Dear Sir

12<sup>th</sup> August 2021

**Ref : Gifts for Captain Carlos Lima - Politician**

Apologies for this letter being written in English but during my time of employment with Embraer Aerospace in Sao Jose dos Campos, in the name of Ordem and Progresso, fluent communication in English was a requisite.

Here in England I have two items of military memorabilia that came into my possession following the death of my father on New Year's day 2016 - a coffee mug originating from the NATO Intel Fusion Centre at RAF Molesworth and a Nazi diary of year 1938 - the year of my father's conception. On deportation from Brazil March 2012 I was denied entry to the home my mother's labour had purchased, however my father had communicated with Captain Lima inviting him to visit.

My elder brother Ian Parker – born 03/08/1966 – chose to follow the career path of my father and is employed by NATO in aerial reconnaissance and target analysis. I have not seen or heard from my brother for over four years, last week on the 4<sup>th</sup> of August I cycled to RAF Molesworth and made enquiries as to my brother – wishing to congratulate him for his birthday and confirm that he was still employed by NATO. I was turned away from the entrance by three American soldiers and two British policemen.

On my first meeting with Captain Lima (2011) he informed me that he was a Freemason and on leaving your barracks I declared that the Ark of the Covenant is for Brazil to 'Conquistar'. I was a little frustrated that subsequent presentations to Captain Lima failed to persuade him to visit excavation sites and I recall he preferred to play football at the weekend.

Enclosed document '**Oculus Dei – Establishing Embassy**' features '**Chapter 2. Three Stars United and Four Dragons**', and an alternate use of the Brazilian National Football Team logo –

One of my favourite Bob Marley songs is Africa Unite and I believe a United African football team would be a highly competitive rival to the Brazilian team.

During my final months in Brazil I encountered a school of Masonic Art in Sao Jose and one evening – observing from a distance as school members arrived for a class - they seemed to behave as a group of homosexuals greeting each other prior to a night of secluded activity.

I have since met a freemason on the Canary Island of Lanzarote who with a signed and framed letter from George W Bush hanging on the wall – confessed that he had spent much of his working life employed in the food industry, his role being providing deceitful marketing literature of commercial food products – denying the public the truth as to what they are consuming. He also told me that the 33<sup>rd</sup> degree of Freemasonry is achieved through worshipping Satan.

Chapters 15 and 21 – '**Emmanuel Macron and the Anti-Matter Factory**' and '**Dagon's Deal**' of dossier '**Oculus Dei – Establishing Embassy**' introduces belief that the current president of France may have been responsible for a devastating explosion in Beirut,

Lebanon on the 4<sup>th</sup> of August 2020 – the day after my brothers birthday and concern that the same weapon is soon to be used in London.

CERN are providing literature declaring that the amount of Anti-Matter produced at their facility is not enough to cause a 'Storm in a Tea Cup' - I do not believe them.

I have been tempted to send to your barracks the NATO coffee mug in a fractured state together with some super glue, but having spent time recently on Ihla Margarita, Venezuela, would rather use the money saved in postage to help feed a pack of over 40 homeless dogs, abandoned due to their families having fled the country. The dogs encountered were slowly starving to death on Playa Parguito. I was also befriended by a young lady named Melocotone, who as an indigenous Indian was suffering the torturous decision as to which one of her two babies to feed and the other to abandon.

During my time devoted to archaeological discoveries on Ihla Santa Catarina I often had to supplement my diet with dog food, I found it satisfied my hunger and am curious to know if marketing literature is false and that it is suitable for human consumption. A marching army could save much time, weight and energy being fed in this manner.

One of Captain Carlos Lima's Facebook posts declared that 'China must pay for the Coronavirus pandemic', I disagree and believe Bill Gates and the cellphone industry should pay, see videos '**Ice Maidens of Atlantis – Birth of Venus and the A.I Virus**' and '**Time Tunnel – Bill Gates and the Venus Inquisition**'.

Video series Jupiter Moon features episodes '**The Anunnaki Conquest of the Americas part 1 and 2**' – and video '**The Killing Moon**' introduces viewer to belief that the Roman Catholic Church has encouraged large population growth so as to provide sacrifice to the 'Dark Lord'. YouTube has informed me that a large and luxurious bunker system exists under the city of Sao Paulo and I am concerned that the population above ground may soon be offered for sacrifice to the 'Chinese Dragon'.

I wish to invite any member of the Brazilian Armed forces to Scotland to visit Rosslyn Chapel and help introduce discoveries to the Sinclair family so as to assist establishing the '**Edinburgh Embassy to the Ark of the Covenant and Caravan of Treasures**'.

Ordem e Progresso
