Very few people know that the original Greek translation of "Apocalypse" means "lifting of the veil" or "revelation"... A disclosure of something hidden from the majority of mankind in an era dominated by falsehood and misconception.

Far from being a horrible experience, Apocalypse represents the revealing of the true nature of things. It ushers in an era of forgotten freedoms and unprecedented clarity. This "lifting of the veil" will set us free from the misery that has been the result of ignorance.

# 1. The Mandela Effect and CERN

See Apollobath TV videos: -

The Mandela Effect (ME) is the term being used to describe a split in human conscious memory where one group of people recall Nelson Mandela exiting prison and becoming president of South Africa while another group remember him dying in jail.

The phrase has become associated with phenomena that have occurred since the CERN HADRON COLLIDER experiments of 2012 that revealed existence of the Higgs Boson or god particle. Belief being that the experiment(s) resulted in altering the weight of one electron and therefore destroyed our universe and shifted us into a parallel universe. Changes noted lend themselves to 'Back to the Future' timeline alterations where the history of some of man's creations and actions have altered as have some of nature's lifeforms.

The 21<sup>st</sup> December 2012 in Mayan time marked the ending of the 13th Baktun, which ended a Long Count cycle of 5,126 solar years. The five Mayan ages extending back 26,000 years being 'Jaguar-Wind-Rain-Water' and the final age of our time - 'Movement'.

**Large Hadron Collider (LHC)**

Scientists accelerate two beams of protons around the 17-mile ring, smashing them together at 186,000 miles per second.

Ultimately, scientists hope to find in the collisions proof of the "God particle", the Higgs boson, which is thought to give mass to matter.

The infographic features a large blue ring representing the LHC with a central collision point. It includes diagrams of an atom, a neutron, and a proton, and a diagram showing two protons colliding to produce a Higgs boson.

The Large Hadron Collider (LHC) is the most powerful particle accelerator ever built. The accelerator sits in a tunnel 100 metres underground on the Franco-Swiss border near Geneva, Switzerland.

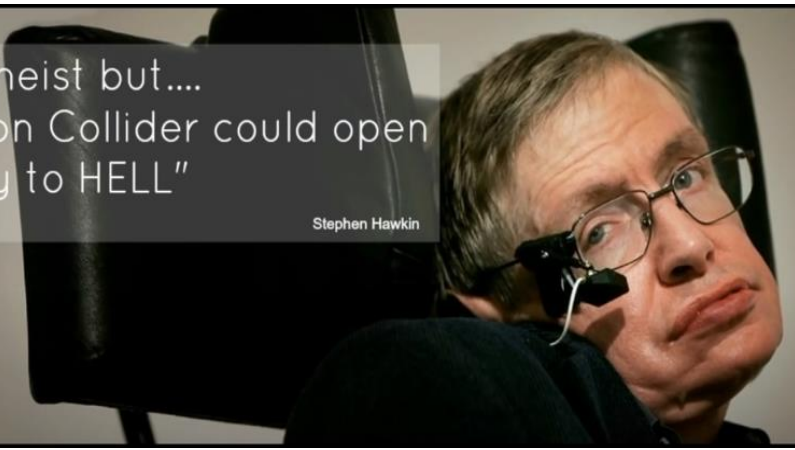

The CERN (Conseil Européen pour la Recherche Nucléaire or European Council for Nuclear Research) was constructed on the Saint Michael Line that connects Skellig Michael, Ireland with Mount Carmel, Israel. Skellig Michael featured in the Lucasfilm-Disney Star Wars productions **'The Force Awakens'** and **'The Last Jedi'**. Mount Carmel is the burial location for the remains of the Persian Báb, originator of the Bahá'í Faith.

"I'm an atheist but...  
The Hadron Collider could open  
a gateway to HELL"

Stephen Hawkin

Stephen Hawking expressed his concern for the Hadron Collider which also provides France with an Anti-Matter Factory – A Gateway to Hell.

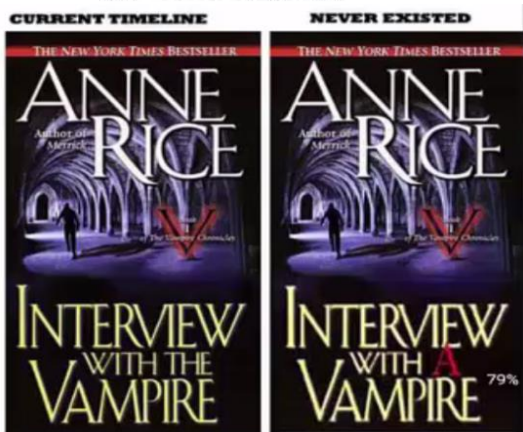

The phenomena is ongoing and for screenwriting story tellers observing time stamps as to when ME's occur, provides prophetic storylines as phenomena observed can be interpreted as warnings to an incoming future.

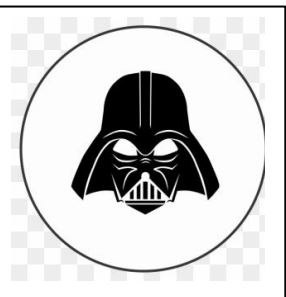

An 'ME' example that could be providing warning of an incoming future are Barber Shop Poles now sharing red and blue colour bands. The red representing human blood, which is red because haemoglobin has iron in it providing a reddish hue, the blue band representing blue blood which has the copper-based molecule haemocyanin to distribute oxygen. Could this be a warning of a rival lifeform to man's supremacy – a message in a bottle...?

