appreciation, I have no childhood recollection of any warm embrace from him but only un-justified beatings. Aged five on his receiving an inherited grandfather clock I recall him clutching me by the collar with the most despising/ threatening/ menacing glare as he hid a leather bound military cane inside the oak clock case for the first time. The cane, subsequently used for beatings, had been provided by his time served as an officer in the Royal Tank Regiment – see document *'UK Mental Health Request'* in pen drive folder <Curriculum Graeme Parker> and letter *'Cambridgeshire Police 1'* in folder <Letters of Introduction/British Government> - as I seek to have my psychiatric diagnosis recognised as Post-Traumatic Stress Disorder and my father's relationship to me recognised as that of a Sociopath/ Pathological Liar with Paedophile Tendencies. James Ronald Parker died from cancer on New Year's Day 2015 and was buried at Brampton St Mary Magdalene's Church in an oak coffin and double decker grave above that of Wendy Mary Dollery. Afore mentioned coffee table - I went through childhood being blamed for smashing the glass top.

The Hiram Key told me that Jesus Christ advised *'To bury your father'*, informing this to James Ronald Parker by email 2006 provided him ammunition to tell authorities that I was threatening to kill him with a spade. Cowardice is exposed through acts of cruelty, believing my parents were married under oath *'In sickness and in health'* I wish it be known that my father abandoned my mother during her dying days so as to seek the company of other women via the Woman's Royal Voluntary Service.

Brazilian winter 2010 camped in front of the **'Arc Bibliotheca'**, feeding off sale of trashed aluminium beer cans and supplementing my diet with dog food as I acted car park attendant to the neighbouring Dunas Bar. I am convinced that my father's sister Coryn - my Godmother - visited the locale under invitation of a Jehovah Witness family to whom I had been making presentation. Their matriarch with sapphire blue eyes descendant of an aristocratic German family, I believe my Godmother acted with a snobbish attitude and declined coming to see me. However, her presence under the *'Arcs of Consciousness'* awoke the spirit of Desert Fox Tank Commander Field Marshal Erwin Rommel. Scripting my autobiographical tale in the State Penitentiary, the long deceased military officer visited me while sleeping showing there to be a layer of gold beneath Manhattan's Empire State Building.

For purpose as to this layer of god's finest conductor below an electrified steel framed building I invite your viewing of video 'Oculus Dei – Haile Selassie and the Rise of Artificial Intelligence' folder <Apollobath TV/Oculus Dei> and study of dossier 'Establishing Embassy – The Anunnaki Conquest of the Free World part A – Chapter 4 The Great Heresy and a Huge Harvest of Souls' and restricted dossier 'Establishing Embassy – Anunnaki Conquest part C – Chapter 42 The Bulls Leg Sacrifice and Pharaoh's Beard'.

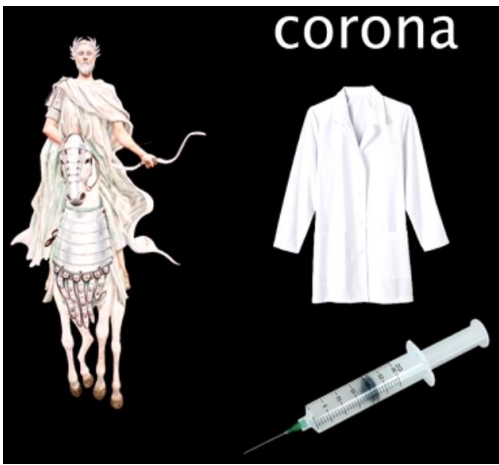

I haven't seen my elder brother Ian since a brief encounter during the spring of 2017 at my Godfathers house in Holywell, earlier that morning I had been in Hinchingsbrooke Hospital requesting a brain scan. Ian has followed in his father's footsteps of refusing to acknowledge my combat of the same parasitic infection that took our mother's life and that almost cost me loss of both my arms. On returning to England in March 2012 and as a voluntary patient to Cambridgeshire Mental Health on purchasing a bicycle I left Peterborough for my brother's house in Thrapston. On arrival in Brampton and phoning Ian for directions to his home he told me that I can't visit his house as 'It is too sad'.

