RAF Molesworth
The Main Gate

Dear Sir/ Madam

1st May 2023

Ref: Opening liaison with Office of the President of the United States of America

As second presentation to the main gate of RAF Molesworth I wish to gift book *'My Life as a Spy by Leslie Woodhead'* an autobiographical tale whose first half is more interesting than second, acquired from Café Nero here in Newquay as I found winter lodgings November 2022. Four years earlier my winter lodgings were on Isla Margarita and below are photos taken with a Japanese tablet of a supersonic Russian military nuclear bomber and pool side air crew seeing out the end of her days in Caracas, as I departed Venezuela for the first time in December 2018.

My first presentation at the main gate of RAF Molesworth occurred on morning of 4th August 2021, a sunny day I had pedalled my bicycle from Huntingdon and on arrival requested a Public Relations Officer. First reason offered being in my role as a music video producer, an uncensored edit of production *'Oculus Dei - The Whore of Babylon or Bob and Rocky'* featuring the NATO Intel Fusion Centre. The second being enquiring as to the whereabouts of my elder brother, Ian Robert Lionel Parker dob 3/08/1966, my wishing to congratulate him for his birthday the day previous.

To date I still haven't seen or heard from my brother since the spring of 2016 when he was in brief attendance at my Godfather's residence in Holywell, St Ives. A retired RAF station commander Group Captain Maurice Arnold was best man to the wedding of our parents (both deceased), Ian's company as next of kin was appreciated as on the morning of that spring day I had been in Hinchingsbrooke Hospital seeking treatment for a brain injury. An injury that was inflicted following my attending appointment with a Federal Police Chief Officer on the 22nd September 2010 in the city of Florianopolis, Ilha Santa Catarina latitude 27° S Brazil. It was deterioration of this injury that brought me to the doorstep of my brother's employer on the sunniest day thus far of 2021, Ian had followed our father's RAF career in Aerial Reconnaissance (Flight Lieutenant James Ronald Parker) that accommodated our family at RAF Wyton and then RAF Brampton during the 1970's.

The sunny morning of 4th August 2021 I was guarded by three US Army soldiers until arrival of two Policemen serving RAF Molesworth, provided with my name, one of the officers stood over me as the other conversed on his radio and I requested that Ian Parker be informed as to my seeking his whereabouts.

Enclosed with this letter is a red Japanese Fuji USB pen drive that my brother gifted me together with a pair of his trainers during March 2012, on my return to England following 14 years of exploring life in Brazil. Provided for your review on this memory device in folder **Establishing Los Angeles Embassy** are a set of four dossiers under collective heading **Establishing Embassy to Significant Religious Objects (SRO) Ark of the Covenant, Holy Grail and Caravan of Treasures**, dossier titles are:- **Lifting the Veil; Camaialot; Grail Technologies** and **The Anunnaki Conquest of the Free World**.

The two appendices of dossier *The Anunnaki Conquest part C* details incidents and injuries incurred following raising issue of Brazilian national security laws with Federal Police Officer Christiano Bath on the September equinox 2010. Christiano Bath, his wife, a second police officer and a prison psychiatrist accompanying me on deportation flight to London 8th March 2012, they going on to holiday in the St. George Hotel, Pimlico.

I believe Military Service is a Public Service and those that serve it do so as to act in best interests of the tax paying public and are obliged on occasion to take their work home with them. However, Ian Parker chose to follow his father's influences and agree with fraudulent actions of Brazilian Federal Police and have his younger brother's work dismissed as delusional mental illness. Whereas if he had taken his work home and informed his employer as to discovery of military installations pertaining to the 14th Century then progress in a wide range of ground breaking scientific, industrial, commercial and artistic projects could have been achieved via their distribution to relevant skill sets.