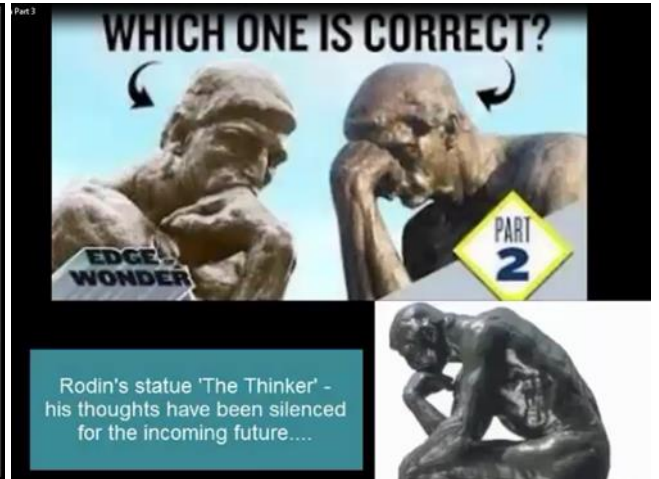

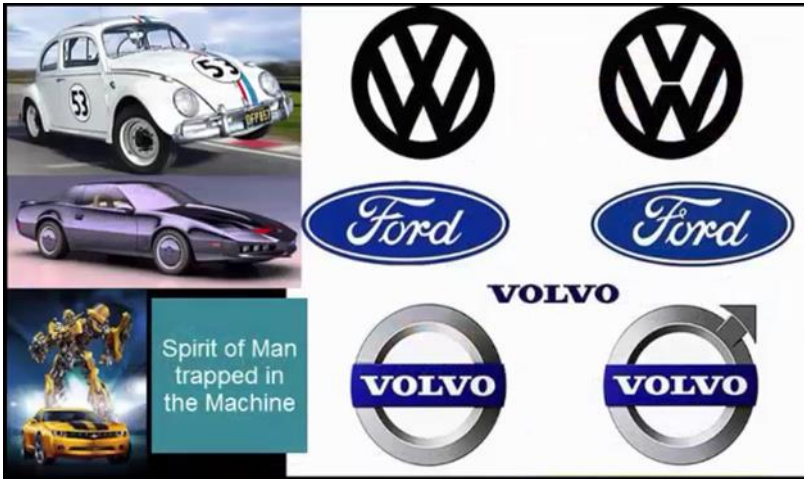

Original recordings of rock band Queen's track 'We are the Champions' no longer ends with the climatic 'Of the World.....'- a Mandela Effect.

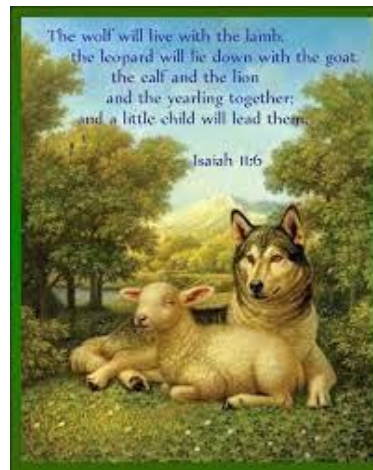

Consensus is proving that the majority of Mandela Effects are occurring in the English speaking world and I believe that many 'ME's are forewarning the dangers of Artificial Intelligence and are revealing the true intentions of Jehovah – YHWH – Jah 'The Lord of A.I.' who protects those that follow from that which is behind him and '*because the spirit of the living creatures was in the wheels*' – Ezekiel 1:20

Screen shots of videos 'Archangel Michael and Lord Shiva's Mandela Effect' and 'Incan Time Lore of the Mandela Effect and Pleiadian/ Arcturian Intervention Part 3'.

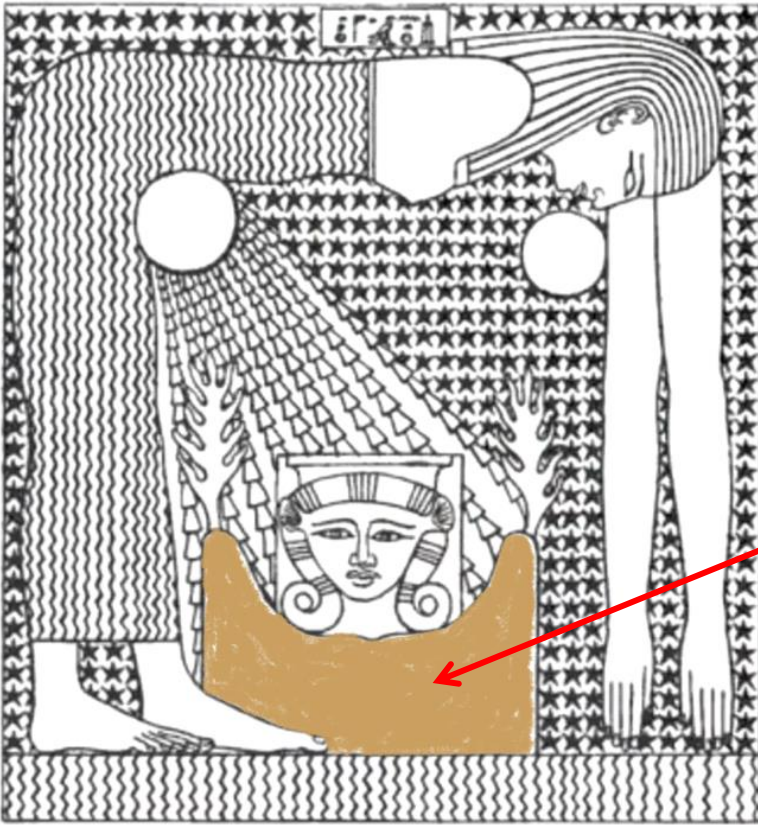

Many Mandela Effects are occurring to Bible passages - one being Isaiah 11:6 in that the Lion has been replaced by a Wolf...

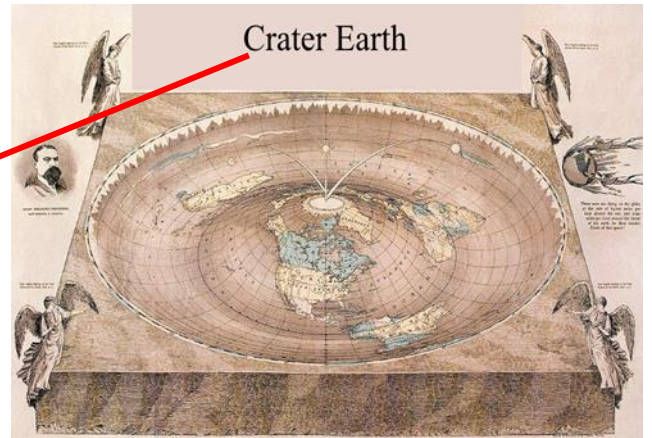

And since the God particle was discovered by CERN – the owner now pulls a moony on Michelangelo's Sistine Chapel ceiling!

