*Where there is peace there is culture.
Where there is culture there is peace.
-Nicholas Roerich*

THE BANNER OF PEACE

The Banner of Peace is a key symbol of Galactic Culture. The three red spheres of the Banner of Peace represent the unity of art, science and spirituality. Red is the color of the blood of the one human family. The red circle around the three spheres represents the unity of culture and the cyclic nature of time.

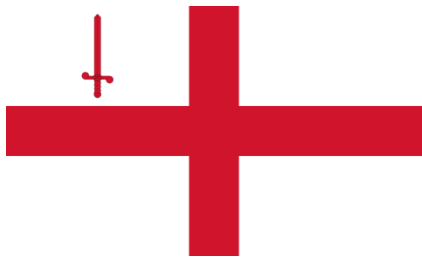

In 1935 in Washington D.C., twenty-two nations signed the Roerich Pact created by Nicholas Roerich to declare Peace through Culture.

1. Three Stars United and Four Dragons

There currently exist three city-states that play a crucial role in the global governmental system we are living under today. Those three city-states (along with the role they serve) are:-

- ★ **City of London** (finance)
- ★ **Washington DC** (military)
- ★ **Vatican City** (religion)

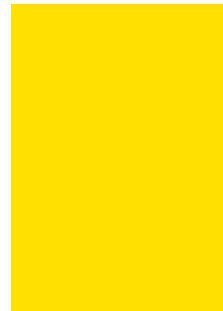

They are sovereign, corporate entities separate to the nations they appear to be a part and have their own laws, identities and flags. Together they control politicians, the courts, educational institutions, food supply, natural resources, foreign policies, economies, media, and the money flow of most nations as well as a majority of the world's entire wealth. The ultimate aim is to build a totalitarian rule on a global scale following a period of enforced depopulation.

City of London

District of Columbia

Vatican City

The three stars of the DC flag represent the trinity of these three city-states
- **‘Empire of the City’** -

Music video series Jupiter Moon builds on the traditional story of King Arthur and the conflict between the White Saxon dragon and the Red Celtic dragon by introducing Chinese and Mayan dragons. Current global political situation is leading towards a conflict between an allegiance of the Red and Chinese dragons against the White dragon that could result in the next step of a mutually agreed depopulation agenda that begun with the Covid-19 pandemic.

The Royal House of Windsor and the Vatican both being identified as the White Dragon.

Global politics currently leading to a conflict between an allegiance of the Chinese and Red Celtic Dragon (represented by Russia) against the White Saxon Dragon.

Introducing Significant Religious Objects (SRO) - Ark of the Covenant, Holy Grail and Caravan of Treasures to world affairs could be done in a manner that empowers both the Mayan and Red Celtic dragon while providing the White dragon with a Saxon kingdom of the Middle Earth.

- ★ **Banco Atlantida** (finance)

- ★ **Hollywood Embassy** (religion)

The awakening of Significant Religious Objects (SRO) brings with it the 'Art of Prophecy', Oculus Dei (eye of god) being a proposed **Governing Counsel and Charity** through which 'new information' can be channelled and then industrialized through the scheme presented below.

TZOLKIN/HARMONIC MODULE

The day you were born on the 13 Moon calendar is coded by your Galactic Signature. Your Galactic Signature is one of the 260 possibilities encoded in the [Tzolkin/Harmonic Module](https://lawoftime.org/decode/).

<https://lawoftime.org/decode/>

The 260 day Tzolkin is divided into 5 castles, each castle housing 4 **'Enchanted Waves'** each Enchanted Wave consisting of 13 persons. $4 \times 13 = 52$ - the same as a deck of playing cards.

As an example my birthdate of 24.10.1969 provides Camaialot identity:-

Jack of Hearts

White Moon Wizard

Castle White Enchanted Wave 5

Madonna of birthdate 16.08.1958 provides Camaialot identity:-

Ten of Clubs

White Cosmic Dog

Castle Blue Enchanted Wave 10

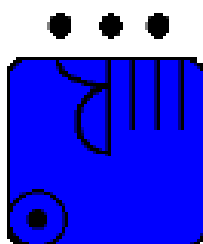

Donald Trump of birthdate 14.06.1946 provides Camaialot identity:-

Three of Diamonds

Blue Electric Hand

Castle Blue Enchanted Wave 9

It takes 52 years for the Mayan Dreamspell Calendar to correlate precisely with the Gregorian 12 month calendar system.

For example my Gregorian birthdate of 24.10.1969 provided galactic signature White Moon Wizard. A 'Calendar Round' is completed 52 years later and the 24.10.2021 is the first time for 52 years that those born on the 24th October share galactic signature White Moon Wizard.

Virgin Hyperloop: incredible video shows how people will ride 700 mph tube

27 Jan 2021

In 2013 Elon Musk published a white paper outlining the transport system of the future being the Hyperloop – mag lev trains travelling at high speed through vacuum tubes.

Founded in 2014, Virgin Hyperloop received investment from the Virgin Group in 2017. It was previously known as Hyperloop One and Virgin Hyperloop One.

In a BBC interview in 2018, then Virgin Hyperloop One boss Rob Lloyd, who has since left the firm, said the speed would in theory enable people to travel between Gatwick and Heathrow airports, 45 miles apart on opposite sides of London, in four minutes.

Virgin's Hyperloop One company has signed a deal with the government of Saudi Arabia to build a test track for its futuristic transport concept.

The hyperloop concept involves a pressurised pod with a vehicle carrying passengers or cargo up to 10 times faster than current rail.

A 35km track will be built, alongside a research and development facility and manufacturing plant, north of Jeddah.

Some remain sceptical that hyperloop travel can become a reality.

Virgin Hyperloop One said the technology could reduce a journey from Riyadh to Jeddah to 76 minutes, compared with more than 10 hours currently.

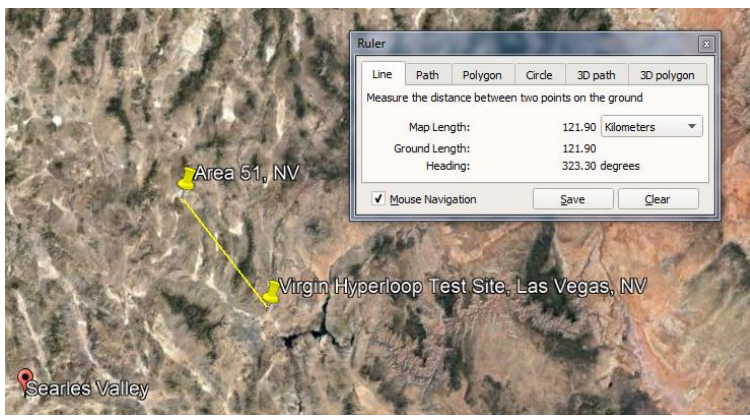

'Saudi Silicon Valley'

"Our partnership with Virgin Hyperloop One is a matter of pride for us and all of Saudi Arabia," said Mohanud A Helal, Secretary General of the Economic City Authority.

He added that he hoped it would be a "catalyst for a Saudi Silicon Valley effect".

