46. Morloch the Bull and Birmingham's Commonwealth of Saturn's Games

July 28th 2022 and the opening ceremony of the City of Birmingham's Commonwealth Games featured a CGI sequence of a star exploding beyond the rings of Saturn.

The star, representing Lucifer falling to Earth as 72 crystal shards landed in the 72 nations of the Commonwealth.

Each shard retrieved by a new age dreamer who pray to their crystal and are then levitated in their homes to the Alexander stadium in Birmingham having a Tower of Babel centre piece.

Each dreamer exiting their home in the stadium holding aloft their crystal shard.

A ten metre high mechanical bull towed by enslaved women driven by a Romanesque master is brought into the stadium and set free, the women's chains being broken.

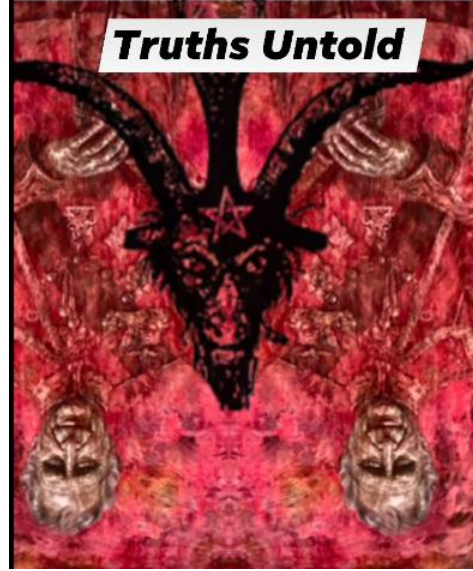

The bull charges into the arena and is tamed not to kill by the featured dreamer named Stella who rides it taking on the role of Babalon the biblical harlot of Revelation 17, as the 71 others encircle the bull and commence worship of the mechanical beast.

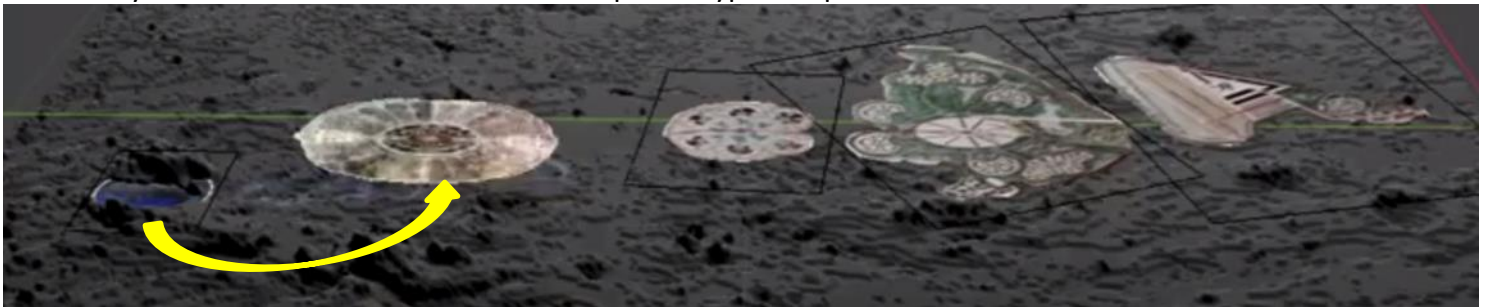

The 71 dreamers enter the Tower of Babel with their shards and the star of Lucifer is reconstituted at the top of the tower, as the bull surrounded by the flags of the Commonwealth rises up with a beam of light emanating from its chest to the star.

Overseeing the ceremony is Prince Charles who at the finale receives a scroll from Queen Elizabeth II via a delivered torch shaped baton which he reads aloud blessing the event.

8th September – 42 days or 1 month 11 days later – Queen Elizabeth's death is announced, her fake funeral procession commencing in Scotland on September 11th, as she is re-united with the Duke of Edinburgh in EPCOT beyond our Crater Realm via Denver Airport's hyper-loop...

The 2022 Commonwealth Games in Birmingham, England featured 72 teams from 56 countries, including 54 Commonwealth of Nations countries and 18 territories. Some dependent states compete under their own flags, and the four Home Nations of the United Kingdom (England, Scotland, Wales, and Northern Ireland) also send separate teams.