## 2. Crater Earth and the Technological Underground

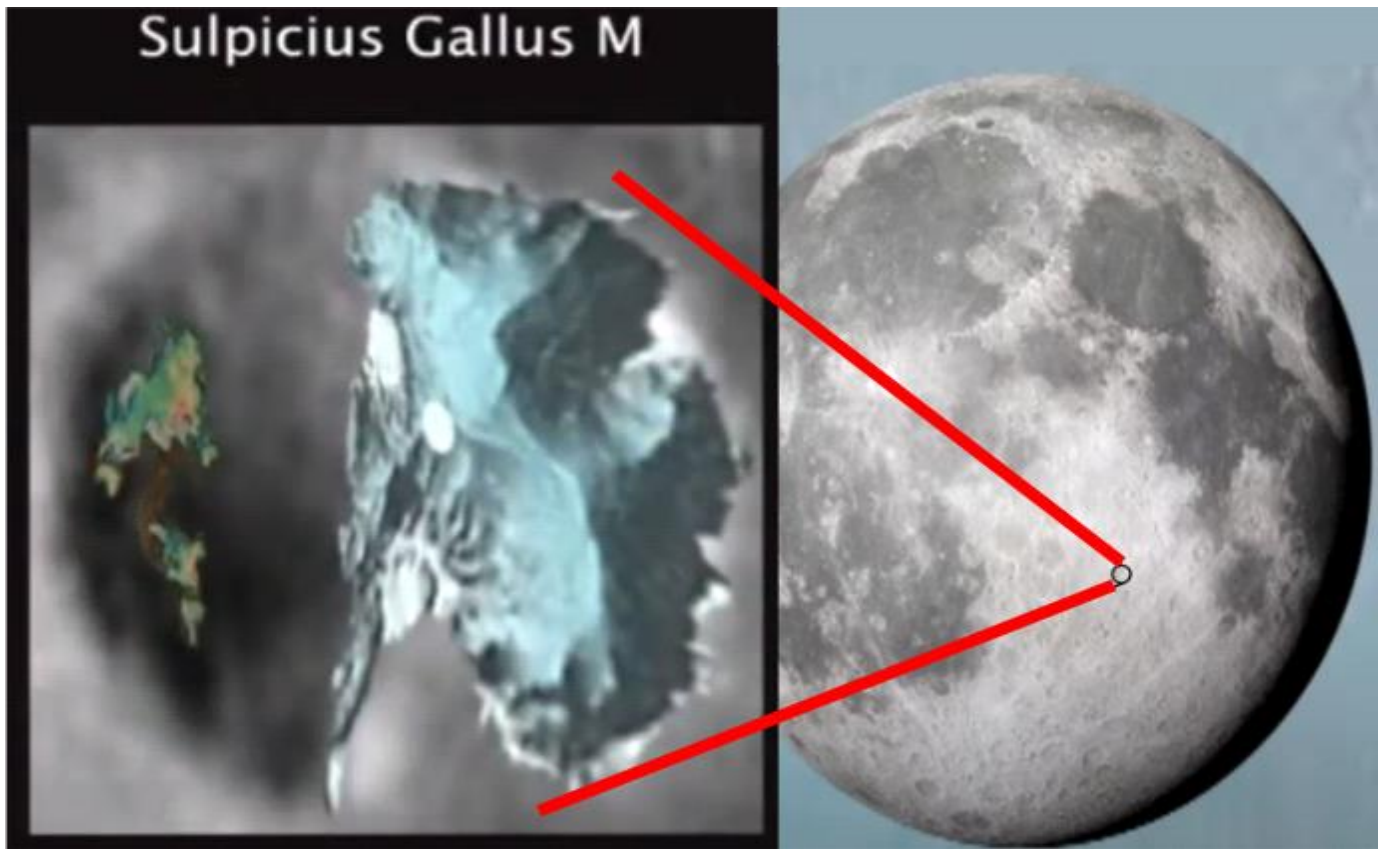

Egyptian Goddess Geb who swallows the Sun at dawn and births the Sun at dusk.