The company showed off a pod travelling at over 100km/h (62mph) in a 500m (1,600ft) vacuum tube in Nevada in July 2017.

Meanwhile, Elon Musk has been running an annual competition at his SpaceX headquarters to test the limits of the technology.

The Virgin Hyperloop test facility in north Las Vegas is only 121 km from Area 51 in the Nevada desert.

Elon Musk and Grimes change baby's name: 'Roman numerals look better'

Tech entrepreneur and musician have changed their child's name from X Æ A-12 to X Æ A-Xii, without much explanation

The tech entrepreneur **Elon Musk** and the musician Grimes have changed the unusual and largely unpronounceable name of their firstborn child. But anyone hoping that X Æ A-12 might be replaced by something a little more conventional is going to be disappointed.

In an Instagram post on Sunday, Grimes confirmed that the baby **formerly known as X Æ A-12** would now be known as X Æ A-Xii.

Grimes gave no explanation for the change to using roman numerals, but later responded to a post asking if the alteration was made to comply with a California law that holds only the 26 letters of the alphabet can be used for child names.

"Roman numerals. Looks better tbh," she **wrote**.

Elon the Electric Worldbringer made a cameo appearance in the 2014 movie Transcendence with its philosophical plot as to the advent of A.I. He is caught on camera at a conference as the speaker says – *'While some focus on the still distant dream of a thinking computer, I believe the journey to be more important than the destination. My priority is to use my colleagues accidental insights.....'*. Musk's image is in focus as the words 'My colleagues' are spoken.

UPDATE (5/6): Grimes further explained her son's name via Twitter Tuesday, saying that it contained the unknown variable "X," the elven spelling of "AI," the couple's favorite aircraft (A-12), her favorite song, "Archangel," and a "metal rat."

•X, the unknown variable X
 •Æ, my elven spelling of Ai (love &/or Artificial intelligence)

Middle East

Dubai

The UAE has been Virgin Hyperloop's gateway to the region, primarily due to our shared philosophy of building for the future. A country where government vision is as bold and venturesome as hyperloop's own, and where economic ambitions are closely linked to socio-economic development agendas. At our offices in the UAE we are building the future today, working closely with our partners at DP World and our Chairman Sultan Ahmed Bin Sulayem to bring the promise of hyperloop to the region and to the world.

Hyperloop technology under development in Dubai and close to Area 51 Nevada raises suspicion that these locations are gateways to a technological underworld superior to our technological overworld.

8. Power in Plastic

Video **'The Whore of Babylon or Bob and Rocky – part 1'** introduces the viewer to the fraudulent electric power industry.

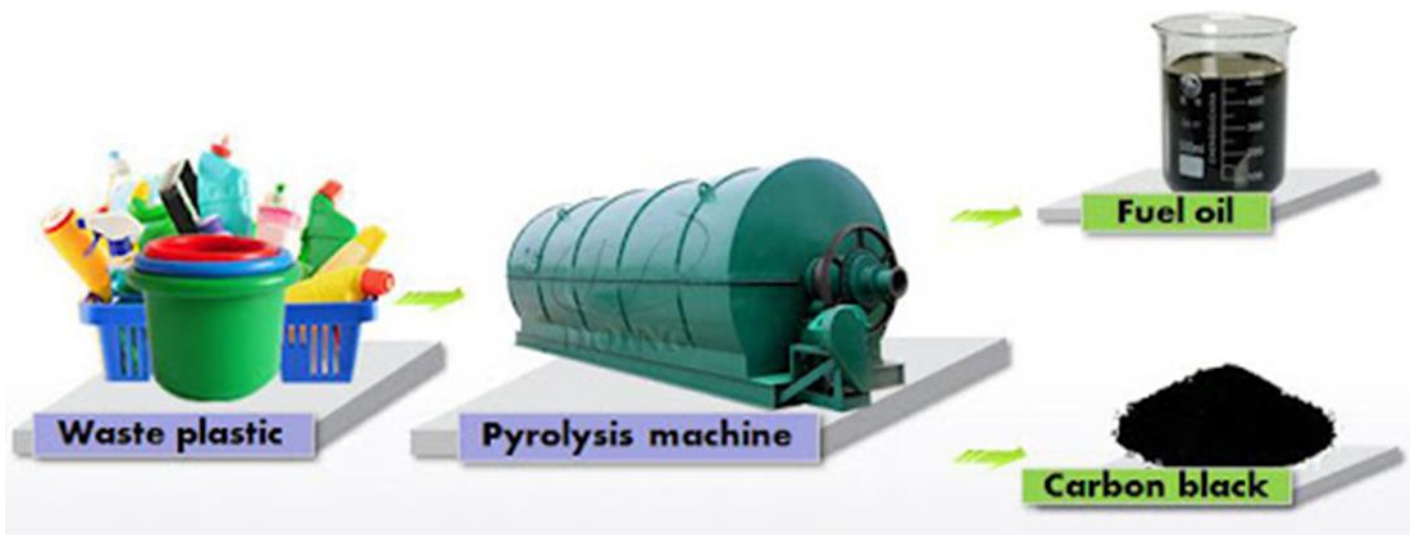

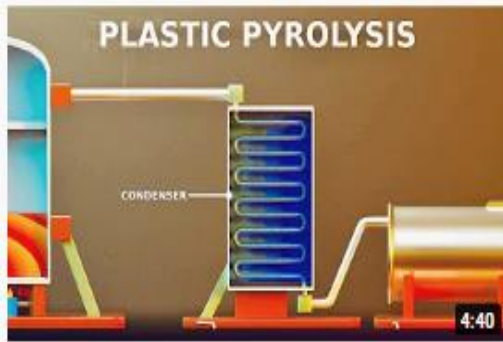

Are costal electrical generation plants using the technology of electrolysis to extract hydrogen from sea water to power turbines but sold to the public as highly expensive nuclear fission driven power plants?

Video **'Pammy's Midway Nightmare Too'** shows the devastation done to a remote Albatross colony by plastic waste in the ocean. Capitalism and an ultimate age of convenience resulting in trips to the seaside becoming plastic salvage operations.

Introducing the Ark of the Covenant and Caravan of Treasures could coincide with putting the plastics industry into reverse. A process known as pyrolysis burns waste plastic in a furnace and the fumes syphoned are condensed into fuel oil.