Our family home's garden of Brampton's Layton Crescent was separated from a wheat field and RAF Brampton by a drainage ditch, during the 1980 August combine harvesting my mother and I discovered a young leveret hare hiding behind our rubbish bin and we placed it in the guinea pig's garden run with a cardboard box full of hay. The hare's eyes the wildest I had ever met. The next day following return from Ian's birthday treat day out to London's Natural History Museum and the world's largest collection of stuffed mammals, we found the hare dead having died from fright. It was a warm summer and the following day I returned by bicycle to the family kitchen from the High Street's Newsagent sucking on an aniseed ball. Father was fixing a puncture to his bike and my brother was helping mother make fairy cakes. Aimi the cocker spaniel had her paws up on the kitchen sideboard, as Ian decorated the cakes I took Aimi by her front paws and teased the dog by breathing aniseed on her muzzle. Aimi growled a few times and I kept teasing then she snapped and bit me on the lip.

Spending a week in Old Addenbrookes Hospital, I wept through the night comforted by a nurse as my mother left me after briefly visiting to tell me that Aimi had been put down by the vets. On returning to our garden and for the first time allowing Henry the guinea pig free reign of the lawn without threat from Aimi – brother Ian said to me 'It's all your fault Aimi's dead'. Ian had just become a teenager and then developed a strong desire to own a radio controlled off road buggy model his desire so strong that our mother caught him stealing £5 from her purse for the vehicles fund. Ian purchased the Tamiya model through taking a job picking up the litter of Brampton, on construction my presence in his bedroom to watch him build the radio controlled vehicle angered him very much and he would kick me out. Brother Ian has since contributed to knowledge presented in dossier 'Establishing Embassy – The Anunnaki Conquest of the Free World – Chapter 3 The Fall of Man's Consciousness, Covid-19 Impregnated Hearing Aids, Graphene Oxide Inoculation & Social Distancing's Killer Drones'. During the recent mass vaccination era I saw Ian sat at his NATO desk expressing desire to have his mind under radio control through having multiple jabs of Covid-19 vax containing graphene oxide nanotech.

Graphene Oxide inoculation is a technological path to direct behaviour control and location monitoring. Blood clotted graphene oxide implants can also be heated to cause death with higher powered EMF pulses.

Studying Carlos Castaneda's Lessons of Don Juan put's the reader on the path - *Hunter - Warrior - Man of Knowledge*. Surfing the internet during the lockdown era introduced me to the knowledge of Wim Garrette from Belgium and his Rumble channel 'Godgevlamste' (his YouTube channel deleted by Freemason controlled Google). His video '*Crater Earth – Human Sacrifice*' conveys belief that the first seal of the Book of Revelations was broken by the Covid-19 plandemic and subsequent vaccination program - Crown of Corona - White horse of a White doctor's coat - Bow of a Syringe. See also restricted dossier '*Establishing Embassy – Anunnaki Conquest of the Free World part C – chapter 35 Babylon Reducing Global Population by a Third and chapter 43 The Black Cube's Four Horus Men of Rome's De-populating Apocalypse*' referring to Bill Gates inheriting from the Pope role as Grandmaster to the Knights Hospitaller Masonic Order.

FRANCIS, GATES STRIKE DEAL OVER VATICAN HOTEL

NEWS: WORLD NEWS

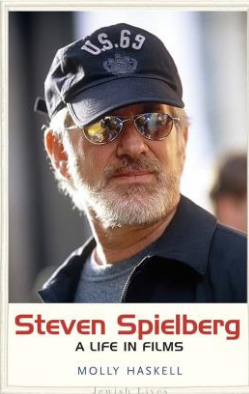

One night after excavating the entrance to a Saxon Kingdom of Middle Earth during 2006 I had this experience:

*'I am aboard a Galactic Cruiser passing over London from West to East - but is a London re-built following nuclear bombing destruction, buildings are of Masonic Temple – Pyramid type structure – Queen Elizabeth II and former engineering colleague Roy Surrey appear – their eyes are like bottomless pools – Roy says 'You're the **** Graeme' I feel shock as to post nuked London I ask 'What year is this?' – Divine Emissary reply - 'Year 240'. (Roy Surrey is a native of East London)'*

Having the weight of this experience on my mind, following the Brexit referendum's manipulation of the British public by Nigel Farage I commenced study that culminated in production of restricted video '*The Whore of Babylon or Bob and Rocky*' <Apollobath TV/Oculus Dei> and restricted dossiers '*Establishing Embassy - The Anunnaki Conquest of the Free World parts B & C*' documenting the rise in power of France's Emmanuel Macron due to the CERN Hadron Collider providing the French President with Anti-Matter Bomb Technology.