Living in an age of self-promotion I wish to blow my own trumpet and having been referred to as a creative genius affirm that the difference between insanity and genius is marked by success. Success often takes perseverance, I departed these shores 24 years ago dejected with UK career as a Design Engineer and sought life under a flag displaying a celestial sphere and phrase 'Ordem e Progresso'. Taking on role as an industrialist, believing that my work effort provides work for others combined with desire not to become a tyrannical autocrat as stated in first letter to the Scottish National Party 14th October 2020. Website www.apollobath.org is provided for initiating autonomy.

Philosophically juggling the conundrum 'Knowledge – Power – Wisdom – Freedom', holding pursuit of freedom as ultimate goal. It is consequence of freedom's curtailment, caused by commencement of a gas masked lock down age and arrival of a depopulation agenda, that I have attempted to act wisely and lever power through application of knowledge. Delivering to RAF Molesworth a humble USB stick of artworks for your perusal that could be perceived as a counter offence to ongoing *Anunnaki Conquest of the Free World*. My current reading material being 'Battle of the Anunnaki/ Pleiadian Gods' by Andrew Sinclair see dossier *Anunnaki Conquest part A - Chapter 7 - Sinclair Pleiadian Alliance and Funeral Barges*.

Family frustrations are further compounded in relation to a paralysis disease that took the life of the Parker brother's mother in 2002. It is consequence of experiencing onset of the same parasitic infection that a HSBC credit card was used in 2005 to initiate a Studios Project in the town of Lagoa da Conceicao, supporting an archaeological expedition of the central mountainous region of Ilha Santa Catarina.

This disease and curing features in dossier *Camaialot A - Chapter 11 - The Wormwood* and *Chapter 16 - Fisher Kings and Matthew, Mark, Luke and John*. Provided on USB stick is document *Curriculum - UK Mental Health Review Request* informing the reader as to Flt Lieutenant James Ronald Parker's relationship towards his youngest son having been that of a *Sociopath/ Pathological Liar with Paedophile Tendencies*. Refusing recognition or support of Graeme Parker's battle against the same disease that took his wife's life and influencing doctors to have this regarded as some form of imaginary hallucinatory experience, thus hindering progress in understanding and curing a frightening illness.

- Vice Chancellor of Cambridge University

Provided with this letter is a birthday card intended for Ian Parker containing a single white feather, inviting he to join me in attendance at the Doddie Wear Foundation, Edinburgh and as requested to the Masonic Lodge of South Africa future business surf trips to latitudes aligned to Ilha Santa Catarina, see dossier *Camaialot B – Chapter 1 - Galactic Alignment and the Truthful Age of Michael*.

The election of President Joe Biden features in music video *Time Tunnel - Joe Biden Hand Picked by Robots and Reptiles*, available in folder *ApolloBathTV*, on posting this production to my Facebook account 22nd December 2020 I tagged US Citizen Jon Wilsie, employee at Hamilton Sundstrand – my former employer. I believe he reported this act to a policing agency as within two weeks I was temporarily befriended by a female US Army Staff Sargent name Monica Albi. Likewise on the 24th March 2022 I introduced my works to Huntingdon Mayor Councillor Karl Webb – letter included on USB stick - requesting his assistance to make presentation to RAF Molesworth. I received no response but believe my hometown mayor may have put me under heightened surveillance that could have included a monitoring van here in Newquay.

Introductions to Donald Trump feature in dossier *Camaialot A - Chapter 5 - The Trumps and a New Queen of Scotland*, dossier *Anunnaki Conquest part C - Chapter 35 - Babylon Reducing Global Population by a Third* and *Chapter 37 - Paedophile Friendly Press Barons, Trump the Saviour & the Dark Crystal*, promotional videos 'As Surfistas da Roda – Dagon's Deal' and series 'Oculus Dei - The Whore of Babylon or Bob and Rocky'.

Prior to leaving for his first Venezuelan trip Ian Parker's younger brother wrote, directed, produced, acted and edited music video 'As Surfistas da Roda – Rise of Anubis'. Intended as a tribute to Charlie Chaplain promoting Chewbacca as the next James Bond and to blow his own trumpet because the study of harmonic resonance is important to the future.

Yours Truly

Graeme Parker