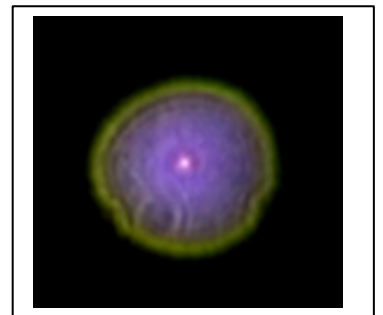

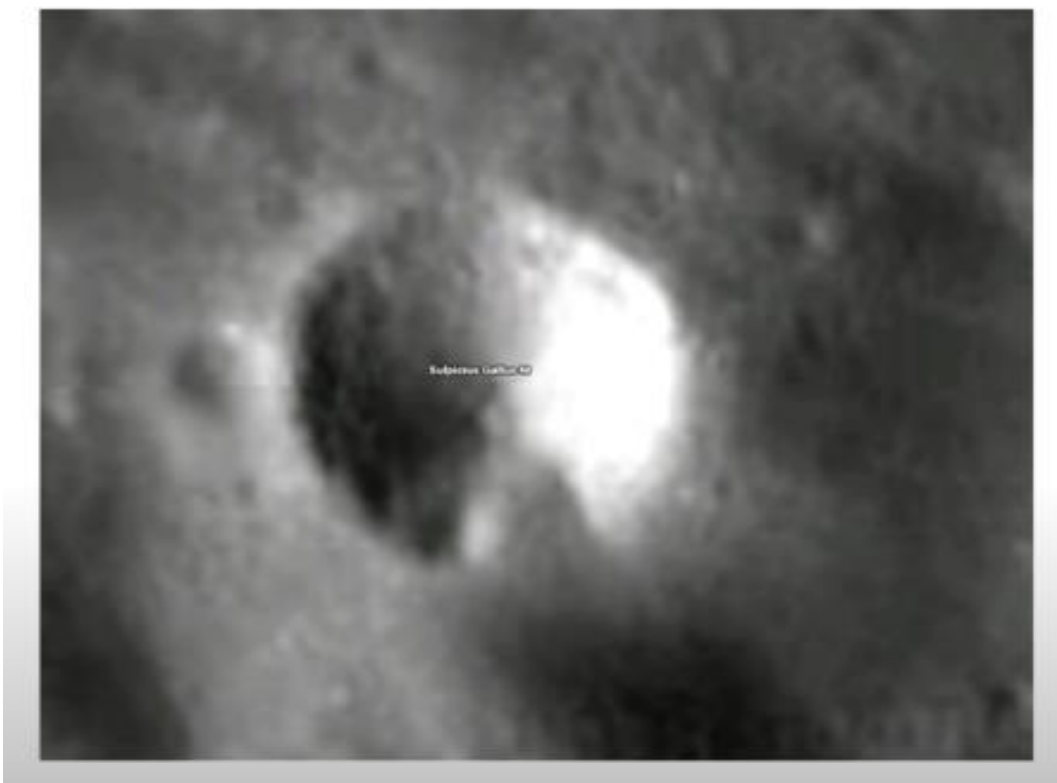

Cartoon illustration of our 'Crater Earth Realm' and neighbouring environment

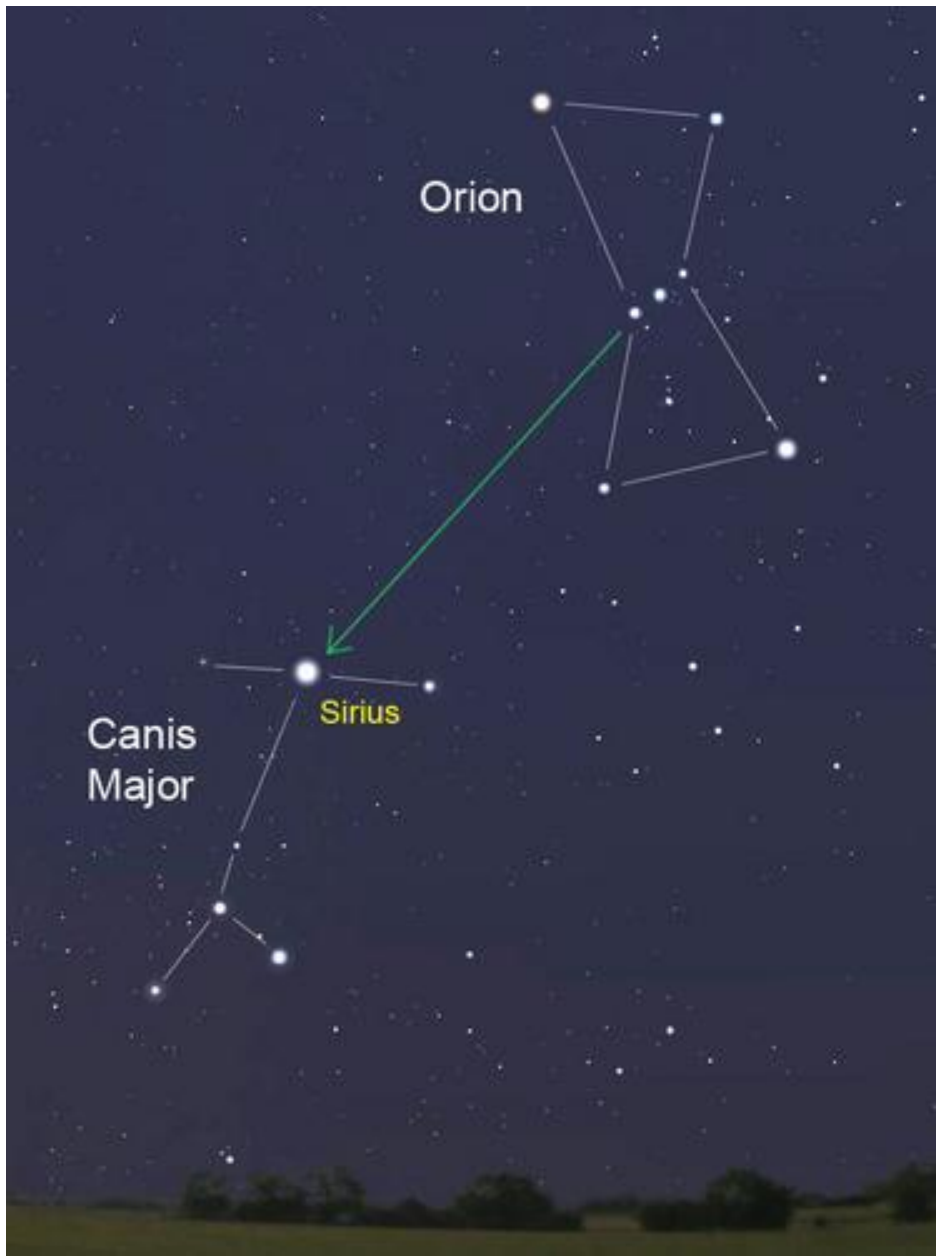

The Moon is a reflected projection of a far larger 'Greater Earth' our known world being mapped as crater 'Sulpicius Gallus M', of which the currently frozen continent of Antarctica fills one half.