PlasticEnergy.com is a joint British Spanish company promoting the following vision:

Our Vision

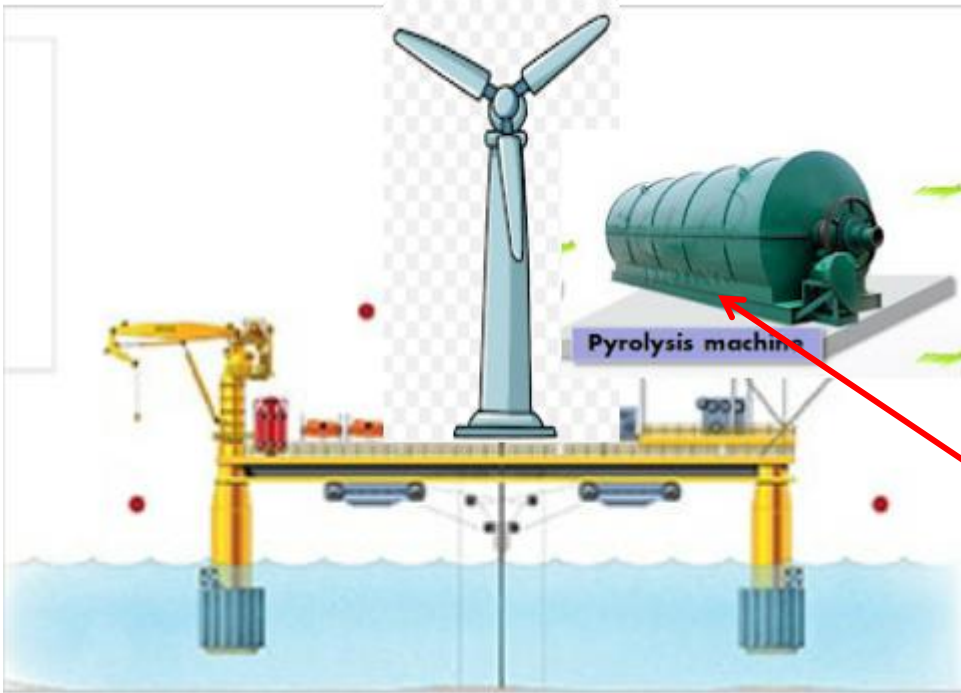

- Creation of a circular economy of plastic (Plastic2Plastic) by diverting plastic waste away from landfills and our oceans
- Reduce the dependence of countries on fossil fuel imports
- Support countries in reaching recycling targets, reduce CO2 footprint, and reach international sustainability goals
- Boost local economies and communities through the creation of new jobs

The Angelic Technological Underground driving the Sun and Moon seemed to commence a 'Great Reset' during 2018 the consequences are going to be rapid climatic changes, storms, tidal waves, glacial shifts etc. The current fossil fuel infrastructure could rapidly collapse, artisanal designs of plastic pyrolysis can be viewed on YouTube.

Development of small scale pyrolysis plants that could fit on the back of a truck or deck of a fishing boat is recommended. Efficiency of the process could be raised for land based plants being powered by discounted electricity, solar power and super capacitor banks. Perhaps in tropical locations the fiery heat of the Sun could be harvested with magnifying lenses using the Sun to combust the waste plastic in a furnace.

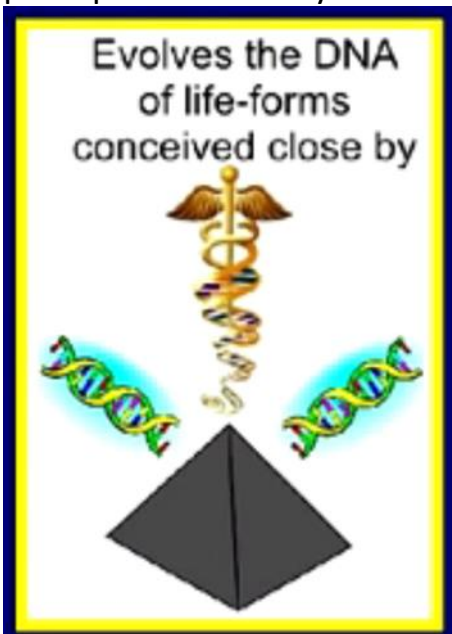

Where oil rigs go to die | Oil | ...

Dis-used oil platforms could be reborn as electrically powered pyrolysis plants utilizing solar and wind generated electricity with super capacitors and electric furnaces to melt the waste plastic.

Fishing trawlers could be converted for plastic harvesting, kitted with small pyrolysis plants – perhaps the Sun's rays could be harvested in tropical locations.

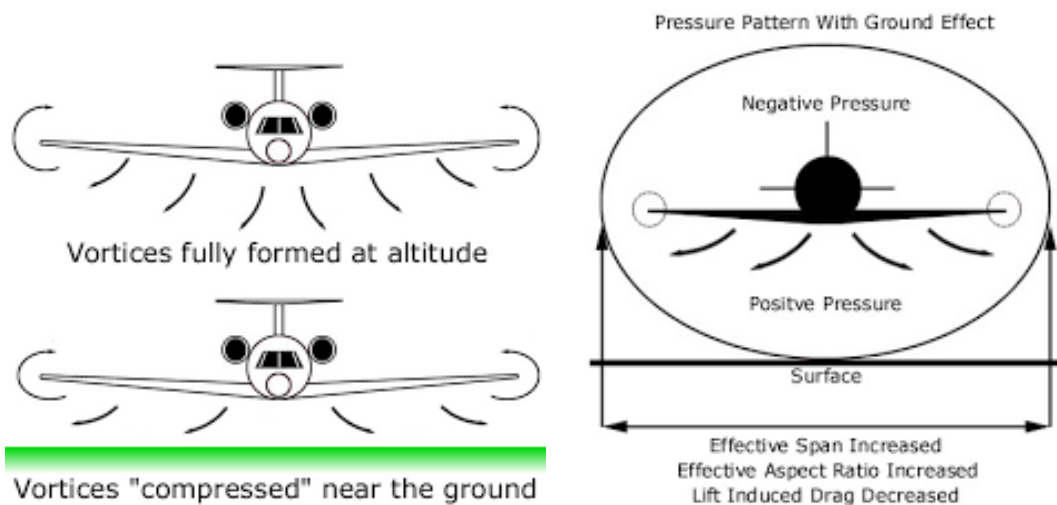

Ark of the Covenant having the power to evolve lifeform DNA – perhaps an ocean based lifeform such as a Plankton or a land base worm could be evolved to digest plastic.

9.Return of the Jedi's Flying Boats

Jabba the Hut's flying sail barge the 'Khetanna' featured in movie 'The Return of the Jedi' – maybe the design utilises 'Ground Effect'.

Ground Effect is the name given to the positive influence on the lifting characteristics of the horizontal surfaces of an aircraft wing when it is close to the ground. This effect is a consequence of the distortion of the airflow below such surfaces attributable to the proximity of the ground.

It is with thanks to employment at Embraer Aerospace, Sao Jose dos Campos, Brazil 2000-2001 with contractors Dynamic Solutions Ltda, Campinas and Hamilton Sundstrand, Connecticut, that a successful archaeological expedition of Ilha Santa Catarina was undertaken 2005.

Today climate change is very much on government agendas and society will need to come to terms with its effect on how we live. Flooding of large areas of populated land is approaching so the need for emergency evacuation, life saving and alternate rapid transport breathes new life into Seaplane projects.

Prior to WW2 Seaplanes ruled transatlantic commercial passenger flight but WW2 provided a rapid increase in concrete runways, so the commercial airlines we have to day took off to dominate. A story told by the failure of the majestic Saunders Roe Princess flying boat.