I was first re-united with Aimi the Blue Roan Cocker Spaniel during South African surf trip of 2004, bedraggled she stood outside her ancestral family home of a smart London Georgian town house, as we hugged she conveyed 'What the hell happened?'. 2021 sleeping in motorhome close to where the Huntingdon Vet lethally injected her, I was witness to Aimi's sickly rising and riding my bike around first Brampton residence of Acheson Road calling her name brought the dog into dreaming and her first morning of disappointment at size of backyard combined with the smell of Scalextric and taste of the track. Aimi has written a book about all the plants and creatures to be found in her Layton Crescent garden, roaming the field behind Layton Crescent she is accompanied by her mother who is cross as to manner of her daughter's death. Aimi then took me on a spirit ride to London and the river Thames where she became pilot of a motor launch as London became totally submerged from flooding.

Australian Bushfire Facts

Image from video 'Oculus Dei – The Fall of Man and Return of Our Jedai part 1'

The Covid-19 pandemic coincided with the dropping of the Sun on daily voyage above our heads triggering the Australian bush fires of 2020.

I harbour belief that the power of the Ark of the Covenant and Caravan of Treasure's could return the Sun to previous trajectory. Prince William's birth was induced on the summer solstice of 21st June 1982, the summer solstice has now shifted to the 22nd June. Recent dream featuring Princess Diana informed that King Charles III is faking a cancer infection so as to bring his eldest son (who may really be the son of Pindar) to the forefront of Royal affairs satisfying the gematria of his son's name see restricted dossier 'Establishing Embassy – Anunnaki Conquest part B – Chapter 19 Occurrences of the number 666' and dossier 'Anunnaki Conquest part C – Chapter 42 The Bulls Leg Sacrifice and Pharaoh's Beard'

Following the 2015 death of James Ronald Parker my brother sold the family home (that our mother had laboured to buy) and bought himself another new car while I purchased a collection of 1oz Angel Gold coins franked at the Isle of Man's Pobjoy Mint. These coins show Archangel Michael slaying the Dragon, at time of writing I am perturbed by Michael Buerk advertising sale of a gold sovereign coin that for the first time show's not Saint George slaying the Dragon but King Charles III alongside the Dragon having tamed it. My last communion with the Nun's Bridge Ghost informing as to not respecting the dead, featured the graves of Brampton being resurrected as humanoids woven from wicker and am intrigued by the 'policy' of being buried 6 foot under in coffins with 9 inch nails...

Very few people know that the original Greek translation of "Apocalypse" means "lifting of the veil" or "revelation"... A disclosure of something hidden from the majority of mankind in an era dominated by falsehood and misconception.

Far from being a horrible experience, Apocalypse represents the revealing of the true nature of things. It ushers in an era of forgotten freedoms and unprecedented clarity. This "lifting of the veil" will set us free from the misery that has been the result of ignorance.