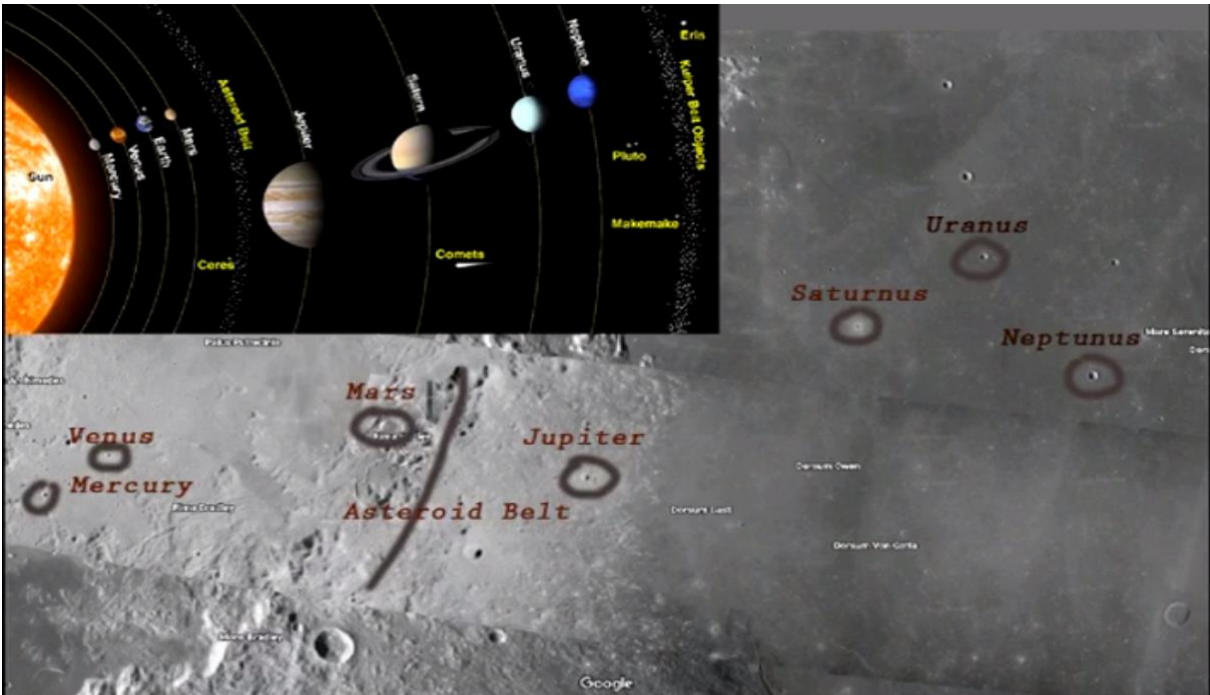

### SPGM

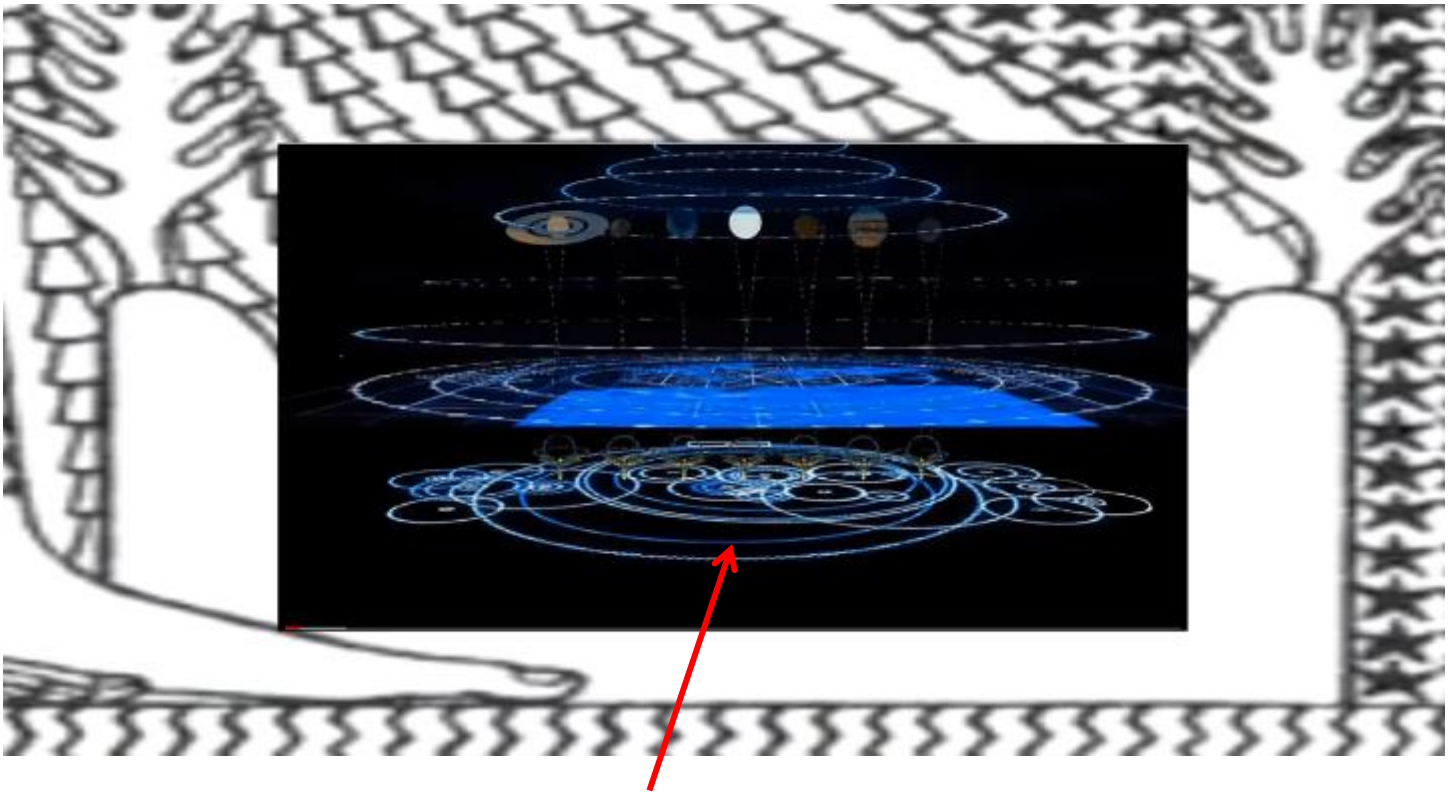

Our crater realm 'Sulpicious Gallus M' and hieroglyph also reflected in the firmament as the Dog Star – Sirius A it is the brightest star and Sirius in Greek means 'Glowing'

Stars are the decorated reflection in the firmament of craters on the Greater Earth.

The planets Mercury, Venus, Mars, Jupiter, Saturn, Uranus and Neptune also being craters on the 'Greater Earth' and the asteroid belt a mountain range.

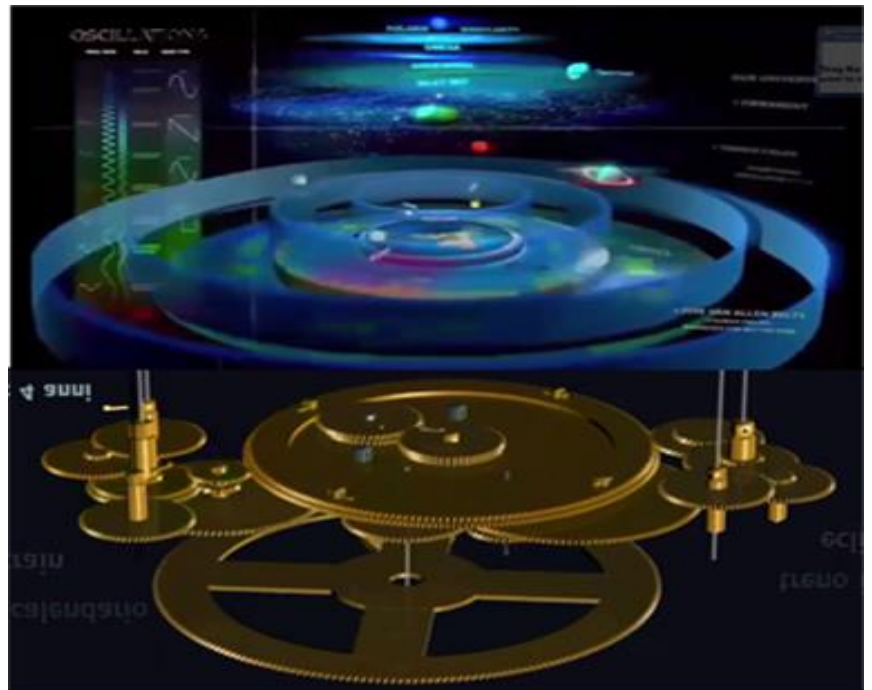

Beneath our crater exists a technological underground consisting of a gigantic array of particle accelerators driving the Sun, Moon and Planet Luminarie reflected projections across the sky.