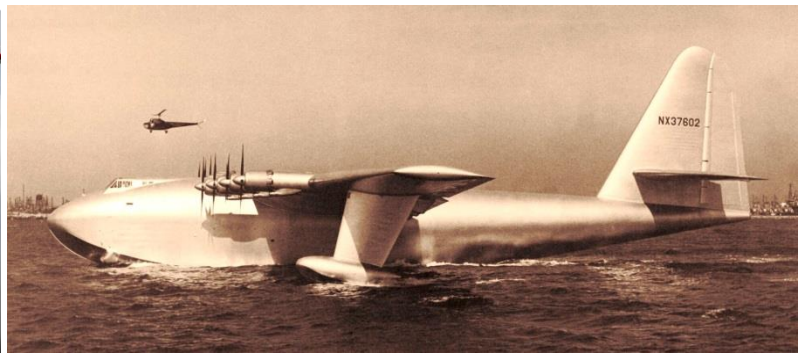

Here are some examples of Seaplanes, modern and old:-

A Canadian seaplane predominately used for fighting forest fires and emergency rescue and a Spanish drone seaplane that can be used to access areas unsafe for humans or deliver supplies to the isolated.

A Singaporean design and the Soviet heavy load carrying Ekranoplan utilising ground effect.

Japan having much expertise with the ShinMaywa US-2, a large short take-off and landing amphibious aircraft and Howard Hughes magnificent folly the Hercules or Spruce Goose.

What we might have witnessed if WW2 had never happened...

Perhaps Embraer could open a project team evaluating design partnerships – the Japanese company ShinMaywa seeming the most viable. I believe ground effect craft such as the Singapore Wigetworks Airfish and drone seaplanes offer the most promising path for investment and development for the aquatic airports of the incoming Age of Aquarius.

The Electric City's culture had convinced farmers that exploiting the soil was the right thing to do...

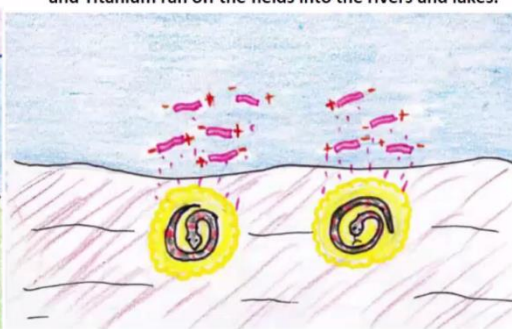

But when it rained fertilizers containing Nitrates, Phosphates and Titanium ran off the fields into the rivers and lakes.

These contaminants encouraged Algae growth on the water surface preventing sunlight reaching other plants which then died. Bacteria broke down the dead plants and used up the oxygen in the water, leaving the rivers and lakes stagnant and lifeless.

When a Star fell upon the Waters, a Cosmic Serpent buried itself in the sludge below the rivers and lakes.

The Serpent seeding a lifeform known as "Wormwood", a worm the size of a Neuron.

1998 my maternal grandfather was sick with colon cancer and I was very dejected with life in England as an engineer. With ambition to start a business communicating engineering projects internationally via the internet, Philip Wigglesworth a friend since childhood and Merchant Seamen accompanied me during February 1998 for a two week holiday in Los Angeles and Las Vegas as I journeyed onto meet my grandfather's younger brother in Australia.

Arriving from London in Los Angeles via Virgin Atlantic on a Thursday we hired a Ford Mustang convertible, accustomed to Friday and Saturday night hanging out in bars and clubs, Philip objected going out on the Friday. The next day, in our Santa Monica motel, I scanned the nightclub listings in a newspaper and selected 'The Castle' nightclub on Santa Monica Boulevard. California the first in the world to ban smoking tobacco from indoor public spaces, sipping a Jack Daniels and Coca Cola and puffing a Camel on the outside patio, I felt a nudge from behind and Fabiana Capel of Sao Paulo practised her English 'You have a fire?'. Returning to London three months later via Australia, Thailand, Malaysia, India and Nepal I arrived back to my Wandsworth apartment to a box of letters from Fabiana and attended maternal grandfathers's funeral. In her letters Fabiana told me to 'Shoot the Moon for love...'

Images from video 'Ice Maidens of Atlantis - Lincoln Fields'. Attempting to address laws of national security with the relevant authorities September 2010, I was sold to Rome for medical experimentation, consequence being brain, eye and gut damage.

Deported to England March 2012, Philip **Kin 53** the same as the proposed Lady of the Lake, lead me to a second hand computer store in the Cathedral City, Peterborough. The laptop purchased commenced an online romance with Yuliya **Kin 77 Red Crystal Earth** from Russia, Yuliya aged 28 was serious about coming to England and I regret very much spending her flight money on purchasing a black Les Paul copy from a guitar shop in Denmark Street, Soho.

December 2012 returning to hometown Huntingdon I walked with the guitar case back to Victoria coach station. Traffic lights were red on The Mall as a police motorcade stopped and I caught a glimpse of Charles and Camilla on the way to Buckingham Palace. I took a selfie in front of the Palace and sent it to Yuliya who would have spread the Russian word as to the discovery of Batraz the Siberian Shaman and his horse's tomb.

The Fisher King: Forgiveness and the Quest for Redemption

The myth of the Fisher King is a fragment of the better-known Grail myth, and Jungian analyst, Robert A. Johnson says it's one of the founding myths of our time. It's about the healing of the wounded feeling function in men, but it also relates to women as they're just as likely to feel alienated from themselves in the modern world. There are many variations of the story, but in simple terms, it goes like this:

A young prince is out and about doing a spot of knight errantry when he comes across a camp where a fire burns. The camp is deserted but **a salmon is roasting on a spit over the fire**. The prince is hungry so he takes some of the salmon and drops it because it's too hot. But some of the fish finds its way into his mouth and it burns him. The wound is so bad that it won't heal. The prince later becomes king and can only find respite from his painful wound when he's fishing.

The wound is to the king's ability to create and relate – the generative function. Other versions of the tale say that somebody returns to the camp and shoots **an arrow through his testicles**, or that he receives a wound to his thigh – both of which make more sense than the idea of being wounded in the generative function via the mouth.

