Dear Fiona and the Marshall family of Huntingdon,

Hope you are all keeping well and Witness reunions are back on schedule since government intervention prohibited religious gatherings.

Since September I have been residing at the address shown on St Peters Road as a lodger to a local man – Marc Jeffries who kindly offered me accommodation following over two years of residing in a small motorhome parked here in Huntingdon. Wi-Fi access enabling me to work from home has resulted in re-launching website [www.apollobath.org](http://www.apollobath.org) which was first published in 2012 following a deportation from Brazil in the March of that year.

I recall conversing previously with Mr Marshall the Younger as to the death of my mother from a limb paralysis disease and he saying that his grandmother also died from paralysis disease. Fiona and I went through school in the same form of Pepys house, November 2016 we had a school reunion and in attendance were Kris Pring and Vicky Evans (maiden name). Kris and Vicky both were in the same year at Brampton Juniors as me and in recent years have both lost their mothers to paralysis disease. The website [apollobath.org](http://apollobath.org) is a consequence of an archaeological expedition commenced in 2005 as I experienced onset of a limb paralysis disease whose symptoms were that of my mother – I found curing through a medicinal tea to kill parasites name Lapacho. Having experienced relapse 'growth' attacking central nervous system I have cured myself more effectively with Boots Threadworm tablets (Mebendazole).

Link 'Crown Office and Embassy' of website provides access to four pdf documents – chapter 14 'The Wormwood' of document 'Camaialot' provides informative descriptions.

I feel a bit uncomfortable to attend your re-unions, launching a career as a screenwriter I am presenting YHWH – Jehovah – Jah – Quetzacoatl as being the 'Lord of Artificial Intelligence' and so wish to abstain from singing songs of praise to this god.

Believing that the word government means '*control of the mind*' and that the role of a priest is to assist people in '*how to feel*', recent government action prohibiting religious congregations resulted in me feeling offended and my reaction was to provide a counter offensive through a series of music videos and the four documents available at this link <https://apollobath.org/page5.html>. Politicians effectively took on the role of Priesthood, their predominate means of communication being via a vast matrix of silicon fibre connecting screens that fool the human eye by flashing between light and dark at 24 frames a second or more....

Enclosed is Boris Johnson's invitation to proposed gameshow 'Time Tunnel – Atari Alliance'. Coinciding with archaeological expedition of 2005 in the town of Lagoa de Conceicao, Florianopolis, Brazil I was preached the

benefits of following the 13 Moon Tzolkin calendar of the Mayan society. On returning to Huntingdon in the local library I discovered the book 'The Power of Playing Cards' which presents 'Cardology knowledge' of the Rosicruciations and how our birthdates relate to a playing card and their meanings see <https://thecardsoflife.com/birthday-chart>. Combining Mayan Calendar astrology and that of the Rosicruciations fuelled ambition to construct a virtual 'Camaialot' whose description and intentions can be studied in document of that name.

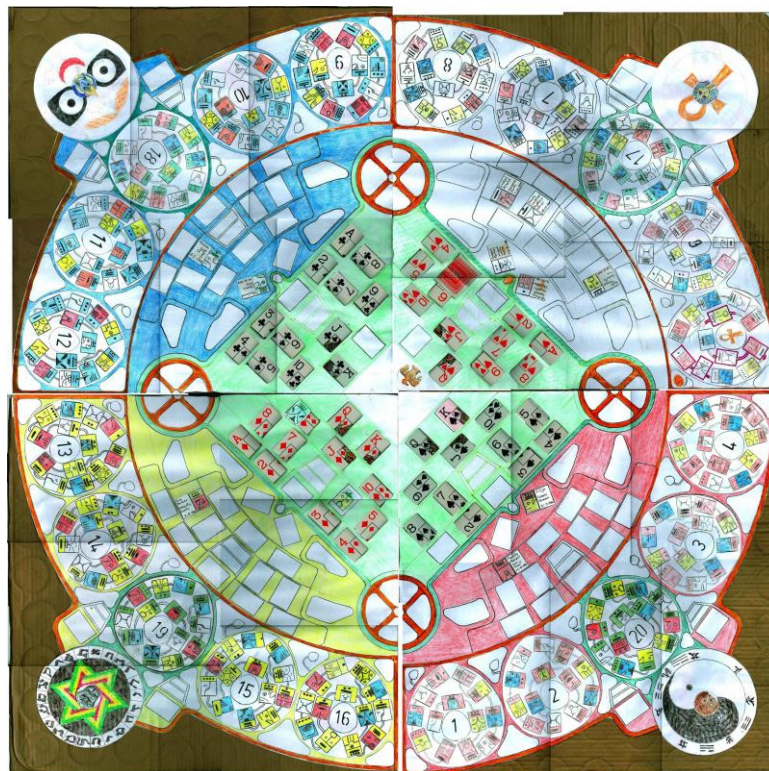

On delivery of this letter to your Huntingdon Kingdom Reunion I am departing for Edinburgh, where I once resided as an Engineering Masters Student, my intention being to deliver Nicola Sturgeon's and Ewan MccGregor's 'Time Tunnel – Atari Alliance' invitations to the Scottish National Party.

If any Jehovah Witnesses feel that they would like to receive presentation of original concept artwork of the Time Tunnel I believe a variant could be developed from a TV show aired on Sundays past named 'Bullseye' but featuring native American Indian bows and arrows, so please feel free to contact me.

During my excavation years I made friends with a family of Jehovah Witnesses in Lagoa de Concecao by the name of Fuiza. Sonia and her husband Allesandro kindly visited me in the penitentiary of Santa Catarina state as I challenged Federal Police authority of having me deported through enforcing a false diagnosis of mental health.

I believe this family if approached may help to present my portfolio to Warner Brothers, Disney and Lucasfilm.

Below is picture of Time Tunnel - Atari Alliance concept artwork which was returned to me in jail prior to deportation by Captain Carlos Lima, public relations officer to the Brazilian Army.

Provided on USB stick are letters of introduction to the Lord Lloyd Webber, Cambridge University, Scottish National Party plus a folder titled 'Internet\_Banned'.

Kind regards

PS The Marshalls may enjoy this video titled 'Cleopatra and the Oringate Affair', introducing my father's movements and featuring the Marshall garage that once stood on the Saxongate.