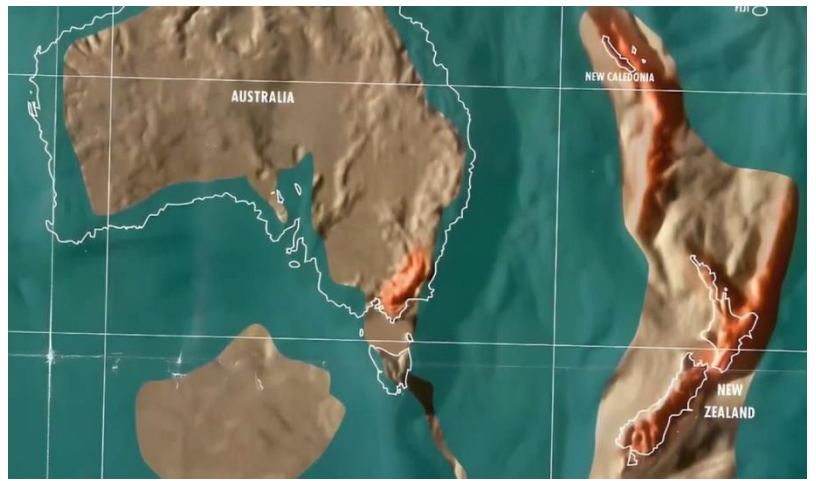

The Moon is a reflected projection of a far larger 'Greater Earth' our known world being mapped as crater 'Sulpicius Gallus M', of which the currently frozen continent of Antarctica fills one half.

Dossier 'Establishing Embassy – Lifting the Veil' attempts to level the false reality matrix of a Heliocentric Universe spun by Rome since the Renaissance and presents the reality of our Crater Realm on a far Greater Earth. Of which our Sun altered passage across our heads from the winter solstice onwards of 2018.

A Peruvian girlfriend, I had met in Brazil after unearthing the Sword in the Stone who went on to live and raise a family in Australia, has spun me dreams showing a future New South Wales underwater. Confessional document 'For Personal Friends' concludes with a chapter featuring the following experiences:-

One night while sleeping at residence 10 Petersfield Villas, St Peters Rd, Huntingdon - week ending 20th November 2021, this happened:-

Am with Leeds house kitchen, am shown a Greek Ourobus but it surrounds the island of Crete – as though Crete is the whole world

The image then becomes multiple 'Apeps' as shown and the sea gets very stormy. I am then shown an aerial view of the British Isles becoming covered by ocean in stages as shown.

and I then appears on sofa in Izzy's kitchen and I wake up.

About 18 months ago I had a similar experience of tidal waves covering UK while sleeping in van at Lammis Gardens, that experience included the voice of a Norwegian surfer known as the Bear – he saying 'Have to go live in the Rocky's, Himalayas or Andes.'

During composition of this letter intended for the Church of England – April 2024 saw devastating floods in Oil Rich Dubai. February 2024 I returned to Lanzarote for the first time in 5 years, as in the UK the Sun is burning whiter and hotter, the evenings and night are chillier the air being of a higher moisture content and colder. Returning to Venezuela in March 2024 for the first time since 2019 I experienced an unpleasantly hotter and drier winter climate. Likewise Brazil is now experiencing record summer temperatures and more severe winters. This winter in Cornwall the storms were relentless and the UK is getting soggy.

Confessional document 'For Personal Friends' introduces experiences of Star Wars' amphibian character Jar Jar Binks and reports Michael Jackson wishing to perform the role. From the dreaming realm I can recall Jar Jar Binks stood alongside Poseidon on the ocean floor the Greek god raising his trident in anger, hence experiences of *seeing* ocean waves a mile high...

Michael Jackson Wanted to Play Jar Jar Binks in 'Star Wars'

George Lucas denied Jackson polarizing role because singer "wanted to do it in prosthetics and makeup like 'Thriller'"

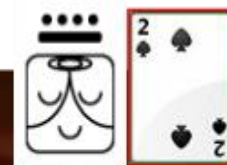

Following my father's death on New Years' day 2015 I commenced surf tripping to Lanzarote, James R Parker having taken family on holiday there during the February half term of 1982 he taking with him a Parker Brothers Atlantic City Monopoly set. Shocked by the Canary Island's devastation to wildlife from ocean plastic pollution I produced video 'Pammy's Midway Nightmare Too' USB pen drive <ApollobathTV/Ice Maidens of Atlantis> featuring images of Midway Island Albatross colonies feeding waste plastic to their chicks.

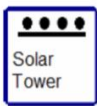

In August 2018 I produced video 'Brampton Juniors – On Giant's Shoulders' a two minute and twenty four second edit of the BBC's Play for Today 1979 production starring Judi Dench, telling the story of Thalidomide victim Terry Wiles who had attended Brampton Junior School in a specially built electric wheelchair.