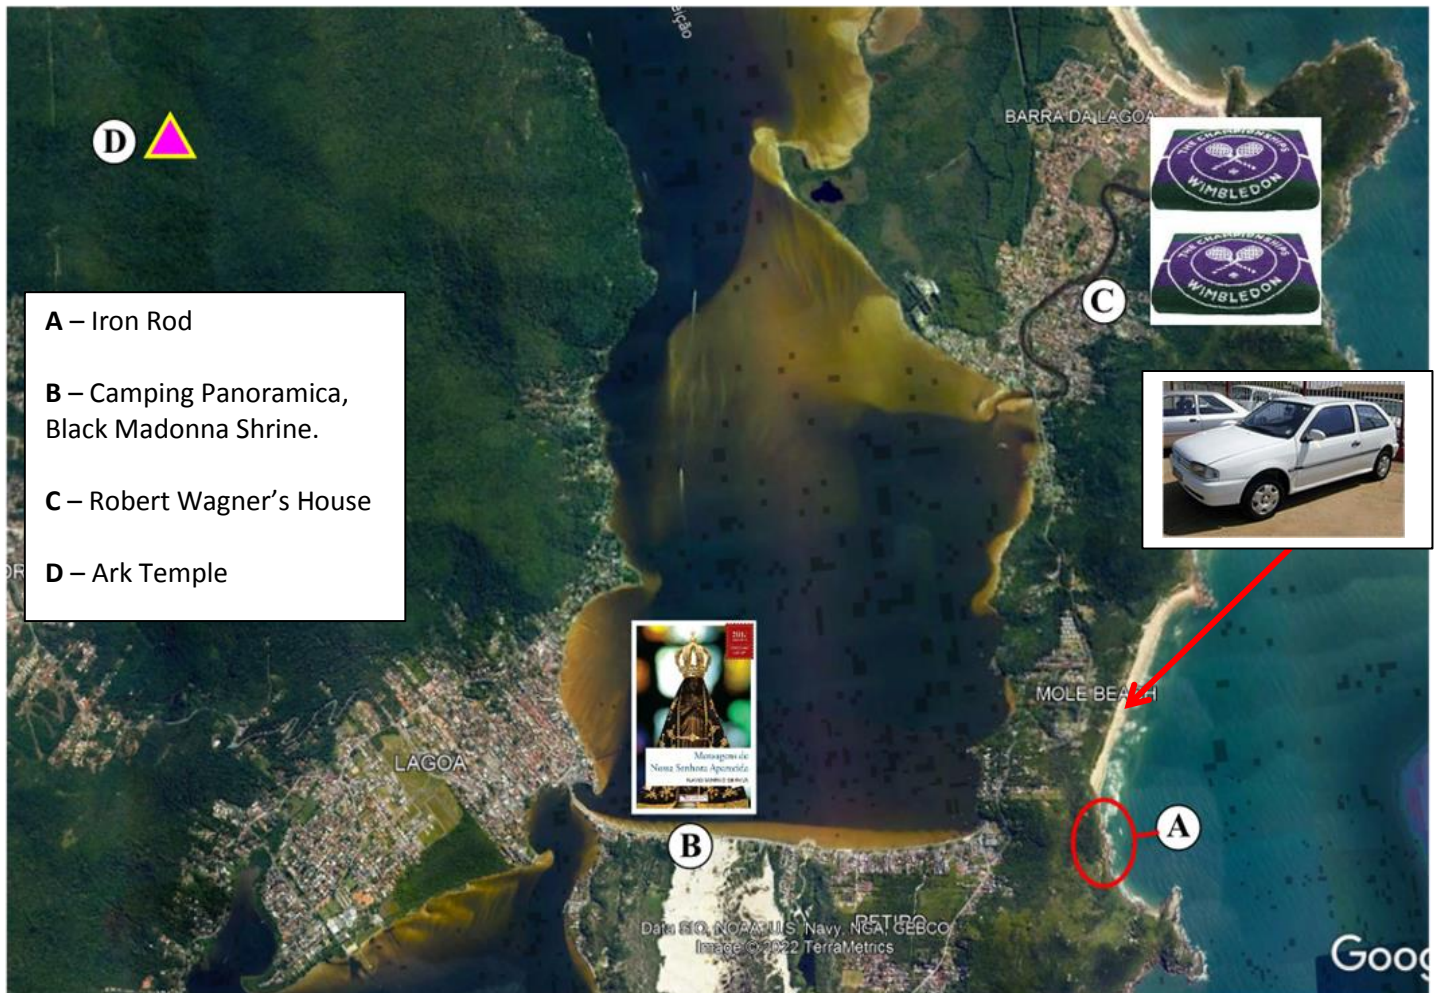

The castle rocked and rove throughout, and all the walls fell crashed and breaking to the earth.

The Legend of the Fisher King

The Fisher King is an immortal king in Arthurian legend. He is the last in a long line charged with keeping the Holy Grail. However, he was **wounded in the groin**, and incapable of performing his tasks himself. He was also unable to father a next generation to carry on after his death. His impotence affected the fertility of his land, reducing it to a barren wasteland. All he could do is fish in the river near his castle and wait for the "chosen one" who would be able to heal him.

The figure of the Fisher King in Arthurian legend is arguably one of the most well-known figures of a guardian in a heroic legend. However, the Fisher King, or at least the concept of the Fisher King, was already an ancient figure even in that time; with qualities which can be traced all the way back to Greek and Babylonian mythology.

October 2004 my VW car was stolen one morning while surfing Praia Mole a month after returning from a South African surf trip, I had been sleeping in her.

One year prior to the theft of live in vehicle from Praia Mole I had gifted Robert Wagner, a local tennis pro' and surf shop vendor, two Wimbledon towels as he would care for my car when I surf tripped away from Ilha Santa Catarina. On vehicle theft I went to stay at Robert's house and he left for New Zealand with his Egyptian/ Brazilian girlfriend. One night's sleep provided this experience October 2004:-

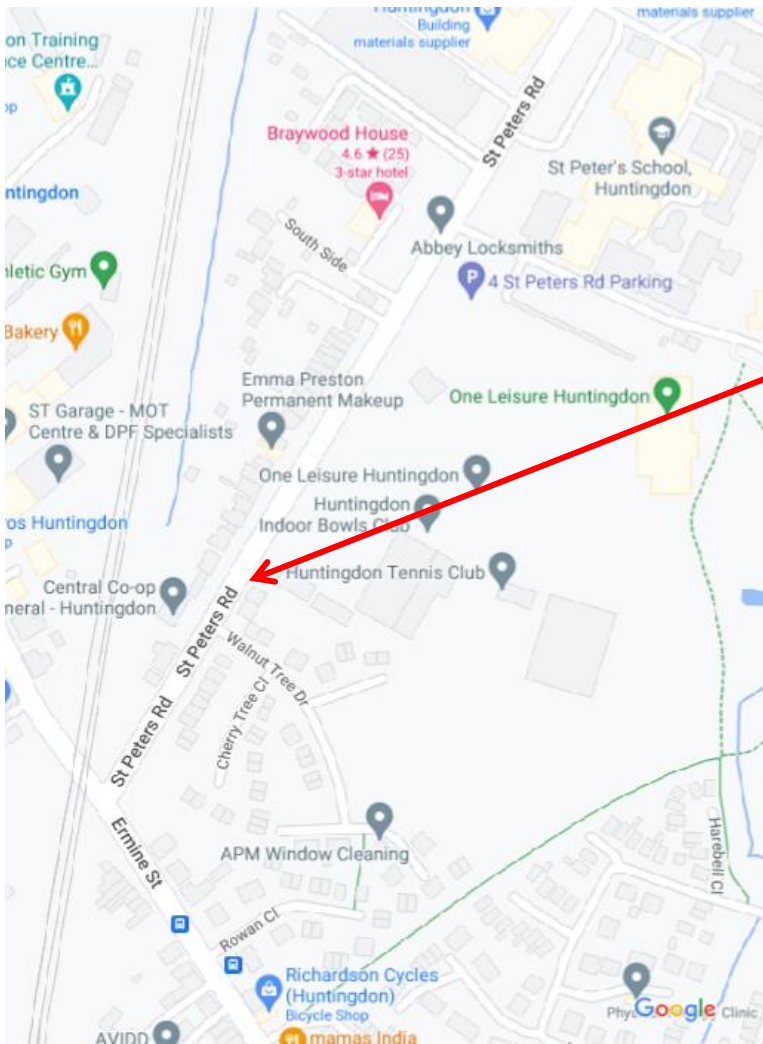

'African Bahia friend Hannah (previously introduced via Fran the teenage Indian) is in a London apartment she running a successful restaurant, wearing new boots – my soul speaks out –

"I'm only with you for your food!"