Stella rides the bull as the Whore of Babylon as the remaining 71 nations surround the bull in worship. At the Feast of the Tabernacle every year Israel would sacrifice 70 bulls, Rabbi's historically interpret this as the 70 nations that came out from the scattering of the tower of Babel. The games ceremony extra 1 could be interpreted as the state of Israel giving up their god and bowing to the worship of Lucifer, reviving a Babylonian Empire.

Why is Birmingham called the Bull Ring?

Toponym. The area was first known as Corn Cheaping, a reference to the corn market on the site. **The name Bull Ring referred to the green within Corn Cheaping that was used for bull-baiting.** The 'ring' was a hoop of iron in Corn Cheaping to which bulls were tied for baiting before slaughter.

Is Moloch a bull?

Since the medieval period, **Moloch has often been portrayed as a bull-headed idol with outstretched hands over a fire;** this depiction takes the brief mentions of Moloch in the Bible and combines them with various sources, including ancient accounts of Carthaginian child sacrifice and the legend of the Minotaur.

Who was Moloch in the Bible?

Moloch, **a Canaanite deity associated in biblical sources with the practice of child sacrifice.** The name derives from combining the consonants of the Hebrew melech ("king") with the vowels of boshet ("shame"), the latter often being used in the Old Testament as a variant name for the popular god Baal ("Lord"). 31 Jul 2024

47. Donald's Assassin's Creed

On Saturday 13th July 2024 at 11:11 pm British Summer Time an attempted assassination of Donald Trump occurred at an open air rally in Pennsylvania, 13 days later on the 26th July the Paris Olympics opening ceremony starred a roof hopping torch bearer. Was he playing the role of a 'Hashashin' enemy of the Knight's Templar?

They are using symbolic language to get permission to continue advancing their agenda. If the population doesn't react, they take it as authorization. Was the supposed indirect homage to Assassins Creed at the opening of the Olympics a symbolic request for authorization, representing the Hashashins? The elite use symbolic elements to advance their agenda, and they do so whenever the public doesn't react to predictive programming.

The torch, of course, the Olympic torch, is the torch of Prometheus, the God who stole fire for the service of man.

Prometheus (meaning "Premeditation")

The Order of the Assassins was a 10th century sect founded by Hassan ibn Sabbah, known by the nickname "Old Man of the Mountain". The sect is a current of Islamic esotericism that falls within the Shiite variant and is considered the first Muslim terrorist group. The Assassins originated even before the First Crusade, around 1080. Are they announcing a Hashashins-style Islamic takeover of Europe through infiltration and ninja tactics of silent assassinations? Let the games begin!

As the shooting occurred an unidentified figure in line of fire is seen on top of a water tower.

Alexander Soros, son of far-left businessman George Soros, shared on his X profile (formerly Twitter) a post from the far-left group The Atlantic showing a bullet hole and six bills totaling \$47. The amount is both interesting and shocking since it coincides with the number of the next President of the United States. The polls predict that person will be Donald Trump.

The day before the failed assassination attempt a 120,000 put option was placed by Austin Private Wealth on Trump's stock market listed Trump Media & Technology Group, which would have returned a massive profit if Trump's stock price had fallen. Following the failed attempt the put option mysteriously disappeared....

To make things even more interesting, my source tipped me off with the following two images from their Bloomberg terminal.

The screenshot on the left shows the Put by Austin Private Wealth LLC, that was taken earlier this morning. It shows the 120,000 puts.

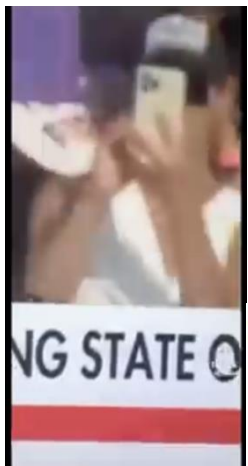

As you can see their position is by far the largest, the next closest is Citadel Advisors with 16,770.

Here is where it gets interesting, the screenshot to the right was taken later in the day and poof, Austin Private Wealth LLC is nowhere to be found. Why?
