Dear Captain Lima

26th July 2021

**Ref : Opening liaisons between the Federal University of Santa Catarina, Brazil;
Cambridge University, England and the Cairo Museum, Egypt.**

Wishing you well in your new role as a politician I am writing to your previous employment address so as to retain continuity of correspondence regarding my presentation to you that commenced during year 2011. This correspondence also being delivered to the Vice Chancellor of Cambridge University who is not so far away from my home town of Huntingdon, England.

I recently saw a video clip of you and one other stating '*Brazil em cima da todo*' – '*Brazil above all*' and on March 9th 2021 I noted a Facebook post of yours that concluded with the words '*We need a complete and effective revolution, which does not allow a guerrilla warfare to be president of the country or a thief to be freed by his friend minister of the supreme court, expelling those who wish us captives, assumed traitors from the soil. When we see the flags enjoyed in every house and peace really reigning, then yes we will be able to give Brazil the name of the country that it always deserved*' – By Carlos Alberto Lima.

I have recently completed a document titled '**Oculus Dei Establishing Embassy to Significant Religious Objects (SRO) Ark of the Covenant, Holy Grail and Caravan of Treasure**' – chapter 21 – '**Dagon's Deal**' concludes with a passage written by Mark Twain from his novel 'A Connecticut Yankee in King Arthur's Court' and chapter 'Freemen'

"...it hadn't ever occurred to them that a nation could be so situated that every man could have a say in the government....You see my kind of loyalty was loyalty to one's country, not to its institutions or its officeholders. The country is the real thing, the substantial thing, the eternal thing, it is the thing to watch over, and care for, and be loyal to; institutions are extraneous, they are its mere clothing, and clothing can wear out, become ragged, cease to be comfortable, cease to protect the body from winter, disease and death. To be loyal to rags, to shout for rags, to worship rags, to die for rags – that is loyalty of unreason, it is pure animal; it belongs to monarchy, was invented by

monarchy; let monarchy keep it. I was from Connecticut, whose Constitution declares "that all political power is inherent in the people, and all free governments are founded on their authority and instituted for their benefit; and that they have at all times an undeniable and indefeasible right to alter their form of government in such a manner as they may think expedient"

Mark Twain's words have also been used in promotional video '**Jupiter Moon part 3 – Excalibur**'

September 2010 I presented to Federal Police Chief Delegado Christiano Bath schematic diagrams of principal storage locations of the Ark of the Covenant and Caravan of Treasures, together with a passage from book 'Codigo Penal Militar – 1985', expressing concern that if I continued developing projects promoting dramatized recovery of Significant Religious Objects (SRO) I would be infringing laws of national security pertaining to disclosure of military installations. Instead of coming to have a look at the handiwork of military installations of the 14th Century - Christiano Bath with tears in his eyes stated that the law I'm concerned about no longer exists, terminated the interview and had me abducted and sold to the Roman Catholic Church for medical experimentation via the Colonia Santana.

Recent research has exposed me to 'Operation Condor' a CIA initiative carried out in South America during the cold war – consequence of which has shaped the modern political scene of your continent.

In my letter to Cambridge University I have mentioned your visit to me in the state penitentiary accompanied by a Catholic Priest and with the enclosed presentation invite you to consider taking on an ambassadorial role of liaison between Brazilian government and The Vatican – objective being to establish '**The Los Angeles Embassy to the Ark of the Covenant and Caravan of Treasures**' through initially opening liaisons between the Federal University of Santa Catarina, Brazil; Cambridge University England and the Cairo Museum, Egypt.

The future of Brazil and Ilha Santa Catarina could then be modelled on the relationship set up between France and Monaco or Italy and Vatican City.

Kind regards

Graeme Parker, Email : tootankh2@gmail.com