Returning to the physical world - I am erect and experience an 'internal ejaculation' - as I feel my left side Vas-deferens rupture, semen not being saved it entered my bloodstream... see '**Chapter 11. The Wormwood.**' August 2005 after many enlightening sleeps next to a Black Madonna Shrine and a return surf trip to Chile, I commenced a studios project in Camping Panoramica home to the Black Madonna and begin searching ancient trails in the forested mountain central to Tir-Nan nog. Injured with an Inguinal Hernia, I sense onset of the same paralysis disease that had taken my mother's life three years earlier..

Robert's trip to New Zealand was cut short as he had gone down with Prostrate Cancer, a dream told me it was caused by **eating burnt fish**, a year later he had passed on.

The only Brazilian who accompanied me to the Ark Temple site and act in best interests was Diego who was of similar height and build as me. We met at a local Hare Krishna Temple where the owner taught the Eagle Claw technique of Kung Fu. Diego had studied Kung Fu in China but was hindered with a **hernia injury to his left side groin**, he helped report discoveries to the local army barracks.

Years 2019-2022 I reside through the lock down age in this motorhome, predominately parked in Huntingdon alongside where Saint Peter's Road meets the ancient Roman Ermine Street. Producing video *'The Whore of Babylon or Bob and Rocky'* that features Nigel Farage declaring he only has one testicle.

Excessive coffee drinking resulted in **sharp needle stabbing pains to my right testicle** thus initiating a battle against testicular cancer. Saved by dreams telling me to eat avocado mashed with mango and avoid tinned foods, processed pork and never drink coffee or caffeine tea again! Parked at the location shown a friendly ex footballing neighbour told me had lost a testicle from slipping over in the shower and a not so friendly junkie visitor flashed me his inflamed cancerous testicle after I had persuaded him not to burn my motorhome like they did to the Pikey's in Guy Ritchie's diamond movie *'Snatch'*!

My brain injury worsening due to eating a quantity of butter a neighbouring used car trader provided me with winter accommodation 2021. His birthday (the man I'll refer to as Mr J) provided the same Mayan identity as the far more beautiful Yuliya of Russia, that of **Kin 77 Red Crystal Earth**. Mr J's abode had another secret resident a chocolate coloured Staffordshire Bull Terrier named Rolo.

Rolo the dog is very rarely allowed out of his master's abode and is forced to spend a sensory deprived life sat on the sofa 24/7 in the company of Amazon's Alexa. However, he enjoyed several long adventures off the lead in the woods as I took him squirrel hunting. A natural born hunter killer, Rolo is a dog that stands still and lifts his paw on picking up a scent and hugs my leg lovingly for ever more.

A 2021 Christmas surf trip to Newquay, surf riding raising *'dreaming attention'* and Rolo emotionally distressed as to my distance. Set up a dream experience featuring a sinister large cylindrical doorway to a subterranean tunnel which was being opened from the above and the below, this gateway to hell may be close to the deep Gotthard Tunnel featured in *'Establishing Embassy – Anunnaki Conquest part B' and Chapter 24 - 'The Rising Technological Underworld and Decimal Units'*.

'Rolo the dog was in fearless killer attack mode as from behind the doorway emerged fibre optic cable clusters having consciousness, accompanied with what best be described as Glen A. Larson killer robots, the shiny chrome Cylons, together with 4 foot high James Cameron red eyed Terminators!'

CERN Gotthard Ritual

CERN Gotthard Ritual

Baphomet / Angel of Death archetype with androgynous features (male breasts).

The horned god appears in the black void. The underworld is unleashed.

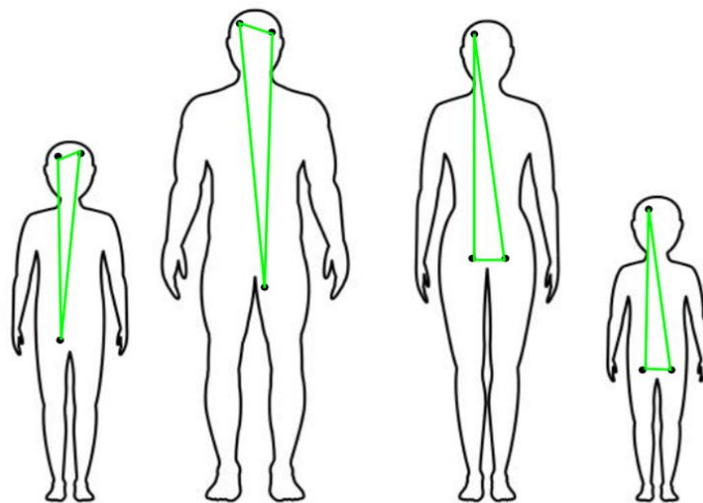

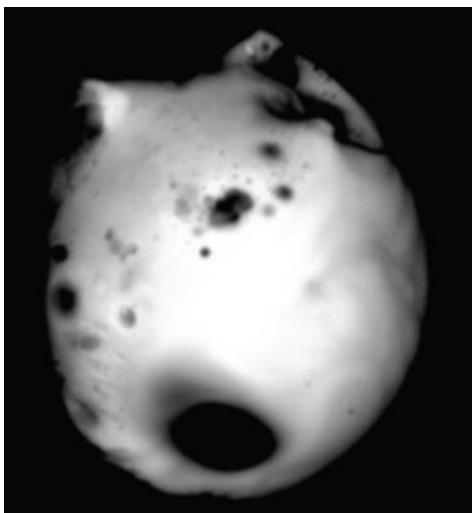

I woke up and understood Sarah Conner's need for a canine companion and Tir Na Nog's need for a Temple Guard Dog.

September 2022 'Mr J' had for sale a Diamond White Convertible Ford Escort. Purchasing the new asset of Banco Atlantida I gave the vehicle some tender loving care, unfortunately Mr J fell to envy and removed a piece of trim from my new love, distressing me very much I re-located to my childhood village Brampton.

Finding accommodation in Newquay Cornwall for the winter of 2022 on returning to Brampton to collect the White Diamond parked on Miller Way where I had delivered newspapers as a teenager. I found the passenger window smashed, the log book stolen and a smell of piss emanating from the passenger seat.