During filming at Brampton Juniors 1979 one afternoon headmaster Mr Hicks presented an extended assembly, the BBC director making the hall full of children repeat several times the action of standing up for singing hymn 'Fairest Lord Jesus, lord of all creation'. Driven by the vanity of wishing to be seen on camera I leapt to my feet as rapidly as possible each time. Terry (seated next to Robert King) and I are identified in the screenshot below together with our 'Camaialot' identities – Terry's that of 'White Solar Wizard Two of Spades' and mine that of 'White Luna Wizard Jack of Hearts'.

OCCULT

Terry Wiles and I share our Wizard identities with several Hollywood stars, knowing that John McEnroe is also a White Luna Wizard helped improve my tennis at Huntingdon's club and I haven't informed the Mormons that Joseph Smith could have been a Tennis Pro. But I am keen to tell George Lucas that I share Alec Guinness' Kin and have used Vincent Price's Thriller sermon in video 'Ice Maidens of Atlantis – Archangel Michael and the Lord Shiva's Mandela Effect' USB pen drive <ApollobathTV/Ice Maidens of Atlantis>.

Speaking of Archangels shortly after producing Terry's edit, Archangel Uriel informed me that trying to save this dirty island would be my downfall and if I don't do my best to clean up ocean plastic pollution then I would experience a fate similar to Terry, that of a life with no arms or legs. I believe there is always time to clean up filth and hope that Poseidon may not be so aggressive with his Trident if waste plastic becomes a commodity and the technology of **Plastic Pyrolysis** becomes widely adopted - the incendiary process turning plastic back into oil - as we continue to march into uncertain times as heralded by the tannoy girl with a northern accent in the German owned Lidl supermarkets.

Life continues to be guided by the printing machine – in Huntingdon Library during composition of this letter, page two of the April 24th edition of the Hunts Post reported that fifty eight per cent of waste plastic is incinerated and invite your review of dossier 'Establishing Embassy – Camaialot A – Chapter 8 Power In Plastic' and BANCO ATLANTIDA promoting waste plastic as a commodity. Terminating this letter with memory of the 1993 release of 'The Christians – Harvest for the World', who lyrically raised question as to 'When will there be a harvest for the world?'

HUNTS POST Wednesday April 24, 2024 **COLUMN 2**

1.7 billion pieces of plastic still thrown away each week

April is the month for reflection and action on environmental issues facing our planet, and this year the theme is 'Planet v Plastic'.

Last month, almost a quarter of a million people took part in the Big Plastic Count, run by Everyday Plastic and Greenpeace.

Their findings were published last week and, unsurprisingly, they were not good.

Based on those taking part representing most UK homes, households are throwing away around 1.7 billion pieces of plastic per week that's 90 billion pieces per year.

So what is happening to all of this plastic?
There's an improvement on how much is recycled 17 per cent of plastic is actually turned into something else, up from 12 per cent last year.

Around 14 per cent is exported and 11 per cent of our plastic waste is sent to landfill, however 58 per cent is incinerated more than half of it!

This is a choice our government is making.

As the cost of putting plastic waste in landfill increases, it is cheaper, financially, to burn the waste but the environmental cost is even higher.

Incinerating plastic can release more carbon dioxide per tonne than burning coal, polluting the air that we breathe and worsening climate change.

This contradicts our government's own commitment to drastically reduce greenhouse gas emissions by 2050, especially as 18 new incinerators are being built in the UK.

And as I've said before in the column, recycling is not the magic wand either.

It still takes fossil fuels and water to turn the waste plastic into something else, and there's a limit to the number of times it can be recycled, as it degrades with every process creating more microplastics in our land.

So what is the solution?

Governments have started UN negotiations for a Global Plastics Treaty which will set a global target to reduce plastic ideally cutting plastic production by at least 75 per cent by 2040.

And we can do our bit too by not filling up our recycling bins with plastic and thinking we're helping, but by making the conscious decision to choose to shop plastic free, and by reusing what we already have.

So as we celebrate Earth Month, remember the small actions we take today can have a big impact on the future of our planet for generations to come.

Martin Cooper says we are all still throwing away too much plastic