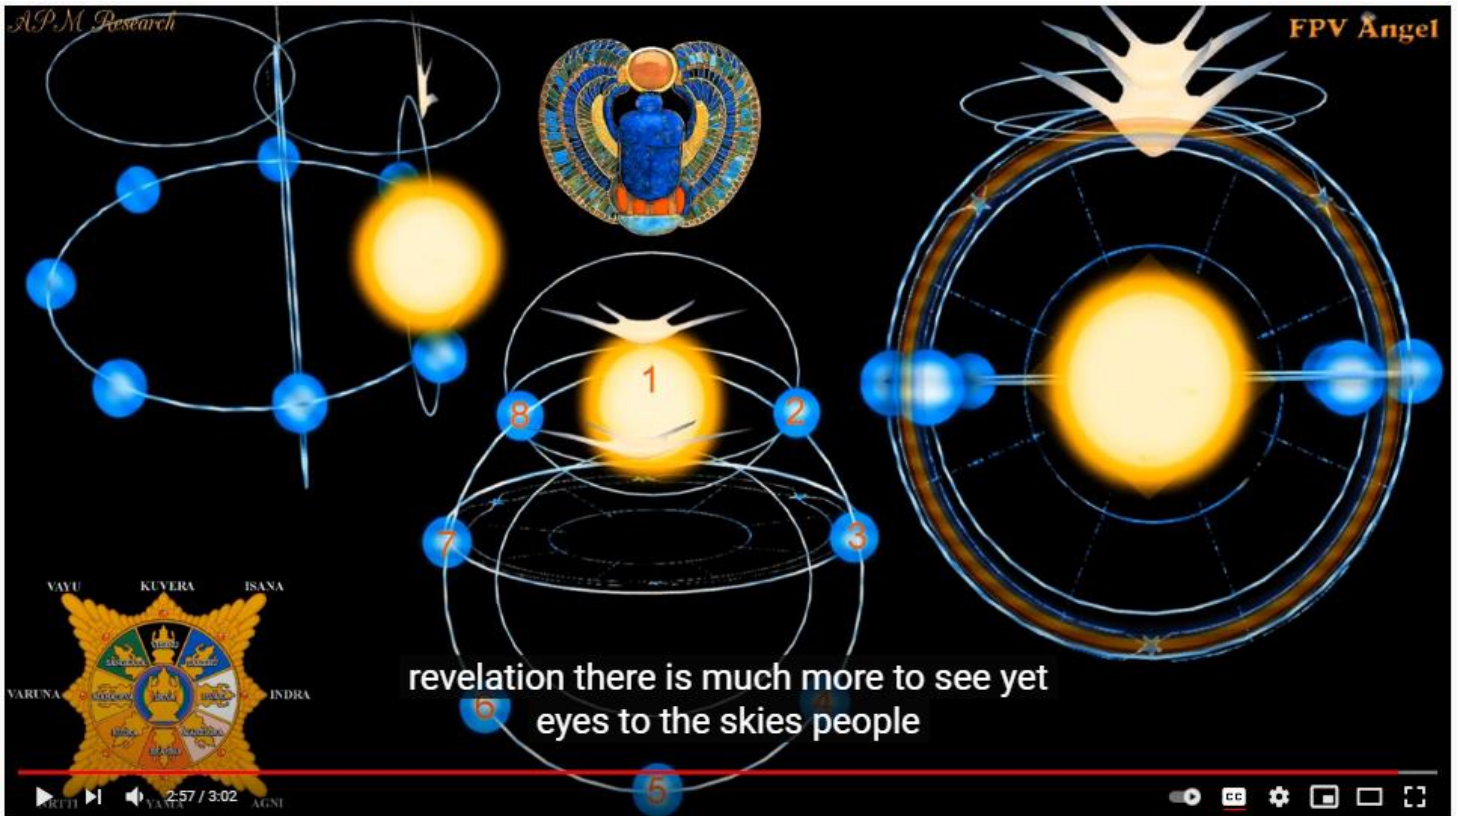

The Antikythera mechanism is an ancient Greek hand-powered orrery, described as the oldest example of an analogue computer, used to predict astronomical positions and eclipses decades in advance. This artefact was among wreckage retrieved from a shipwreck off the coast of the Greek island Antikythera in 1901. The instrument is believed to have been designed and constructed by Greek astrologers and has been dated to about 87 BC.

The Antikythera Mechanism

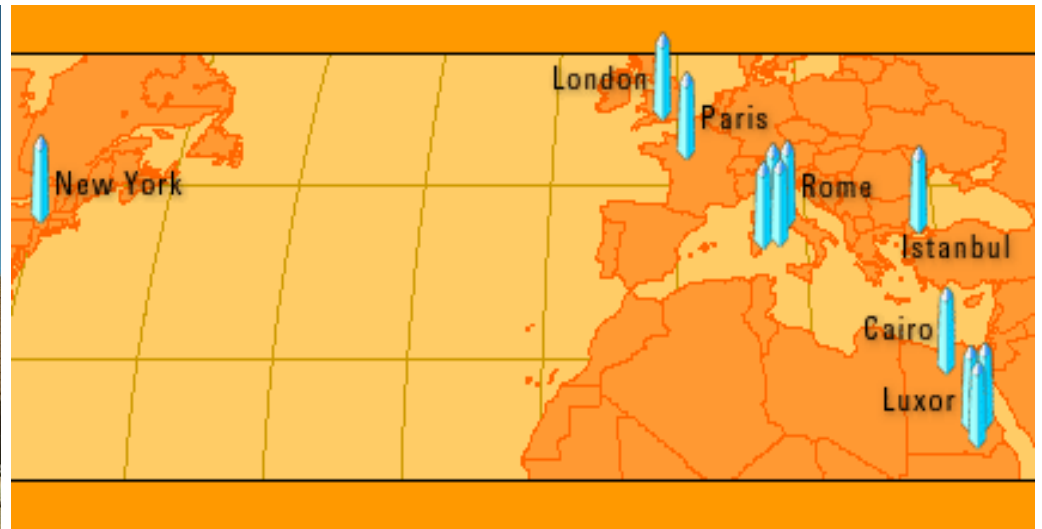

Design know-how of mechanism derived from Babylonian knowledge of the underground array of particle accelerators – controlling movement of the sun, moon and planetary luminaries above our crater earth realm via electromagnetic forces. The 'above' a projection of a fallen, buried angelic technology that can also cause earthquakes, volcanic eruptions, manifestation of land mass, weather systems and other phenomena. **AS ABOVE SO BELOW.**