Earlier in the year Rolo's master 'Mr J' had begun to visit the doctor with a **pain to his testicle** and I warned him that it might be a consequence of receiving Covid-19 vaccine. He had perhaps fallen victim to a lipid capsid of graphene oxide nanotech, coated with proteins to target the reproductive organs, he already having seven children the graphene oxide lodged in his ball.

A nano-structured lipid capsid tailored to embed itself in the testes or ovaries and a 'Triple Jabbed' family bubble with optimally located graphene oxide implants. Facilitating A.I.'s identification of individuals; their location monitoring and also sterilisation via radio mast triangulation and EMF radiation, see *Chapter 3 of 'Establishing Embassy – Anunnaki Conquest part A'*

Down through the ages dog breeds have evolved alongside man to suit his needs, we may be witness here to a new stage in lifeform evolution.

NANOBOTS no time to die TRUTH IN PLAIN SIGHT James Bond 007

The 25th James Bond film ends with Bond's death a consequence of Nanobot technology.

The Diamond White Escort was manufactured in 1986, Philip Wigglesworth and I are graduates of the class of 1986, our school year entrance commencing with birthdays on the 1st September 1969 which by coincidence matched the start of a new 260 day Tzolkin cycle and Kin 1 Red Magnetic Dragon.

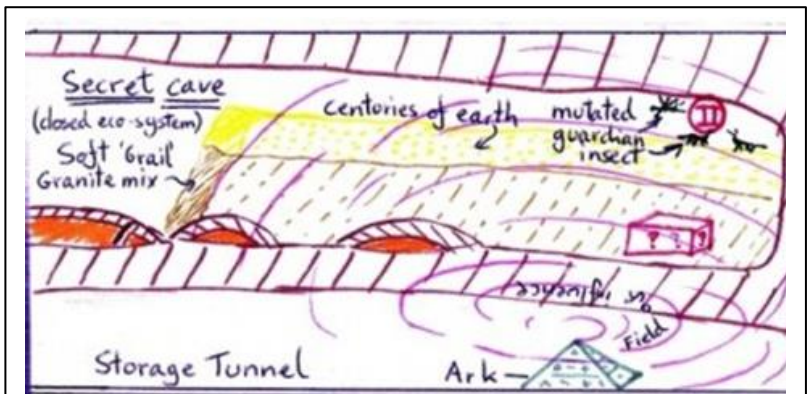

From 1982 to 1986 before school I delivered newspapers in Brampton Village, my round taking me from the High Street to Miller Way. Teenage purchases consisted of fishing tackle, Sinclair ZX Spectrum computer games, a BMX bike and at the age of 16 for £250 a MK1 Diamond White Ford Escort purchased from my elder brother.

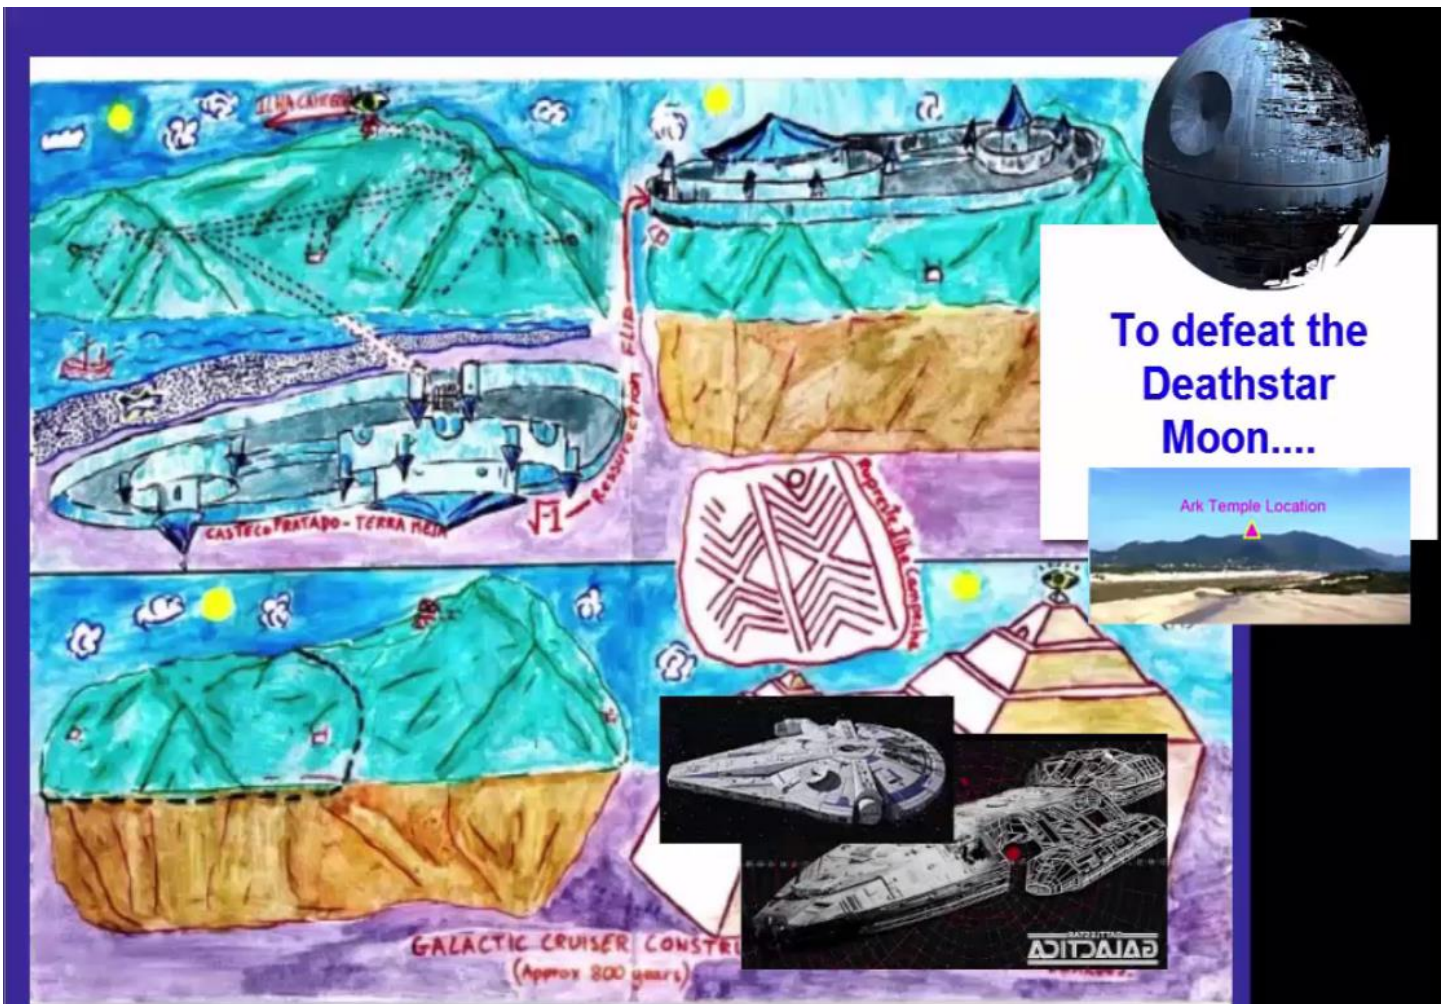

This Escort nicknamed Eddy and together with a quadrophonic sound system it's most enjoyable use in 1987 was taking 3 friends to local discos. One of these friends named **Mark** was born on the 1st September 1969 and is **Kin 1 Red Magnetic Dragon**. Mark is also of similar height and build as me and on showing him the 1986 Diamond White Escort in October 2022 he told me that he is injured with a **hernia to his groin** picked up while football refereeing. Mark, having the same injury as Kung Fu Diego who visited Ark Temple Site with me, spent 17 years employed as a teacher on St. Peters Road, Huntingdon...