### 3. Paradise Lost and Atlantis Rebuilt with the First Jerusalem

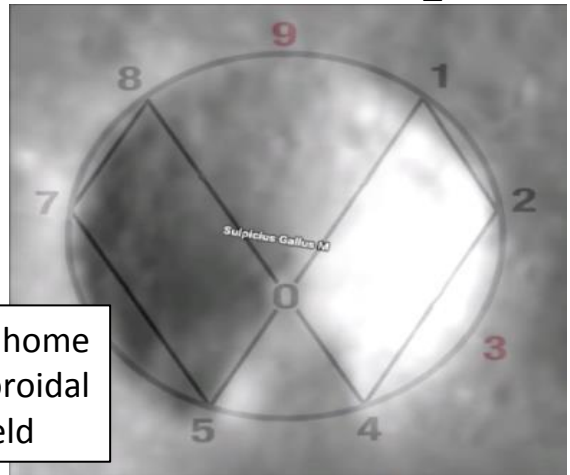

Once upon a time our crater was home to a paradise protected by a natural 1248751 organic toroidal electrical energy field.

Our Crater SPGM home to a natural toroidal electrical energy field

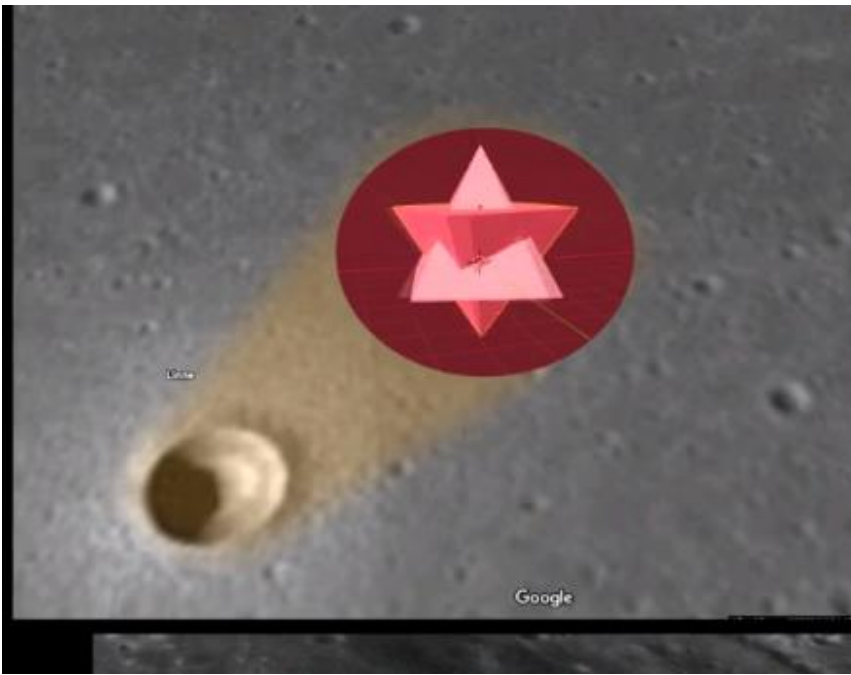

But a parasite whose home was Crater Linne arrived from across the Greater Earth and with high technology installed a Solomon Star 369 energy field to create the 3 rings of Atlantis.

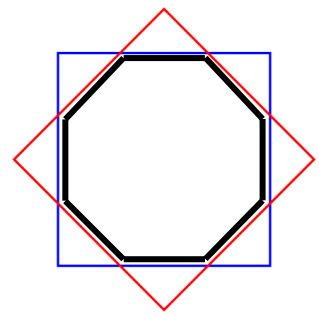

Moon crater 'Linne' is projected in the firmament as the ringed luminaire Saturn and an old painting of an octagonal Jerusalem showing the city having three walls. The rings existing as the three water filled rings of Atlantis but are actual terrain features of crater Linne.

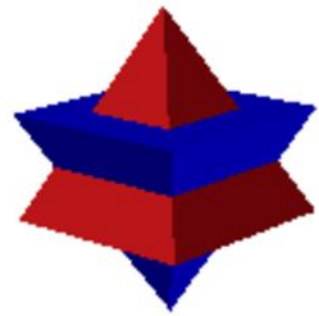

Crater Linne (Atlantis - Saturn) - home to a counter rotating pyramidal electrical energy system (the Star of David) which when viewed from above forms an octagon.

The upper rotating pyramid coloured red, represents the positive female energy of Isis – Queen of the Hive and the Light.

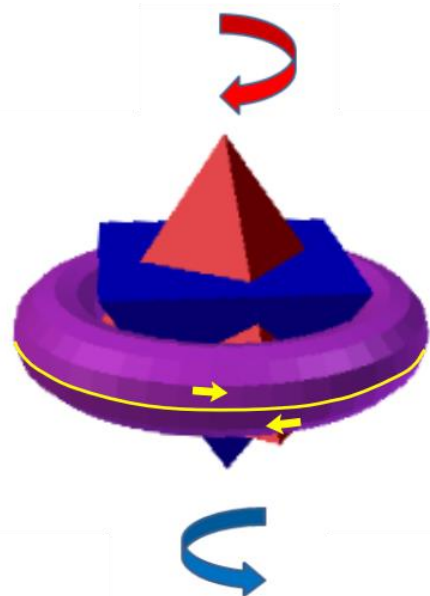

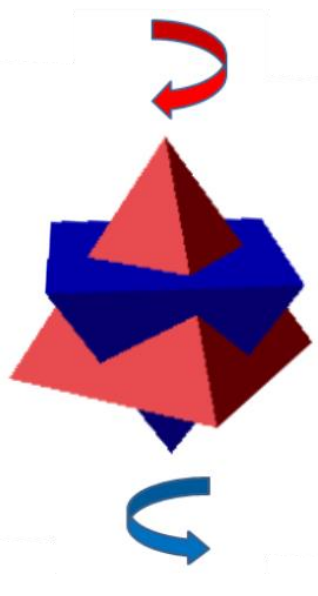

KA + -

The lower counter rotating pyramid coloured blue, represents the negative male energy - the Lord of Darkness and King of the Underworld - Osiris – brother of Isis.

The two counter rotating pyramids create a toroidal energy field that in itself is also counter rotating. This is known as the 'Torus of Ra' which provides the word 'Terra'.

If you knew the magnificence of the three, six and nine, you would have a key to the universe." ~ Nikola Tesla.

"Number 9 is that which underpins The Creation and reveals the Symmetry. By observing that these single digits of the Doubling Sequence repeat every 6 digits: 1-2-4-8-7-5 we plug this into the 9-Point Circle and reveal a Pattern that mirror-images itself. The numbers that are missing in this Binary Code of 1-2-4-8-7-5 are 3-6-9 which is another universe."

~ Excerpt from Jain 108 interview.

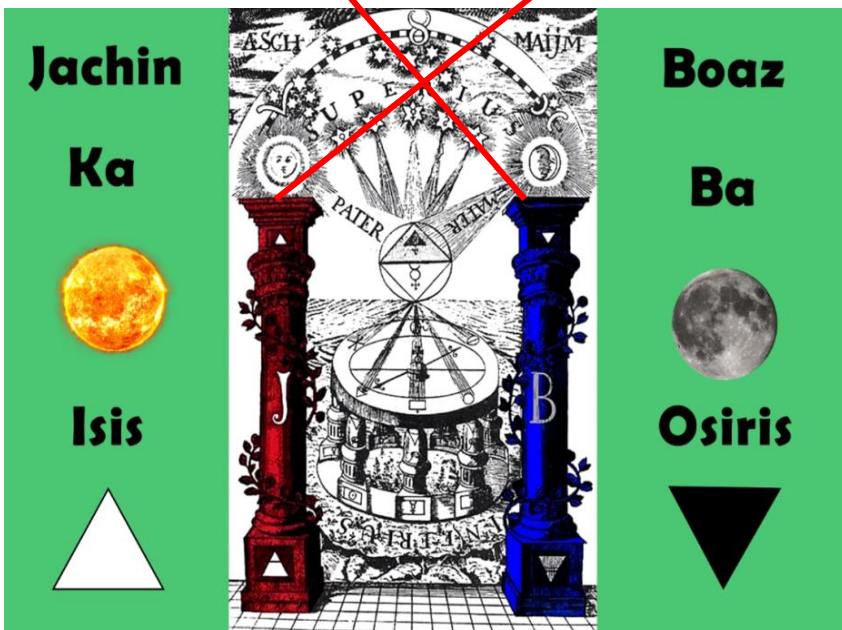

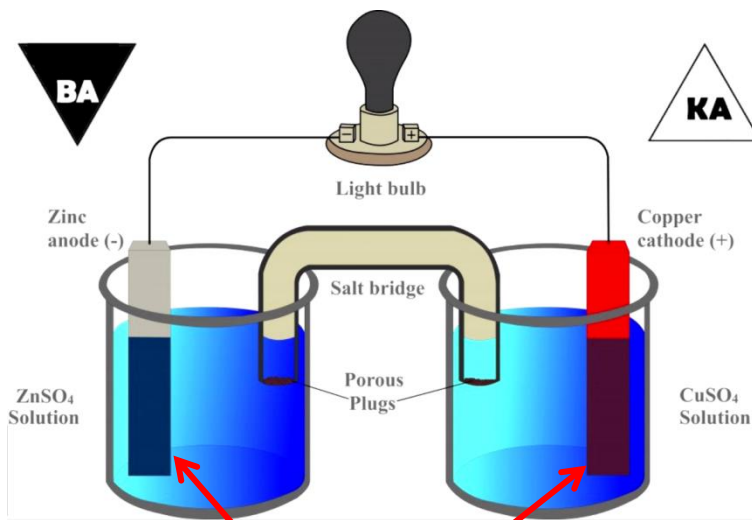

To create an inner dome a second energy field was set up.

On the Hereford map Sodom and Gomorra appear not as cities but as two towers and are positioned on the outer rim of the inner Solomon Star energy field.

First Jerusalem at crater centre

In a voltaic cell matter passes from the negative zinc anode to the positive copper cathode and salt corrosion occurs.

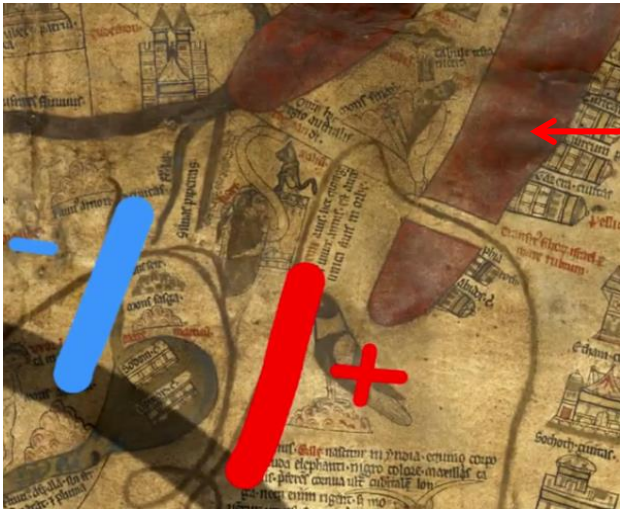

Twin pillars Jachin and Boaz also represent the Pillars of Hercules.

Analysing the words Sodom and Gomorra beginning with dropping the Ra from Gomorra (as it has been added for religious purposes) and attributing the syllable 'om' to metal.

Sod-om equates to Basalt the Ba pillar Boaz and of Zinc.

Gor-om equates to the Ka pillar Jachin and of Copper

The Biblical wife of Lot turned into a pillar of salt and the water turned red by metal pollution

The collapse of the two towers by fire and brimstone being a 'circuit breaker failure' due to corrosive salt build up.

Biblical and Quran narrative attaching alternate metaphors with Sodom and Gomorrah becoming mythical cities.

The story of Noah and the flood a cause of the collapse of the inner energy field, as the consciousness of the Earth and her natural toroidal field repels the parasitic intruder through water saturation.

Noah has been hit several times by the Mandela Effect in the Bible, on example being:- Genesis 7:23 (KJV)

23 And every living **substance** was destroyed which was upon the face of the ground, both man, and cattle, and the creeping things, and the fowl of the heaven; and they were destroyed from the earth: and Noah only remained alive, and they that were with him in the ark.

'Substance' was previously 'creature'.