The haunted Cambs road where a murdered nun 'jumps out' at drivers

The area has a dark and sinister past

NEWS By Alex Jones

Hinchingsbrooke House is one of Cambridgeshire's most iconic buildings and steeped in history.

But it also holds a dark and sinister past, one of love and violence.

Now part of Hinchingsbrooke School's sixth form college, the history of the building is responsible for one of the county's spookiest ghost stories - the murdered nun that jumps out at drivers.

The history of Hinchingsbrooke House

The building originated as an 11th-century Benedictine convent. Legend goes that a nun, who once lived in Hinchingsbrooke House, had a secret love affair with a monk. But once the relationship was discovered, they were both executed.

Now the surrounding area is said to be haunted by the nun's spirit.

The nearby bridge over Alconbury Brook, called 'Nun's Bridge', is supposedly haunted by a nun, believed to be the same one that was murdered following her love affair.

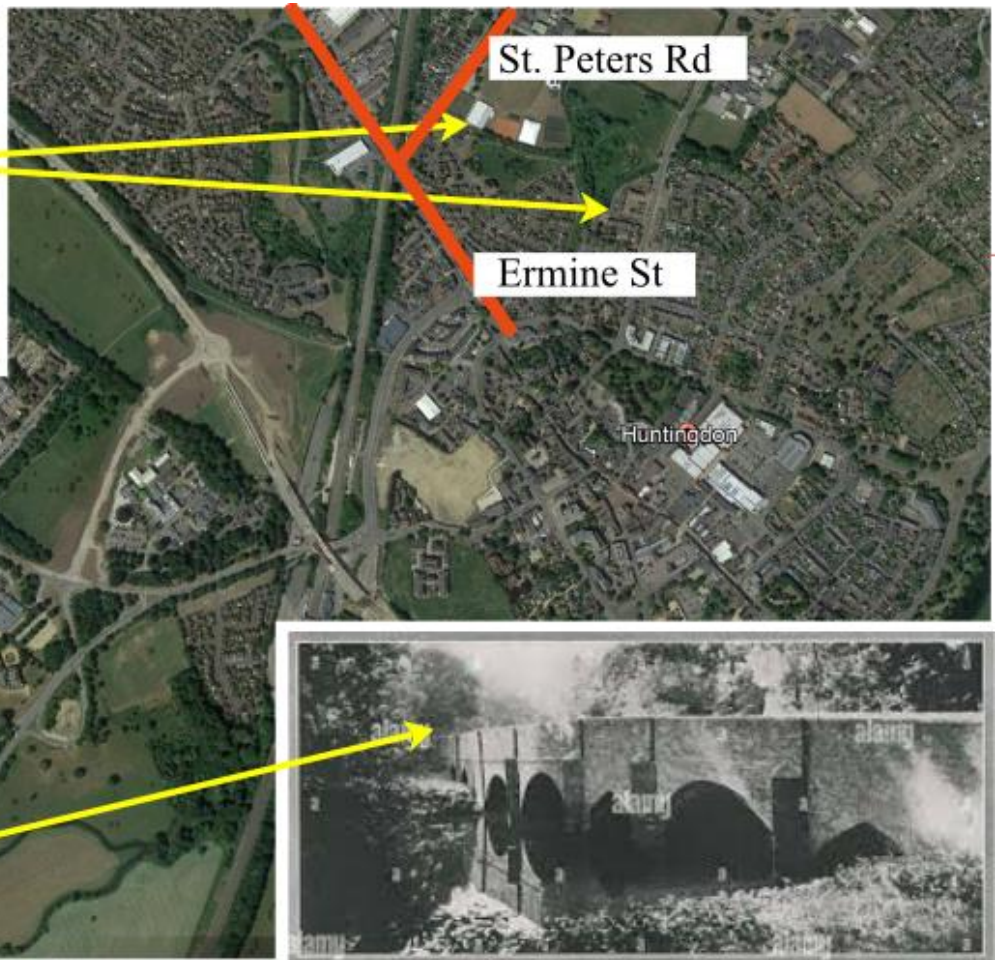

She steps out in front of oncoming cars, causing them to swerve out of the way.

Some have reported that the nun was accompanied by a ghost which resembles a nurse, whilst others claim to have seen three ghostly crashed cars that silently burn at night. Sightings were first reported by a couple in 1965, but subsequent reports have arisen since then.

The skeletons under the staircase

But whilst many are still dubious to the legitimacy of ghosts, the findings within Hinchingsbrooke House itself are much harder to deny.

The skeletons of a man and a woman were discovered under a staircase in the house, believed to be from 994-1050AD. The female's skeleton showed signs of being pregnant, so many believe that they are the remains of the nun and the monk who had the aforementioned love affair.

Nun's Bridge spans the Alconbury brook at the foot of the grounds of Hinchingbrooke House and School, while sleeping in motorhome parked at the two locations shown I was frequented by the Nun's bridge ghost several times. This due to taking bicycle rides to Grafham Water via childhood village of Brampton and on return stopping and resting at Nun's Bridge.

The ghostly apparitions experienced were of 'she' (I named Aubrey), firstly passing through motorhome with my being kept rigid in sleep, I clap hands 3 times and say 'Be Gone!'. On her return I got a glimpse of Aubrey and she appeared similar to the image below, as mother and unborn child passed through my motorhome.

Then followed dreamed experience of two decapitated heads hanging from the trees next to the bridge, learning Aubrey and her lover had been decapitated for a pregnancy at a Benedictine Nunnery, maybe conceived in an orchard.

I saw a stagecoach crash and a burning car in field where now is a gravel pit lake.

Studying the works of Jimmy Hendrix, Aubrey told me it was 'The Devil's music...'. I then saw myself as a gigantic voodoo doll prostrated along the Ouse valley of Huntingdon and experienced sharp jabbing pains in right testicle – cured with avocado and mango.

There is a willow tree beside the bridge in position shown by yellow arrow, I learnt that Aubrey resides underneath the bridges arch and communes with water nymphs of Alconbury brook

Later visitations were accompanied by freezing cold air, visions culminating with Aubrey incorporating childhood friend of Brampton Gary Comer and the mass resurrection of local graves in the form of 'wicker men' as I'm told 'You don't respect the dead!' – my question in response 'Is that just me or society in general?'

Googling the name Aubrey = 'Derived from the Old High German title Alberich, the name means Elf Ruler'
